

A romantic close-up of a man and a woman about to kiss. The man is on the left, shirtless, with a beard and his eyes closed. The woman is on the right, with blonde hair, also with her eyes closed. They are in a very intimate pose, almost touching lips. The background is a soft, out-of-focus light, suggesting a bright, sunny day.

Doris G. Bargen, Murasaki Shikibu, 1997-01-01 This text presents an examination of Murasaki Shikibu's 11th century classic The Tale of Genji The author explores the role of possessing spirits from a female viewpoint and considers how the male protagonist is central to determining the role of these spirits Cordelia Lionheart Ron Fritsch, 2018-11-14 Cordelia Lionheart is the true story of King Lear's youngest daughter As Cordelia's sisters and the oppressive lords they support maneuver to depose her father Cordelia and her childhood friend Gerd ally themselves with the farmers servants and other working people In this coming of age alternate history medieval tale Cordelia must find a way to bring about the new Britain her comrades are prepared to fight and die for **Writing Love** Katharine Ann Jensen, 1995 In this compelling new addition to Sandra M. Gilbert's Ad Feminam Women and Literature series Katharine Ann Jensen examines the cultural form of the love letter and its intersection with the novel in the works of seventeenth and eighteenth century French women writers

Traditionally French literary history has focused on eighteenth century male writers Rousseau and Laclos as the master artists of the epistolary novel That emphasis on one century one gender and one epistolary form the novel obscures the history of women's writing in France In the seventeenth century the love letter was viewed as a feminine literary form in which a woman's passionate and emotional nature found its logical expression Such emotional writing was criticized for its structural and grammatical imperfections rendering it in the eyes of men invalid as true literary material However men often wrote under female pseudonyms composing letters of seduction and betrayal that were published as true accounts Jensen contends that men disguised their words as women's words because writing as women allowed them to experiment with narrative fiction at a time when men's writing was rigidly defined by classical rhetoric She further argues that men were able to moderate women's linguistic strengths by limiting their epistolary expertise to a social rather than literary practice

thereby maintaining literature as an almost exclusively male province Jensen argues for a tradition of women's writing by examining both the love letters and novels of such writers as Desjardins Ferrand Graffigny Riccoboni and Lespinasse In her novel *Les D sordres de l amour* Desjardins Madame de Villedieu creates an ambitious letter writing heroine Through an analysis of the textual similarities between the heroine's letters and Desjardins's personal love letters to her unfaithful lover Jensen concludes that Desjardins rewrites her own unfortunate epistolary relationship Jensen draws similar conclusions from an examination of the personal letters of Ferrand in relation to her novel *Histoire des amours de Cl ante et de B lise* In order to chart the legacy of seventeenth century feminine epistolarity Jensen goes on to consider the works of eighteenth century French women writers Like Desjardins's novel Graffigny's *Lettres d une P ruvienne* and Riccoboni's *Lettres de Mistress Fanni Butlerd* present letter writing heroines who overturn the conventions of seduction and betrayal in order to claim their independence and desire to write This desire correlates to Graffigny's and Riccoboni's own writing ambitions thereby asserting the ability of women to write self consciously rather than emotionally and to create narrative fiction rather than cyclical letters of love and suffering Jensen demonstrates that these assertions constitute a significant break with seventeenth century ideas about feminine letter writing that inextricably bind women to a supposedly natural language of sexual and literary disempowerment This important and insightful book will prove a valuable addition to the libraries of scholars in French seventeenth and eighteenth century studies feminist studies epistolary fiction and novel and narrative studies

**French Women Authors** Kelsey L. Haskett, Holly Faith Nelson, 2012-10-25 *French Women Authors* examines the importance afforded the spiritual in the lives and works of French women authors over the centuries thereby highlighting both the significance of spiritually informed writings in French literature in general as well as the specific contribution made by women writers Eleven different authors have been selected for this collection representing major literary periods from the medieval to the post modern Each author is examined in the light of a Christian worldview creating an approach which both validates and interrogates the spiritual dimension of the works under consideration At the same time the book as a whole presents a broad perspective on French women writers showing how they reflect or stand in opposition to their times The chronological order of the chapters reveals an evolution in the modes of spirituality expressed by these authors and in the role of spiritual belief or religion in French society over time From the overwhelmingly Christian culture of the Middle Ages and pre Enlightenment France to the wide diversity prevalent in post modern times including the rise of Islam within French borders a radical shift has permeated French society a shift that is reflected in the writers chosen for this book Moreover the sensitivity of women writers to the individual side of spiritual life in contrast with the practices of organized religion also emerges as a major trend in this book with women often being seen as a voice for social and religious change or for a more meaningful personal faith Lastly despite a blatant rejection of God and religion spiritual threads still run through the works of one of France's most celebrated contemporary writers Marguerite Duras whose cry for an absolute in the midst of a

spiritual vacuum only reiterates the quest for transcendence or for some form of spiritual expression as voiced in the works of her female predecessors and contemporaries in France and as demonstrated in this book Published by University of Delaware Press Distributed worldwide by Rutgers University Press
