Vivienne Dick Sandra Lahire Betzy Bromberg Ruth Novaczek Sadie Benning Leslie Thornton Abigail Child and Anne Robinson offered a powerful deliberately awkward alternative to hegemonic conformist femininity creating a new punk audio visual aesthetic A vital aspect of our vibrant contemporary digital audio visual culture Garfield argues can be traced back to the techniques and forms of these feminist pioneers who like their musical contemporaries worked in a pre digital analogue modality that nevertheless influenced the emergent digital audio visual culture of the 1990s and 2000s Sharon Irish, Suzanne Lacy, Often controversial and sometimes even shocking to audiences the work of California based artist Suzanne Lacy has challenged viewers and participants with personal accounts of traumatic events settings that require people to assume uncomfortable positions multisensory productions that evoke emotional as well as intellectual responses and even flayed lambs and beef kidneys Lacy has experimented with ways to claim the power of mass media to use women s consciousness raising groups as a performance structure and to connect her projects to lived experiences. The body and large groups of bodies are the locations for her lifelike art revealing the aesthetics of relationships among people In this critical examination of Suzanne Lacy Sharon Irish surveys Lacy s art from 1972 to the present demonstrating the pivotal roles that Lacy has had in public art feminist theory and community organizing Lacy initially used her own body or animal organs to visually depict psychological states or social conditions in photographs collages and installations In the late 1970s she turned to organizing large groups of people into art events including her most famous work The Crystal Quilt a 1987 performance broadcast live on PBS and featuring hundreds of women in Minneapolis and pioneered a new genre of public art Irish investigates the spaces between art and life self and other and the body and physical structures in Lacy's multifaceted artistic projects showing how throughout her influential career Lacy has created art that resists racism promotes feminism and explores challenging human relationships Local Invisibility, Postcolonial Feminisms Laura Fantone.2018-03-22 This book offers gendered postcolonial insights into the poetic and artistic work of four generations of female Asian American artists in the San Francisco Bay Area Nancy Hom Betty Kano Flo Oy Wong Trinh T Minh ha Theresa H K Cha and Hung Liu are discussed in relation to the cultural politics of their time and their art is examined in light of the question of what it means to be an Asian American artist Laura Fantone's exploration of this dynamic understudied artistic community begets a sensitive and timely reflection on the state of Asian American women in the USA and in Californian cultural institutions

Getsy, 2015-11-03 Original and theoretically astute Abstract Bodies is the first book to apply the interdisciplinary field of transgender studies to the discipline of art history. It recasts debates around abstraction and figuration in 1960s art through a discussion of gender s mutability and multiplicity In that decade sculpture purged representation and figuration but continued to explore the human as an implicit reference Even as the statue and the figure were left behind artists and critics asked how the human and particularly gender and sexuality related to abstract sculptural objects that refused the human form This book examines abstract sculpture in the 1960s that came to propose unconventional and open accounts of bodies persons and genders Drawing on transgender and gueer theory David I Getsy offers innovative and archivally rich new interpretations of artworks by and critical writing about four major artists Dan Flavin 1933 1996 Nancy Grossman b 1940 John Chamberlain 1927 2011 and David Smith 1906 1965 Abstract Bodies makes a case for abstraction as a resource in reconsidering gender s multiple capacities and offers an ambitious contribution to this burgeoning interdisciplinary field *Renegotiating the Body* Kathy Battista, 2012-11-20 What makes art feminist art Although feminist artists do have a unique aesthetic there can be no essential feminist aesthetic argues Kathy Battista in this exciting new art history Domesticity the body its traces and sexuality have become prominent themes in contemporary feminist practice but where did these preoccupations begin and how did they come to signify a particular type of art Kathy Battista's re engagement with the founding generation of female practitioners centres on 1970s London as the cultural hub from which a new art practice arose Emphasising the importance of artists including Bobby Baker Anne Bean Catherine Elwes Rose English Alexis Hunter Tina Keane Hannah O Shea Kate Walker and Silvia Ziranek and examining works such as Mary Kelly's Post Partum Document Judy Clark's 1973 exhibition

Issues Carolee Schneemann's Meat Joy and Cosey Fanni Tutti s Prostitution shown in 1976 Kathy Battista investigates some of the most controversial and provocative art from the era This book not only deals with the famous art events but includes analysis of lesser known exhibitions and performances and explains why so much feminist art has been both marginalised in art history and grossly under represented in institutional archives and collections The Cambridge History of the **American Essay** Christy Wampole, Jason Childs, 2023-12-14 From the country's beginning essayists in the United States have used their prose to articulate the many ways their individuality has been shaped by the politics social life and culture of this place The Cambridge History of the American Essay offers the fullest account to date of this diverse and complex history From Puritan writings to essays by Indigenous authors from Transcendentalist and Pragmatist texts to Harlem Renaissance essays from New Criticism to New Journalism The story of the American essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing The essay in the US has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay Across genres and identities this volume offers a stirring account of American essayism into the twenty first Seeing Differently Amelia Jones, 2013-06-19 Seeing Differently offers a history and theory of ideas about identity in relation to visual arts discourses and practices in Euro American culture from early modern beliefs that art is an expression of an individual the painted image a world picture expressing a comprehensive and coherent point of view to the rise of identity politics after WWII in the art world and beyond The book is both a history of these ideas for example tracing the dominance of a binary model of self and other from Hegel through classic 1970s identity politics and a political response to the common claim in art and popular political discourse that we are beyond or post identity In challenging this latter claim Seeing Differently critically examines how and why we identify works of art with an expressive subjectivity noting the impossibility of claiming we are post identity given the persistence of beliefs in art discourse and broader visual culture about who the subject is and offers a new theory of how to think this kind of identification in a more thoughtful and self reflexive way Ultimately Seeing Differently offers a mode of thinking identification as a queer feminist durational process that can never be fully resolved but must be accounted for in thinking about art and visual culture Queer feminist durationality is a mode of relational interpretation that affects both art and interpreter potentially making us more aware of how we evaluate and give value to art and other kinds of visual culture Hannah Wilke Nancy Princenthal, 2010 Hannah Wilke s artwork frames a heroic story about formal invention social activism personal loyalties individual freedom above all breathtaking risk A defining presence in the emerging community of women artists in the 1960s 70s Wilke developed a controversial visual language in response to her own women s experience **Routledge International Encyclopedia of** Women Cheris Kramarae, Dale Spender, 2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women s issues
