Lowinsky Christian Gaillard Monika Wikman and Gilda Frantz      *Renewing the Balance* Dirk Dunbar, 2017-03-31 In *Renewing the Balance* Dirk Dunbar shows how the balance worshipped in ancient Earth wisdom traditions is being integrated into Western culture's dominantly masculine rational value system. Filled with hope, revelations regarding cultural evolution, and scholarship of the highest order, Dunbar's book passionately challenges all of us to recover the archaic reverence for the natural world, to reconsider the limits of growth, progress, and mechanistic thinking, and to join in the newly reclaimed celebration of life that fosters peace and the potential for a sustainable future. Dirk Dunbar's *Renewing the Balance* is a crucial and comprehensive account of how traditional cultures maintained a healthy balance that preserved our natural world and how our modern technocratic economic ideology has produced a culture that is dangerously out of balance. It is at once a diagnosis of our disease and a prescription for healing our collective psyche, polis, and environment. A truly fascinating philosophical adventure. Sam Keen, Author of 12 books including *The Passionate Life* and *Hymns to an Unknown God*. *Renewing the Balance* brings depth and breadth to our efforts to understand how Western culture evolved as it did and to appreciate the many streams that now flow into our efforts to manifest ecological wisdom in a hypermodern world. Charlene Spretnak, Author of 9 books including *States of Grace* and *The Resurgence of the Real*.      [India: A Civilization of Differences](#) Alain Daniélou, 2005-07-05 A collection of Daniélou's writings that builds a bold and cogent defense of India's caste system. Looks at the Hindu caste system not as racist inequality but as a natural ordering of diversity. Reveals the stereotypes of Indian society invented to justify colonialism. Includes never before published articles by the internationally recognized Hindu scholar and translator of *The Complete Kama Sutra*. 200,000 copies sold. In classical India, social ethics are based on each individual's functional role in society. These ethics vary according to caste in order to maximize the individual's effectiveness in the social context. This is the definition of caste ethics. The Indian caste system is not a hierarchy with some who are privileged and others who are despised; it is a natural ordering, an organizing principle of a society wherein differences are embraced rather than ignored. In the caste system, it is up to the individual to achieve perfection in the state to which he or she is born, since to a certain extent that state also forms part of a person's nature. All people must accomplish their individual spiritual destinies while, as members of a social group, ensuring the continuity of the group and collaborating in creating a favorable framework for all human life, thereby fulfilling the collective destiny of the group. The notion of transmigration provides an equalizing effect on this prescribed system in that today's prince may be reborn as a woodcutter and the Brahman as a shoemaker. In *India: A Civilization of Differences*, Daniélou explores this seldom heard side of the caste debate and argues effectively in its favor. This rare collection of the late author's writings contains several never before published articles and offers an in-depth look at the structure of Indian society before and after Western colonialism.

Kripal, 2011-09-07 Jeffrey Kripal here recounts the spectacular history of Esalen the institute that has long been a world leader in alternative and experiential education and stands today at the center of the human potential movement Forged in the literary and mythical leanings of the Beat Generation inspired in the lecture halls of Stanford by radical scholars of comparative religion the institute was the remarkable brainchild of Michael Murphy and Richard Price Set against the heady backdrop of California during the revolutionary 1960s Esalen recounts in fascinating detail how these two maverick thinkers sought to fuse the spiritual revelations of the East with the scientific revolutions of the West or to combine the very best elements of Zen Buddhism Western psychology and Indian yoga into a decidedly utopian vision that rejected the dogmas of conventional religion In their religion of no religion the natural world was just as crucial as the spiritual one science and faith not only commingled but became staunch allies and the enlightenment of the body could lead to the full realization of our development as human beings An impressive new book Kripal has written the definitive intellectual history of the ideas behind the institute San Francisco Chronicle Kripal examines Esalen's extraordinary history and evocatively describes the breech birth of Murphy and Price's brainchild His real achievement though is effortlessly synthesizing a dizzying array of dissonant phenomena Cold War espionage ecstatic religiosity incongruous pairings Darwinism Tantric sex and otherwise
