

THE SHIELD OF ACHILLES

"First of all he forged a shield that was huge and heavy, elaborating it about, and threw around it a shining triple rim that glittered, and the shield strap was cast of silver. There were five folds composing the shield itself, and upon it he elaborated many things in his skill and craftsmanship."

-Iliad 18.475-482

The shield of Achilles is the most lavishly depicted object in The Iliad, spanning 121 lines. My initial focus on this problem had been Achilles's divine armors and their thematic significance, to find that there are little mentions of the armor's appearance and a lot of this guy. What drew my interest to the shield was finding this description of dancers depicted on the shield: "...As while on their understanding feet they would run very lightly, so when a person something makes trial of his wheel, holding it close to his hands, to see if it will run smooth." that sounded like a nightmare to me, I think a bronze age warrior will enjoy a coverage shield very much. The other minor reason I wanted to design the shield of Achilles, is to see if I can avoid dividing each corner with harsh border, like many renditions of the shield have done.

Shield Of Achilles:

The Shield of Achilles and the Poetics of Ekphrasis Andrew Sprague Becker, 1995-03-21 In *The Shield of Achilles and the Poetics of Ekphrasis* Becker explores how Homeric poetry shapes its own reception how Homer's reaction to a visual image creates his audience's response to a literary description Becker also enters into a fiercely raging literary debate about the modernist self-conscious elements of Homeric narrative

The Shield of Achilles W. H. Auden, 2024-05-07 The first critical edition of W. H. Auden's poetry collection *The Shield of Achilles* which won the 1956 National Book Award in Poetry this book will include the complete text of Auden's award-winning volume *The Shield of Achilles* accompanied critical commentary by Alan Jacobs a preface to provide historical and publishing context a longer introduction to orient the reader to the poems themselves and detailed notes on words or passages in need of clarification for contemporary readers Jacobs who has edited two previous critical editions of Auden's poetry argues that this was the most important single collection of poems Auden published and also the most coherent of his collections The two poetic sequences *Bucolics* and *Horae Canonicae* bookend a remarkable set of lyrics with *The Shield of Achilles* itself at the heart One of Auden's last long poems it refers to a moment in *The Iliad* in which Thetis mother of Achilles asks Hephaestus to forge a shield for her son Auden reimagines how the shield of Achilles would look in the modern age when the rules of war and the role of the hero have been rewritten While the volume was widely praised it is now out of print although the title poem is included in larger collections of Auden's poetry A critical edition allows readers to better understand and appreciate one of Auden's most important later poetic works written in what Jacobs describes as a poetic idiom that differs quite significantly from what anyone else at the time was doing it is in a vital sense public poetry and it can be enjoyed understood and profited from This edition is meant to make that enjoyment understanding and profit easier of access

The Agony of Homer Jennifer Gagnon, 2016 Political theorists often view agonism as a desirable way to think of democratic politics However a close reading of ancient texts reveals the tragic quality of most agones This paper offers a close reading of Homer's *Shield of Achilles* in the *Iliad* Unlike many accounts of the shield this reading sees the agones it portrays as essentially tragic Homer's description of the shield has attracted much scholarly attention The imagery on Achilles' shield does not center around dread and horror as is typical of the shields of heroes However while the shield contains scenes of well-ordered city domestic and pastoral life unusual for a warrior bent on revenge the shield cannot be seen as exuding peace harmony and stability as many scholars claim *The Shield of Achilles* is a microcosm of multiple sites of contestation that touch upon all of human life The scenes of rural and city life speak to the broader context in which aggressive and violent agonism is a central part of the human condition The shield shows strife-filled agones not as dangerous threats to be eliminated if a harmonious society is to be created but as essential components of what it is to be human The images of peace and harmony become fragile tenuous and temporary when seen next to hatred

strife and violence The shield depicts a world that accepts conflict and discord The implication of this reading is that scholars of agonism need to be more attentive to its actual meanings in Greek writings *The Shield of Achilles* Philip

Bobbitt,2003-09-09 For five centuries the State has evolved according to epoch making cycles of war and peace But now our world has changed irrevocably What faces us in this era of fear and uncertainty How do we protect ourselves against war machines that can penetrate the defenses of any state Visionary and prophetic The Shield of Achilles looks back at history at the Long War of 1914 1990 and at the future the death of the nation state and the birth of a new kind of conflict without precedent The Shield of Achilles, Translated from the French of Monsieur Court de Gebelin Antoine Court de

Gébelin,1784 *The Shield of Achilles* Michael Andrew Broder,2012 ABSTRACT W H Auden s poem The Shield of Achilles contrasts idealized expectations of humanity with a much harsher grimmer reality In particular the poem paints a disparity between civilization s potential for balance and constructive order and its capability of barbarous destruction The poem tells an alternate version of a scene from Homer s Iliad in which the nymph Thetis mother of Achilles gazes upon the decorated shield the armorer god Hephaestos has created to console her grieving son and protect him in battle The poem consists of nine stanzas total four shorter lined octets and five longer lined septets The octets tell of Thetis expectation of civilized imagery on the shield describing in brief rhythmic lines the idealized illustrations of reverence and harmony she has imagined The septets which occur in pairs between the octets describe the illustrations Hephaestos has actually put onto the shield barren wastelands depersonalized obedient armies onlookers apathetic to a ruthless execution and a jaded youth continuing the violent actions that have surrounded him his entire life A final octet concludes the poem betraying Thetis disappointment with the shield s grim depiction of humanity and foretelling of Achilles impending death Achilles' Shield
