Middle School Mathematics Lessons to Explore, Understand, and Respond to Social Injustice Basil M. Conway IV, Lateefah Id-Deen, Mary Candace Raygoza, Amanda Ruiz, John W. Staley, Eva Thanheiser, 2022-07-20

If you teach middle school math and have wanted to promote social justice but haven't been sure how to get started, you need to check out this book. It incorporates lessons you can use immediately as well as how to foster the kind of classroom community where students will thrive. It's the kind of book you'll want to have alongside you to support you throughout your journey.

Robert Kaplinsky, Author and Consultant, Long Beach, CA

Empower young adolescents to be the change. Join the teaching mathematics for social justice movement. Students of all ages and intersecting identities through media and their lived experiences bear witness to and experience social injustices and movements around the world for greater justice. However, when people think of social justice, mathematics rarely comes to mind. With a user-friendly design, this book brings middle school mathematics content to life by connecting it to issues students see or experience. Developed for use by Grades 6-8 educators, the contributed model lessons in this book walk teachers through the process of applying critical frameworks to instruction using standards-based mathematics to explore, understand, and respond to social injustices. Learn to plan daily instruction that engages young adolescents in mathematics explorations through age-appropriate, culturally relevant topics such as health and economic inequality, human and civil rights, environmental justice, and accessibility. Features include:

- Content cross-referenced by mathematical concept and social issues
- Connection to Learning for Justice's social justice standards
- Downloadable teacher materials and lesson resources
- Guidance for lessons driven by young adolescents' unique passions and challenges
- Connections between research and practice

Written for teachers committed to developing equitable and empowering practices through the lens of mathematics content and practice standards as well as social justice standards, this book will help connect content to young adolescents' daily lives, strengthen their mathematical understanding, and expose them to issues that will support them in becoming active agents of change and responsible leaders.

Engaging Life's Deepest Questions: Teacher's Guide Dr. Octavian Caius Obeada, 2025-06-26

Teacher's Guide Overview

The Teacher's Guide for *Engaging Life's Deepest Questions* is a thoughtfully designed companion manual aimed at equipping educators to teach apologetics with clarity, compassion, and spiritual depth. Its purpose is to empower instructors not only to deliver theological and philosophical content but to form students in discernment, empathy, and Christian conviction. This guide provides:

- Clear instructional support through chapter objectives, key concepts, and thematic outlines
- Engaging classroom tools including thought-provoking discussion questions, creative exercises, formative and summative assessments
- Practical teaching strategies for navigating sensitive cultural issues with pastoral wisdom and

theological integrity *Discovering the Missing Goal: Spiritual Development* Debra Dianna Thomas Ph.D.,2021-06-07 How many of us have an open treasure chest of gold our spiritual growth waiting to be claimed on a deserted beach Spiritual growth is the process of becoming more and more like Jesus Christ When we place our faith in Jesus the Holy Spirit begins the process of making us more like Him Spiritual growth is perhaps described in 2 Peter 1 3 8 which tells us that by God s power we have everything need to live lives of godliness which is the goal of spiritual growth What we need comes through our knowledge of Him which is the key to obtaining everything we need Our knowledge of Him comes from the Word given to us for our edification and growth There are two lists in Galatians 5 19 23 Verses 19 21 list the acts of the flesh These are the things that identify our lives before we came to Christ for salvation The acts of the flesh are the activities we are to confess repent of and with God s help overcome As we experience spiritual growth fewer and fewer of the acts of the flesh will be evident in our lives The second list is the fruit of the Spirit verses 22 23 These are things that should characterize our lives now that we have experienced salvation in Jesus Christ Spiritual growth is identified by the fruit of the Spirit becoming increasingly evident in a believer s life When the transformation of salvation takes place spiritual growth begins The Holy Spirit indwells us John 14 16 17 We are new creatures in Christ 2 Corinthians 5 17 The old sinful nature begins to give away to the new Christ like nature Romans 6 7 Spiritual growth is a lifelong process that depends on our study and application of God s Word 2 Timothy 3 16 17 and our walk in the Spirit Galatians 5 16 26 As we seek spiritual growth we should pray to God and ask for wisdom concerning the areas He desires us to grow We can ask God to increase our faith and knowledge of Him God desires us to grow spiritually and He has given us all we need to experience spiritual growth With the Holy Spirit s help we can overcome sin and steadily become more like our Savior the Lord Jesus Christ How do I get there **Narratives of Social Justice Teaching** sj Miller,2008 Counterpoints publishes the most compelling and imaginative books being written in education today Grounded on the theoretical advances in criticalism feminism and postmodernism in the last two decades of the twentieth century Counterpoints engages the meaning of these innovations in various forms of educational expression Committed to the proposition that theoretical literature should be accessible to a variety of audiences the series insists that its authors avoid esoteric and jargonistic languages that transform educational scholarship into an elite discourse for the initiated *Teaching Justice* Dr Kristi Holsinger,2013-01-28 Teaching Justice explores the role that teaching and learning in higher education can play in solving problems of social injustice Examining a range of approaches to education it considers the challenges that exist in teaching about justice drawing on extensive empirical data gathered amongst college lecturers and professors as well as the author s own experience With an analysis of the strategies commonly used this book will shed light on the manner in which students can be engaged in activism and concerned with issues of social injustice By overcoming apathy and engaging students with social problems education can thus address matters of injustice and begin to effect change Presenting extensive international research and insightful analyses Teaching Justice reveals the classroom and

the lecture theatre to be important sites in the pursuit of social justice and will appeal to teachers and researchers with interests in social problems education and educational methods and criminal justice as well as community engagement and service learning outside the classroom

Justice Church Frederick Herzog, 2005-09-13 Frederick Herzog's focus on the praxis context of the church is right on target. He makes a much needed contribution to the critical development of liberation theologies in the North American situation. Letty M Russell, Yale University Divinity School. I am particularly grateful for the clear articulation in the book of a number of concerns emerging in Third World theology such as the recognition of poverty as a political and not a natural phenomenon, the shift from elite universals to peoples universals, the emphasis on Christopraxis as the key to orthodoxy, the interpretation of theology as praxis seeking understanding and the emphasis on the sacraments of Baptism and the Lord's Supper as affirming that the bifurcation of history into a bodily history and spiritual history has been overcome. I hope that the book will be widely read in all continents and stimulate dialogue for promoting praxis rooted theology. J Russell Chandran, United Theological College Bangalore, India. Herzog refuses to do an easy or obvious theology but insists on raising difficult questions which require theology to be done with some anguish. He has seen more clearly than most that we are in a crisis of categories which must be reshaped in shattering ways not only to do a new theology but to re-understand the nature of theology. Members of the United Church of Christ, his own church body, will especially benefit from Herzog's proposals as this militantly liberal church is urged in critical and self-critical directions. Walter Brueggemann, Professor Emeritus, Columbia Theological Seminary. No one has been more passionately involved than Frederick Herzog in responding to the challenges to mainstream North American Christianity from Latin American and black liberation theologians. Addressing liberal Protestant theology and denominational structures in *Justice Church*, Herzog unfolds a new theological method and a new understanding of the church. This is an important book for all who believe that Christian faith involves response to injustice. Lee Cormie, University of St Michael's College, University of Toronto. Frederick Herzog was Professor at the Duke University Divinity School. He served on numerous commissions of the World Council of Churches and the United Church of Christ. In the spring of 1970 he wrote the first North American article on liberation theology and in 1972 his *Liberation Theology* was published, a study of the Fourth Gospel described by Robert McAfee Brown as a pioneer North American work. In *Justice Church*, Herzog continues his pioneering work with a North American methodology of liberation theology.
