magnum opus Affect Imagery Consciousness was published by Springer Publishing Company in four volumes over 30 years
When Tomkins began writing the book in the 1950's American psychology was dominated by psychoanalytic and behaviorist
theories neither of which placed much importance on the role of basic emotions in everyday human behavior Tomkins

challenged the status quo by developing over the span of nearly 2 000 pages a theory of consciousness and motivation that placed emotion at the core of the human experience Because so few psychologists were studying emotion at that time Tomkins drew liberally from other academic disciplines to help formulate his ideas and support his arguments evolutionary biology ethology cybernetics literature philosophy psychoanalysis and neurophysiology among others In the process Tomkins practically invented the field of nonverbal behavior through close observation of emotional expressions in people including his own infant son His work was a brilliantly eccentric pastiche of ideas that adhered to no strict disciplinary or ideological boundaries In time however AIC came to prominence through the research of his disciples notably Paul Ekman and Carroll Izzard who went on to become major researchers in the psychology of emotion Today Tomkins s book is influential not just in psychology but in philosophy sociology communication studies even in affective computing Springer Publishing Company is pleased to continue to offer this magisterial work in four volumes **Boots in the Ashes** Cynthia Beebe,2020-02-25 The thrilling career of ATF agent Cynthia Beebe is told through the lens of six high profile cases involving bombings arson and the Hell s Angels **Boots in the Ashes** is the memoir of Cynthia Beebe s groundbreaking career as one of the first women special agents for the Bureau of Alcohol Tobacco Firearms and Explosives ATF A smart and independent girl growing up in suburban Chicago she unexpectedly became one of the first women to hunt down violent criminals for the federal government As a special agent for 27 years Beebe gives the reader first hand knowledge of the human capacity for evil She tells the story of how as a young woman she overcame many obstacles on her journey through the treacherous world of illegal guns gangs and bombs She battled conflicts both on the streets and within ATF But Beebe learned how to thrive in the ultra masculine world of violent crime and those whose job it is to stop it Beebe tells her story through the lens of six major cases that read like crime fiction four bombings one arson fire and a massive roundup of the Hell s Angels on the West Coast She also shares riveting never before revealed trial testimonies including killers bombers arsonists victims witnesses and judges Admap ,2010 *The Dog Encyclopedia* Will Judy,1925 **Thorndike Barnhart Student Dictionary** Thorndike,1988-08 An advanced dictionary giving pronunciation part of speech definition and some etymologies Includes a section on use of the dictionary **American Kennel Gazette, Pure-bred Dogs** ,1947 **Assembly** West Point Association of Graduates (Organization).,1980 **The Country Gentleman** ,1912
