Sherlock Holmes - The Hero With a Thousand Faces: Volume 2 David MacGregor, 2022-06-22 Picking up the trail with the incredibly influential films of Basil Rathbone and Nigel Bruce Volume II goes on to explore the antiheroic Sherlock Holmes films of the 1970s and then the somewhat rocky journey of Holmes into the medium of television actors Alan Wheatley Douglas Wilmer and Peter Cushing all declared their respective TV series as the worst experience of their professional careers Television finally found its definitive Holmes in Jeremy Brett's portrayal for Granada Television and then the BBC's Sherlock had flashed brilliantly across the cultural sky before crashing and burning in spectacular fashion Still despite its ignominious end Benedict Cumberbatch's version of Sherlock Holmes quite literally changed the face of Sherlockian fandom overnight as studious middle aged white men now found themselves sharing uneasy ground with a younger more diverse and more female audience Now a full fledged transmedia phenomenon Sherlock Holmes can be any gender ethnicity or species and is celebrated in fan fiction and fanvids as well as conventions that are far more inclusive than Sherlock Holmes societies of the past Vincent Starrett's poetic notion that Sherlock Holmes is a character who never lived and so can never die has never been more true and the Digital Age promises any number of new versions of Sherlock Holmes to come *Sherlock Holmes* Mark Campbell, 2013-06-01 With the recent successes of Robert Downey Jr on the big screen and Benedict Cumberbatch on TV the popularity of Sherlock Holmes is riding high and here is the essential guide Who is Holmes The world's most famous detective a drug addict with a heart as cold as ice or a millstone around the neck of his creator He's all of these things and much much more Sherlock Holmes was the brainchild of Portsmouth GP Arthur Conan Doyle A writer of historical romantic fiction Doyle became unhappy that the detective's enormous success eclipsed his more serious offerings But after attempting to wipe him out at the Reichenbach Falls in Switzerland Doyle was faced with a vociferous backlash from the general public and eventually he had no choice but to bring his sleuth back from the grave to face more puzzling mysteries While not strictly speaking canonical Holmes deerstalker curved pipe and cries of Elementary my dear Watson have been immortalized in countless stage film television and radio productions An iconic fictional creation inseparable from his partner in crime Dr John Watson Sherlock Holmes has charmed and fascinated millions of people around the world since his first appearance more than a century ago He is one of English literature's finest creations The Complete Index to Literary Sources in Film Alan Goble, 2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film **Forever Juliet** Martial Rose, 2003 **Sherlock Holmes. abrupt and his intolerance of fools was legendary I tried to show all this all of the man's incredible brilliance But there are some cracks in Holmes's marble as in an almost perfect Rodin statue And I tried to show that too It's difficult for me to say what I may have given to the image of Holmes Faithful to Conan Doyle's text certainly Also I've tried to bring out the emotion that is there in Holmes On the surface he seems a cold sometimes dark rather off putting figure But deeper down I think he's a man of feeling Jeremy Brett is still recognised as the most celebrated incarnation of Sherlock Holmes which he presented for ten years Jeremy delighted viewers with his dashing arrogant moody interpretation of the most popular famous detective he brought a brooding intensity to his finest role one of disturbing power He is still called the definitive Sherlock Holmes Covering a forty year period from first leaving Central School of Speech and Drama until his early death at the age of 61 Playing a Part is a full career book of a very fine actor who would delight audiences as a sensitive lover or as a haunted murderer Talented loved and admired by the theatrical world at the birth of the National Theatre led by Laurence Olivier Robert Stephens and Maggie Smith Beginning and ending his career in Manchester he would transfer his talents to the American culture of the 70s as he settled into his new life with his American wife but was enticed back with some of the best classical roles for television and the stage Jeremy's own words are used whenever they are available to present his story and his approach to playing the parts His unfailing enthusiasm for a new project and the degree of commitment comes through Illustrated with original photographs covering his life and career it is the first detailed record of all his performances on the stage film or television

**Blackmail** Mike Hepworth,2023-01-20 First Published in 1975 Blackmail Publicity and Secrecy in Everyday Life examines why blackmail is often taken more seriously than murder and why it is widely considered as a serious social threat Both fictional and real life situations are used to explore the kinds of social situation in which various individuals become vulnerable to blackmail In isolating the key ingredients of reputational blackmail in Britain over the last hundred years this book is not preoccupied with threats to accuse someone of a major criminal offence such as murder or armed robbery but rather with those cases where the penalties of discovery are less clear cut and where public reaction may be much more ambivalent Mike Hepworth focuses attention on the way blackmail is stigmatized in criminological and other literature and the possible validity of the stereotype in the light of alternative interpretations This book is an interesting read for scholars and researchers of criminology and sociology

**Sherlock Holmes and Philosophy** Josef Steiff,2011-10-11 This entertaining collection of essays shows that Sherlock Holmes sees things others don t He sees the world in a different way and by so doing allows us to see that same world and human behavior in different ways as well Oh sure there have been countless detectives who have followed in his footsteps and who seem to rival his abilities Just turn on the TV or browse the local bookshop and you ll find idiosyncratic super sleuths using forensics and reasoning to solve a whole host of crimes and misdeeds And yet no one rivals our dear dear Holmes Why does Sherlock reign even more than a century later as king Can this mystery be solved Unable to reach either Holmes or Watson or Doyle for that matter though we ve tried every medium we can think of we ve been forced to gather our own team of investigators to practice their powers of observation and perception to apply their own reasoning and methodologies to the task at hand The results I fear have led us to a number of cases that must be solved first Is Holmes simply eccentric or a sociopath Is he human or something from the holodeck Is he as dangerous on the page as he is in person Wait does he even exist For that matter do you I fear several investigators have been forced to take a much needed holiday after wrestling with that one What is the source of his faculty of observation and facility for deduction Systematic training as Watson surmises Genetic Or is he just really lucky And is this whole logic thing compatible with emotions Are Holmes and Watson good friends or soul mates Just what is the nature of friendship Do they complete each other or just get on each other s nerves And why all

the secrecy Disguises Deceptions The plot thickens What is the essence of consciousness Is the observable world subject to our intentions Why does Holmes debunk mysticism when Doyle so readily embraces it Why is Holmes our favorite drug user Our notebooks are filled with clues and dare I say answers Is there more than one way to define the concept justice Is hope necessary in the world Is boredom Play Can any thing really be understood Objectively And just what is the last unresolved mystery involving Sherlock Holmes The game that s afoot isn t just the thing being pursued but the fun to be had as well
