GAVAN DAWVS

Shoal Of Time A History Of The Hawaiian Islands

**United States. Supreme Court, John
Chandler Bancroft Davis, Henry
Putzel, Henry C. Lind, Frank D. Wagner**

Shoal Of Time A History Of The Hawaiian Islands:

Shoal of Time Gavan Daws,1968 *Shoal of Time* Gavan Daws,1979 *SHOAL OF TIME: A HISTORY OF THE HAWAIIAN ISLANDS 1778-1959* GAVAN. DAWS,1982 A HISTORY OF HAWAII FROM THEIR DISCOVERY BY CAPTAIN COOK TO STATEHOOD *Shoal of time; a history of the Hawaiian Islands, [Toronto], Macmillan* Gavan Daws, **Beneath Heavy Pines in World War II Louisiana** Hayley Johnson,Sarah Simms,2023-06-21 December 7 1941 changed the lives of thousands of Japanese Americans who became enemy in the eyes of the United States government within hours With Pearl Harbor still smoldering these men would be arrested and put into the enemy alien internment system As the study of internment has steadily grown the information about the confinement sites and ability to piece together the experiences of the men within has remained a challenging task Camp Livingston famous as a site for the Louisiana Maneuvers holds a darker and less well known history From 1942 1943 over 1 000 men of Japanese ancestry were held in this internment camp in the pine forests of central Louisiana The authors approach this camp s history via the experiences and linkages to and through two families the Miyamotos and Koharas who are the beating heart at the center of this saga Through them the authors have laid out a historical counter narrative that is part biography and part critical exploration of a forgotten chapter of American history This manuscript is the first of its kind to focus primarily on exploring Camp Livingston arguably one of the lesser known enemy alien internment camps in depth including its layout operations and the daily life and experiences of the internees within *Cruising Guide to the Hawaiian Islands* Carolyn Mehaffy,Bob Mehaffy,2006-10 Bob and Carolyn Mehaffy spent over a year on their Hardin 45 ketch Carricklee researching all of the anchorages and harbors on all the inhabited , **The Arts of Kingship** Stacy L. Kamehiro,2009-07-27 The Arts of Kingship offers a sustained and detailed account of Hawaiian public art and architecture during the reign of David Kalakaua the nativist and cosmopolitan ruler of the Hawaiian Kingdom from 1874 to 1891 Stacy Kamehiro provides visual and historical analysis of Kalakaua s coronation and regalia the King Kamehameha Statue Iolani Palace and the Hawaiian National Museum drawing them together in a common historical political and cultural frame Each articulated Hawaiian national identities and navigated the turbulence of colonialism in distinctive ways and has endured as a key cultural symbol These cultural projects were part of the monarchy s concerted effort to promote a national culture in the face of colonial pressures internal political divisions and declining social conditions for Native Hawaiians which in combination posed serious threats to the survival of the nation The Kalakaua leadership endorsed images that boosted international relations and appeased foreign agitators in the kingdom while addressing indigenous political cleavages Kamehiro interprets the images spaces and institutions as articulations of the complex cultural entanglements and creative engagement with international communities that occur with prolonged colonial contact Nineteenth century Hawaiian sovereigns celebrated Native tradition history and modernity by intertwining indigenous conceptions of superior chiefly leadership with the apparati and symbols of Asian American and European rule

The resulting symbolic forms speak to cultural intersections and historical processes claims about distinctiveness and commonality and the power of objects institutions and public display to create meaning and enable action The Arts of Kingship pursues questions regarding the nature of cultural exchange how precolonial visual culture engaged and shaped colonial contexts and how colonial art informs postcolonial visualities and identities It will be welcomed by readers with a general and scholarly interest in Hawaiian history and art As it contributes to discussions about colonial cultures nationalism and globalization this interdisciplinary work will appeal to art and architectural historians as well as those studying Pacific history cultural and museum studies and anthropology Culture Contact in the Pacific Max Quanchi, Ron W. Adams, 1993-03-22

The authors have brought together a collection of works from specialists in Pacific History from across Australia and throughout the Pacific The individual contributions were specifically written to meet the needs of senior history courses in Australia Max Quanchi and Ron Adams are well known educationists who have specialised in the Pacific They have extensively travelled and studied in the Pacific and have spent many years teaching history to secondary and tertiary students The result is an authoritative text for all senior History and Australian Studies students who need to understand the Pacific region *Plague and Fire* James C. Mohr, 2004-11-15

A little over a century ago bubonic plague the same Black Death that decimated medieval Europe arrived on the shores of Hawaii just as the islands were about to become a U S territory In this absorbing narrative James Mohr tells the story of that fearful visitation and its fiery climax a vast conflagration that engulfed Honolulu s Chinatown Mohr tells this gripping tale largely through the eyes of the people caught up in the disaster from members of the white elite to Chinese doctors Japanese businessmen and Hawaiian reporters At the heart of the narrative are three American physicians the Honolulu Board of Health who became virtual dictators when the government granted them absolute control over the armed forces and the treasury The doctors soon quarantined Chinatown where the plague was killing one or two people a day and clearly spreading They resisted intense pressure from the white community to burn down all of Chinatown at once and instead ordered a careful controlled burning of buildings where plague victims had died But a freak wind whipped one of those small fires into a roaring inferno that destroyed everything in its path consuming roughly thirty eight acres of densely packed wooden structures in a single afternoon Some 5000 people lost their homes and all their possessions and were marched in shock to detention camps where they were confined under armed guard for weeks Next to the attack on Pearl Harbor in 1941 the Chinatown fire is the worst civic disaster in Hawaiian history A dramatic account of people struggling in the face of mounting catastrophe *Plague and Fire* is a stimulating and thought provoking read *Firsts and Almost Firsts in Hawaii* Robert C. Schmitt, 1995-12-01 This is the first book length look at how and when a wide range of items made their first appearance in the Islands from cockroaches slot machines and drive ins to aloha shirts parking meters and shipwrecks To satisfy the curious and the skeptical endnotes and a bibliography listing more than 200 publications are provided making this work a valuable reference for scholars and an entertaining handbook for

