Seduced Nelson George, 1996 Derek Harper is an r b junkie whose desire since childhood has been to be a successful songwriter in the tradition of his idol Curtis Mayfield Indeed music frees Derek from the protective cocoon that his enigmatic father an undertaker and his devout mother created for him in their black middle class Queens neighborhood Derek s ambitions take him away from the comfortable predictability of his life to a tiny Times Square apartment in Manhattan There he encounters the guts of the music industry in the 1980s frustrated gospel singers nefarious record producers captivating vocal divas the cultural stripmining of jingle writing rebellious rap groups and record company executives in Atlanta L A and New York The seduction of women music and flash take Derek around the country with only his parents to act as his conscience his mother admonishes against his irresponsible lifestyle Yet it is his father s attitude that is more troubling to Derek In the wake of their neighborhood s steady deterioration his bitter pragmatism shocks Derek into maturity His odyssey comes full circle when Derek gets what he thought he wanted from life and maybe even more Using his own lyrics songs of the times and colorful anecdotes George shows us how the threads of love both romantic and familial weave into the work of an artist and into building a young black man s life BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Encyclopedia of African-American Literature* Wilfred D. An Annotated Bibliography and Reference List of Musical Fiction Kellie D. Brown, 2005 Since the earliest civilizations, a connection has existed between music and the literary arts. From the Old Testament and ancient Greek poets to the great operatic masterpieces of the nineteenth century, music and words have forged an inseparable bond. This relationship is not only seen in musical genres but in a prolific output of novels for adults and children that contain musical themes, characters, and/or settings. This book is the result of many years of research into fiction that has this musical connection. Focusing on novels mainly from the twentieth century, this volume contains an extensive annotated list featuring works for adult, young adult, and juvenile audiences and also represents a wide range of musical genre from classical to jazz to rap. Following the annotations, this book provides a comprehensive listing of all titles sorted by reading level and by musical genres to assist librarians, educators, and readers in finding the precise book for a given need or interest.

David Macey, 2005 Designed to meet the needs of high school students, undergraduates, and general readers, this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present. Other works include many brief entries or offer extended biographical sketches of a limited selection of writers. This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics. While most of the entries are on individual authors, the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked and the social, political, and aesthetic movements in which they have participated. Thus, the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing.
