Selected Essays of Edward P. J. Corbett Edward P. J. Corbett, 1989      *Contemporary Composition Studies* Edith Babin, Kimberly Harrison, 1999-12-30 Composition studies is a rapidly growing and constantly changing field At present however graduate students new to the field and writing teachers who want to make new connections between theory and practice have little choice of current reference works that define key terms in composition studies and provide information about the scholars and researchers who have shaped and are shaping the discipline This book supplies this information in an easily accessible format and places both scholars and terms in the context of the field s development Included are alphabetically arranged entries for 108 individuals who have developed the field and 128 terms central to the discipline The first part of the book provides entries for leaders in composition studies Each entry identifies the areas in which the scholar has contributed most influentially to the field and provides both a chronological overview of the person s contributions and a bibliography of representative works The second part includes entries for terms that are problematic both for newcomers and for those already familiar with the discipline The entries for the terms show how the disciplinary context has shaped the ways in which they have been used The entries also indicate how established thinkers in composition studies and other disciplines have explained or defined the terms provide examples of the terms in context and list scholars often associated with them An appendix includes entries for scholars from other disciplines who have contributed to the field      *Selected Essays of Edward P. *CCCC Bibliography of Composition and Rhetoric 1989* Erika Lindemann, 1991-05 Published for the Conference on College Composition and Communication this volume offers teachers and researchers an annual classified listing of scholarship on written English and its teaching at the college level The 1989 volume lists and annotates 1 857 articles books dissertations and papers A group of 127 contributing bibliographers prepared the citations and annotations for all entries The volume includes an index of authors and editors and cross references entries according to subject matter Entries appear under five major categories bibliographies and checklists theory and research teacher education administration and social roles curriculum and testing measurement and evaluation Although The CCCC Bibliography excludes master s theses textbooks computer software and book reviews it includes review essays articles appearing in some 150 journals scholarly books and essay collections citations to dissertations abstracted in Dissertation Abstracts International and selected documents and conference materials available through ERIC Other bibliographies in the field of composition studies The CCCC Bibliography of Composition and Rhetoric is more comprehensive than other bibliographies in the field of composition studies It also draws upon a large group of experts in the field to aid teachers and researchers in sorting through a vast body of interdisciplinary material making their work easier and more effective      *The Present State of Scholarship in Historical and Contemporary Rhetoric* Winifred Bryan Horner, 1990 In the years since its publication in 1983 The Present State of

Scholarship in Historical and Contemporary Rhetoric has become a classic in its field proving to be an invaluable resource for students of rhetoric and composition as well as for scholars in English speech and philosophy This revised and updated edition defines the field of rhetoric as no other volume has Publishers website *Rhetoric in American Colleges, 1850-1900* Albert Raymond Kitzhaber,1990 The first published edition of a previously circulated via microfilm and Xerox campus classic Kitzhaber s English emeritus U of Oregon 1953 dissertation which identifies the murky origins of the freshman English course back in the 19th century and traces the development of a distinctly American body of rhetorical theory its sources its rise and its decline into a barren set of injunctions for linguistic etiquette correct usage Paper edition unseen 10 95 Annotation copyrighted by Book News Inc Portland OR Subject Guide to Books in Print ,1971 **Forthcoming Books** Rose Arny,1990 Books in Print Supplement ,1988 **Paperbound Books in Print** ,1991 **The Little Rhetoric and Handbook** Edward P. J. Corbett,1977 **Rhetoric and Composition As Intellectual Work** Gary A. Olson,2002 In response to those who insist that rhetoric and composition should remain only a service discipline editor Gary A Olson s *Rhetoric and Composition as Intellectual Work* demonstrates that it already is an intellectual discipline that for at least a quarter of a century the field has developed an impressive tradition of intellectual work in a remarkable assortment of subject areas *Rhetoric and Composition as Intellectual Work* suggests the diversity of intellectual projects that have and will continue to make rhetoric and composition more than a service to the university more than a field devoted solely to improving writing pedagogy and more than a preliminary to literary studies This collection of nineteen essays by some of the most distinguished scholars in the discipline illustrates that rhetoric and composition has much to contribute to the intellectual milieu of the contemporary university as the field continues to push its disciplinary borders and discover new sites of investigation Publisher s description Elements of Rhetoric and Composition David Jayne Hill,2019 Rhetorics, Poetics, and Cultures James A. Berlin,2003 *Rhetorics Poetics and Cultures* is James Berlin s most comprehensive effort to refigure the field of English Studies Here in his last book Berlin both historically situates and recovers for today the tools and insights of rhetoric displaced and marginalized he argues by the allegedly disinterested study of aesthetic texts in the college English department Berlin sees rhetoric as offering a unique perspective on the current disciplinary crisis complementing the challenging perspectives offered by postmodern literary theory and cultural studies Taking into account the political and intellectual issues at stake and the relation of these issues to economic and social transformations Berlin argues for a pedagogy that makes the English studies classroom the center of disciplinary activities the point at which theory practice and democratic politics intersect This new educational approach organized around text interpretation and production not one or the other exclusively as before prepares students for work democratic politics and consumer culture today by providing a revised conception of both reading and writing as acts of textual interpretation it also gives students tools to critique the socially constructed politically charged reality of classroom college and culture This new edition of *Rhetorics Poetics and*

Cultures includes JAC response essays by Linda Brodkey Patricia Harkin Susan Miller John Trimbur and Victor J Vitanza as well as an afterword by Janice M Lauer These essays situate Berlin s work in personal pedagogical and political contexts that highlight the continuing importance of his work for understanding contemporary disciplinary practice Rhetoric and Composition Edward Fulton,1907 **Composition and Rhetoric** Alfred M.
