Shield Of David The Story Of Israels:

Shield of David: The Story of Israel's Armed Forces Yigal Allon, 2019-08-09 Shield of David tells the history of the Jews armed forces from the Palestine Yishuv's first efforts at self defense in the early 1900s under the Ottoman Empire and the British Mandate during Israel's 1948 War of Independence the 1956 Suez Campaign and until the 1967 Six Day War In recent years most particularly since the Six Day War of June 1967 people throughout the world have asked themselves how it happened that the Israel Defence Forces won so resounding a victory over the Arab armies What suddenly endowed the Jewish people traditionally non martial with such impressive military skills What is the secret of the prowess of Israeli soldiers airmen and sailors The answer of course is that nothing happens suddenly that the modern story of Jewish self defence in the Land of Israel dates back some eighty years and is the result of the commitment and dedication to national survival of many men and women most of whom seeking no publicity received none This book is my attempt to tell part of that little known story as simply briefly and clearly as possible Yigal Allon Author's Note 1970 *Shield of David* Murray Rubenstein, Richard Martin Goldman, 1978 Beretter om det israelske flyvevæbns historiske udvikling samt dets indsats under forskellige krige og konflikter Israeli Humor Elliott Oring, 2012-02-01 Derived from the Arabic word for lie the word chizbat was chosen by members of the Palmah to designate the particular form of narrative joke exchanged by these volunteer defenders of Jewish settlements in Israel during the uncertain years 1941-48 Elliott Oring concentrates his attention on how the chizbat represents the expression of a distinctly Israeli identity and the disparate elements of this identity sabra European Arab Israeli East West He shows how chizbat humor depends not so much on novelty or punch line as on displaying these incongruities of Israeli identity Oring also discusses the sociocultural context in which the chizbat developed and examines how various theories of humor apply to understanding the chizbat In an appendix invaluable for the folklorist Oring has translated hundreds of chizbat into English some are from written sources and others are verbal accounts he obtained during his months of research in Israel History of the People of Israel: From the reign of David up to the capture of Samaria. 1889 Ernest Renan, 1889 **History of the People of Israel: From the reign of David up to the capture of Samaria. 1894** Ernest Renan, 1896 *History of the People of Israel: From the reign of David up to the capture of Samaria* Ernest Renan, 1903 *Israeli Military History* Jehuda Lothar Wallach, 1984 **History of the World: From Genesis to Today, 100 Israel History With 100 Fun Facts and Trivia** Andrea Febrian, 2025-03-17 Unlock the secrets feel the soul and journey through millennia in History of the World From Genesis to Today 100 Israel History With 100 Fun Facts and Trivia Ever wondered how a tiny sliver of land at the crossroads of civilizations could ignite the world's imagination This isn't just another history book it's an invitation to experience the enduring story of Israel a nation woven into the very fabric of world history Prepare to be captivated by a narrative that sweeps from the whispers of ancient Israel and biblical history in the Holy Land through the tumultuous empires of the Middle East to the vibrant dynamism of modern Israel today

Cross on the Star of David Uri Bialer, 2005-10-26 The official establishment of the State of Israel in May 1948 constituted the realization of the Zionist vision but military victory left in its wake internal and external survival issues that would threaten this historic achievement for decades to come The refusal of the international community to recognize the political geographic and demographic results of the War of Independence presented Israel with a permanent regional security threat while isolating and alienating it in the international arena One of the most formidable problems Israeli foreign policy faced was the stance of the Christian world toward the new state Attitudes ranged from hostility and categorical non recognition by the Catholic Church through Protestant ambivalence to Evangelical support *Cross on the Star of David* presents the first scholarly analysis based on newly declassified documents of Israeli policymaking on this issue Uri Bialer focuses on the impact that modes of thinking rooted in the historical tradition of

Jewish Christian interactions had on Israeli policymakers and concludes that they were not innocent of the perceptions and biases that influenced the Christian world's behavior toward Israel. The result is a fine grained original interpretation of an important dimension of Israeli foreign policy from the founding of the State to the 1967 War. **Israel Digest**, 1955
