'Speak to Me': The Legacy of Pink Floyd's *The Dark Side of the Moon* Russell Reising, 2017-10-03 The endurance of Pink Floyd's *The Dark Side of the Moon* on the Billboard Top 100 Chart is legendary and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock's greatest albums This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical cultural literary and social perspectives The development and change of the songs is considered closely from the earliest recordings through to the live filmed performance at London's Earls Court in 1994 The band became almost synonymous with audio visual innovations and the performances of the album at live shows were spectacular moments of mass culture although Roger Waters himself spoke out against such mass spectacles The band's stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology The album is therefore placed within the context of developments in late 1960s early 1970s popular music with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd's later concept albums Beginning with *Breathe* and culminating in *Eclipse* a tonal and motivic coherence unifies the structure of this modern song cycle The album is also considered in the light of modern day tribute bands with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the real Pink Floyd *CMJ New Music Monthly*, 1998-10 *CMJ New Music Monthly* the first consumer magazine to include a bound in CD sampler is the leading publication for the emerging music enthusiast NMM is a monthly magazine with interviews reviews and special features Each magazine comes with a CD of 15-24 songs by well established bands unsigned bands and everything in between It is published by CMJ Network Inc
