## **Shakespeare Et La Guerre Societe Francaise Shakespeare Actes Du Congres 1989:**

*Shakespeare in the Theatre: Patrice Chéreau* Dominique Goy-Blanquet, 2018-04-19 Patrice Chéreau 1944 2013 was one of France's leading directors in the theatre and on film and a major influence on Shakespearean performance. He is internationally known for memorable productions of both drama and opera. His life-long companionship with Shakespeare began in 1970 when his innovative *Richard II* made the young director famous overnight and caused his translator to denounce him publicly as an iconoclast for a production mixing music hall, circus and pankration. After this break Chéreau read Shakespeare's texts assiduously line by line and word by word with another renowned poet Yves Bonnefoy. Drawing on new interviews with many of Chéreau's collaborators, this study explores a unique theatre maker's interpretations of Shakespeare in relation to the European tradition and to his wider body of work on stage and film to establish his profound influence on other producers of Shakespeare.

French origins of English tragedy Richard Hillman, 2013-07-19 Richard Hillman applies to tragic patterns and practices in early modern England his long-standing critical preoccupation with English-French cultural connections in the period. With primary though not exclusive reference on the English side to Shakespeare and Marlowe and on the French side to a wide range of dramatic and non-dramatic material, he focuses on distinctive elements that emerge within the English tragedy of the 1590s and early 1600s. These include the self-destructive tragic hero, the apparatus of neo-Senecanism including the Machiavellian villain and the confrontation between the warrior hero and the femme fatale. The broad objective is less to discover influences although some specific points of contact are proposed than at once to enlarge and refine a common cultural space through juxtaposition and intertextual tracing. The conclusion emerges that the powerful if ambivalent fascination of the English for their closest Continental neighbours expressed itself not only in but through the theatre.

**Shakespeare on screen, Richard III** Nathalie Vienne-Guerrin, This volume does not only provide the reader with diverging assessments of the Richard III films but it also deploys a large array of methodologies used to study Shakespeare on film. What gives the volume its coherence is that it thoroughly interrogates what those films do with and to Shakespeare's text and suggests that at least for Shakespearean scholars, Shakespearean films are hybrid creatures. They are and are not films; they are and are not Shakespeare. Ce volume offre non seulement au lecteur un examen précis et pluriel des adaptations filmiques de Richard III mais il déploie tout l éventail des méthodologies qui permettent d'étudier Shakespeare à l'écran. La cohérence de ce volume vient de ce qu'il propose des questionnements multiples sur ce que ces films font de Shakespeare et suggère que le film shakespearien est une créature hybride qui est et n'est pas un film qui est et n'est pas Shakespeare. Ouvrage en anglais.
