Ancient and Modern Ships Sir George Charles Vincent Holmes,1900 *American Naval History in 50 Ships* James M. Caiella,2025-08-01 The course of American naval history has not been set only by the relatively few famous ships whose stories have been told and retold This volume spotlights 50 less recognized vessels each significant in its own way from the Continental Navy to the first supercarriers while touching on many others with which their stories are interwoven Attention is given not only to the design and conceptual changes the vessels embodied but also the crews whose toil and heroism gave them life and sometimes notoriety One captain tried to sell his warship in the midst of the Civil War Each ship is detailed chronologically in chapters that often dispel timeworn misconceptions Some were trailblazers others were misdirected in their inspiration design or execution indeed two could not float and one was dampened only by rain Yet each helped shape America s seafaring history *The Ships and Sailors of Old Salem* Ralph Delahaye Paine,1909 **Ships and Shipmasters of Old Providence** Providence Institution for Savings,2018-08-03 Excerpt from Ships and Shipmasters of Old Providence A Brief Account of Some of the Famous Merchants Sea Captains and Ships of the Past Together With Reminiscences of a Few Notable Voyages Made in Providence Ships The last Whaler and the last clipper ship passed a half century ago and the last indomitable sea captain long since turned his compass towards the ocean of the Great Unknown If this portrayal of their day brings back for ever so brief a moment the smack of the salt About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original
