Mission by the People Dr. Alexander C. Forsyth,2017-08-29 How is Christianity to express itself in the public forum within Western nations This book seeks answers through a historical retrieval of the dynamic mission in post war Scotland of Tom Allan and his contemporaries the Iona Community the Gorbals Group Ministry inspired by the East Harlem Protestant Parish and Robert Mackie Ian Fraser and Scottish Churches House Allan s missiology focused upon the apostolate of the laity allowing ordinary people to express their faith in word and deed in a full contextualization of Christianity to seek a missionary parish of constant witness and service The book examines his work in parish ministry nationally as leader of the Tell Scotland Movement and internationally with the WCC and the rich sources and context of his missiology Key questions are asked about tensions caused by the role of the church and the effect of the Billy Graham All Scotland Crusade which Allan instigated on the rapid decline in Christian adherence from the late fifties His work is placed alongside his contemporaries who took bold steps beyond those of Allan to relocate faith to the rhythms of the streets Utilizing present day missiology as a lens their inspiration leads to derivations and principles offered as guideposts for Christian mission now

Radical Christian Communities Thomas P. Pfaff,2004-11-04 Publisher Description      **Spiritual Autobiography of Charles of Foucauld** Charles de Foucauld,1964

*God Will Provide* Patricia Treece,2011-11-01 A specialist in human goodness divine providence and recent saints Patricia Treece offers the fruits of years of research on how God meets the financial needs in varying ways or his people Mother Teresa of Calcutta for instance refused to let anyone raise money in her name insisting if God wanted something done through her he d send the money Other friends of God did seek donations and got them in amazing ways In this lively book she offers copious examples of miracles answered prayers and nine universal principles to live by so you can join those who know in good times or bad God will provide      **Stumbling Toward Justice** Lee Hoinacki,2010-11 Hoinacki s underlying assumption is that a narrative relating one s personal experience may introduce the reader to a wider and more incisive understanding than that provided by the investigative and reporting methods of the social and natural sciences Jacket

*Cosmos, Crisis and Christ: Essays of Wendy Robinson* Wendy Robinson,2024-05-30 Fairacres Publications 211 Wendy Robinson s work was primarily interpersonal and in retreat talks or lectures where she could engage with her audience directly many of the essays here are transcriptions of those talks Even ten years after her death her theology and her compassion are remembered with great fondness and gratitude and continue to resonate both with those who knew her and those who encounter her writing for the first time      **Celluloid Saints** Theresa Sanders,2002 The book is written with two goals in mind The first is to give film viewers some background and context for evaluating what they see on screen By and large Hollywood is not conversant with theological issues occasionally movies reveal an appalling ignorance about religion More often however the approach movies take is simply flat footed and unsophisticated Giving readers the tools they need to interpret and critique cinematic portrayals of sanctity is one goal of this book      *Development Ethics at Work* Denis

Goulet,2006-09-27 In recent years global institutions such as the World Bank have become increasingly conscious of the role that ethical reflection may play in leading towards more successful knowledge and policy for development This key book written by Denis Goulet founder of the field of development ethics gathers together his main contributions in three distinct parts covering the early journeys of the author s thinking an exposition of the main themes he has explored the transition from early alternative development to alternative globalizations Goulet examines the evolution of development ethics illustrates how a development ethicist can function in varied development arenas explores the ethical dimensions of competing change strategies and investigates the language of interdependence which prevails in development discourse The interdisciplinary work traces not only Goulet s own thinking but also wider theoretical debates seeking to integrate the findings of analytical policy and normative sciences as they bear on the development process at the practical level This makes it an essential read for postgraduates and professionals in the field of economics      *Pursuing the Spiritual Roots of Protest* Gordon Oyer,2014-02-28 2015 Thomas Merton Louie award winner for a publication that provides fresh direction and provocative insight to Merton Studies presented by the International Thomas Merton Society In the fall of 1964 Trappist
