Animals as Seen Through God'S Eyes

Dwila R. Funk,2014-06-30 Have you ever wondered what happens to your beloved pet when he or she dies Will you ever be able to see him or her again in heaven Or have you been plagued by the disturbing thought that animals are only here on earth for our enjoyment in this life but when they die that is it for them and they are gone forever This haunted me for decades until I finally got up enough courage to seek out the truth for myself I went to the word of God to conduct my own research This book is the result of my quest to find the truth about how God really sees animals and His plan for them I was astounded by the wealth of information that God shares in the Holy Bible regarding animals The answers are there hidden in His word All anyone needs to do is look

Duino Elegies Rainer Maria Rilke,2023 A new translation of Rilke s great

work with close readings of each of the ten elegies elucidating how their poetic attributes constitute their meaning Rilke continues to be the most read and discussed German poet of the modern period The Duino Elegies together with the Sonnets to Orpheus remain his greatest achievement The themes of the ten elegies and the conceptual world unique to Rilke from which they emerge can best be understood through their poetic form their imagery and neologistic formations their angular syntax their abrupt changes of tone and linguistic register their use of multiple personae and speaking voices and the often ironic self presentation of the author Commentators however have often treated these features as mere formal devices that we can somehow see through to get to what really matters that is to what Rilke has to say about the human condition or the meaning of life to his philosophy or worldview On the contrary they are constitutive of meaning in the elegies and understanding them is crucial to our experience of reading Rilke s work The purpose of this book is to make such features visible and to explain them to the reader as clearly as possible This is the first full length book in English devoted to the elegies in over thirty years It offers an entirely new translation of each elegy paired with the original German text and a close reading of each
