 Gerald Durrell,2017-02-21 A famed zookeeper reflects on his lifelong love of animals and his decision to build them a home in
 this memoir by the author of the Corfu Trilogy The first word Gerald Durrell could say with any clarity was zoo Animals were
 his passion His early years in India were full of routine visits to the local zoo and if his nursemaid attempted to deviate from
 this routine the result was usually a tantrum Years later when Durrell decided to set up the Jersey Wildlife Preservation Trust
 which would later become the Durrell Wildlife Conservation Trust he didn't want it to be like other zoos He didn't want a
 place where animals were simply imprisoned where parents reluctantly brought their children to get sick on ice cream More
 than a place for entertainment Durrell's zoo needed to be a place for education research and conservation But achieving his
 goal would force him to question if wild animals really did belong in the care of humans The Stationary Ark is an entertaining
 and thoughtful look at a career in zookeeping from the man who inspired acclaimed Masterpiece production The Durrells in
 Corfu which aired on public television This ebook features an illustrated biography of Gerald Durrell including rare photos
