Reiser, 2004 The practice of spiritual direction assumes a theology of the Holy Spirit a theology of revelation and of the Church and a theology of prayer Seeking God in All Things explores each of these themes as the underpinnings of spiritual direction and examines what makes the Christian religious experience distinctive Since not every experience of God bears a Christian imprint William Reiser SJ asks whether and in what way a Christian might be able to assist someone who is not Christian in developing his or her interior life This question looks beyond suggesting the concrete steps a person might take in initiating nurturing and solidifying a way of praying It looks rather toward the fundamental issue of helping others as they discover and deepen their relationship to the mystery of God Chapters are It Is God Who Directs Imagining Divine Action in Human Lives Where Do Holy Desires Come From What Is Distinctive About the Christian Religious Experience Further Elements of Christian Distinctiveness The Incarnation as a Starting Point for Spiritual Direction and Should Christian Spirituality Move Beyond Jesus William Reiser SJ PhD is a professor of theology in the religious studies department at Holy Cross College Worcester Massachusetts Over the past twelve years he has also served as an associate staff member at the Center for Religious Development in Cambridge He is the author of Jesus in Solidarity with His People published by Liturgical Press

Jimmy Boon-Chai Tan,2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition s practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition s distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work s thesis **Soul Friendship** Adrian Chatfield,Nigel Rooms,2019-08-30

This book formulates a new theological approach to the study of religion in gaming Video games have become one of the most important cultural artifacts of modern society both as mediators of cultural social and religious values and in terms of commercial success This has led to a significant increase in the critical analysis of this relatively new medium but theology as an academic discipline is noticeably behind the other humanities on this subject The book first covers the fundamentals of cultural theology and video games It then moves on to set out a Christian systematic theology of gaming focusing on creational theology Christology anthropology evil moral theology and thanatology Each chapter introduces case studies from video games connected to the specific theme In contrast to many studies which focus on online multiplayer games the examples considered are largely single player games with distinct narratives and end of game moments The book concludes by synthesizing these themes into a new theology of video games This study addresses a significant aspect of contemporary society that has yet to be discussed in any depth by theologians It is therefore a fantastic resource for any scholar engaging with the religious aspects of digital and popular culture **Message from the Stream: Go with the Flow** Ruby Radford,2012-03-01 Ruby Radford in her book Message