trivia buffs *Labor Immigration under Capitalism* Lucie Cheng, Edna Bonacich, 2021-05-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984

The Hawaii State Constitution Anne Feder Lee, 2011 The Hawaii State Constitution provides an outstanding constitutional and historical account of the state's governing charter In addition to an overview of Hawaii's constitutional history it provides an in depth section by section analysis of the entire constitution detailing the many significant changes that have been made since its initial drafting This treatment along with a table of cases index and bibliography provides an unsurpassed reference guide for students scholars and practitioners of Hawaii's constitution Previously published by Greenwood this title has been brought back in to circulation by Oxford University Press with new verve Re printed with standardization of content organization in order to facilitate research across the series this title as with all titles in the series is set to join the dynamic revision cycle of The Oxford Commentaries on the State Constitutions of the United States The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state's constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents *Living and Retiring in Hawaii* James R. Smith Ph. D., 2004 The answers are found within the pages of *Living and Retiring in Hawaii* James R Smith Ph D and spouse Diane Smith B S detail the options available to emigres including Whether to rent buy or build and what to look for in a new home Retirement communities catered living and assisted living Choosing an island Oahu Hawaii Maui Kauai Molokai or Lanai Recreation and leisure pursuits *Living and Retiring in Hawaii* focuses on the health considerations and **Hawaii For Dummies** Cheryl Farr Leas, 2008-12-05 For Dummies Travel guides are the ultimate user friendly trip planners combining the broad appeal and time tested features of the For Dummies series with up to the minute advice and information from the experts at Frommer's Small trim size for use on the go Focused coverage of only the best hotels and restaurants in all price ranges Tear out cheat sheet with full color maps or easy reference pointers **Translating Property** María E. Montoya, 2005-05-15 When American settlers arrived in the southwestern borderlands they assumed that the land was unencumbered by property claims But as Mar a Montoya shows the Southwest was no empty quarter simply waiting to be parceled up Although Anglo farmers claimed absolute rights under the Homestead Act their claims were contested by Native

Americans who had lived on the land for generations Mexican magnates like Lucien Maxwell who controlled vast parcels under grants from Mexican governors and foreign companies who thought they had purchased open land The result was that the Southwest inevitably became a battleground between land regimes with radically different cultural concepts The struggle over the Maxwell Land Grant a 1 7 million acre tract straddling New Mexico and Colorado demonstrates how contending parties reinterpreted the meaning of property to uphold their claims to the land Montoya reveals how those claims with their deep historical and racial roots have been addressed to the satisfaction of some and the bitter frustration of others

Translating Property describes how European and American investors effectively mistranslated prior property regimes into new rules that worked to their own advantage and against those who had lived on the land previously Montoya explores the legal political and cultural battles that swept across the Southwest as this land was drawn into world market systems She shows that these legal issues still have real meaning for thousands of Mexican Americans who continue to fight for land granted to their families before the Treaty of Guadalupe Hidalgo or for continuing communal access to land now claimed by others This new edition of Montoya s book brings the land grant controversy up to date A year after its original publication the Colorado Supreme Court tried once more to translate Mexican property ideals into the U S system of legal rights and in 2004 the Government Accounting Office issued the federal government s most comprehensive effort to sort out the tangled history of land rights concluding that Congress was under no obligation to compensate heirs of land grants Montoya recaps these recent developments further expanding our understanding of the battles over property rights and the persistence of inequality in the Southwest

The Wide Wide Sea Hampton Sides, 2025-05-27 NEW YORK TIMES BESTSELLER A thrilling and superbly crafted The Wall Street Journal account of the most momentous voyage of the Age of Exploration which culminated in Captain James Cook s death in Hawaii and left a complex and controversial legacy still debated to this day One of The New York Times Book Review s 10 Best Books of the Year A BEST BOOK OF THE YEAR THE NEW YORK TIMES TIME THE ECONOMIST NPR THE NEW YORKER THE SMITHSONIAN AND KIRKUS REVIEWS In this masterly history Sides tracks the 18th century English naval officer James Cook s third and final voyage across the globe painting a vivid and propulsive portrait The New York Times Book Review On July 12th 1776 Captain James Cook already lionized as the greatest explorer in British history set off on his third voyage in his ship the HMS Resolution Two and a half years later on a beach on the island of Hawaii Cook was killed in a conflict with native Hawaiians How did Cook who was unique among captains for his respect for Indigenous peoples and cultures come to that fatal moment Hampton Sides bravura account of Cook s last journey both wrestles with Cook s legacy and provides a thrilling narrative of the titanic efforts and continual danger that characterized exploration in the 1700s Cook was renowned for his peerless seamanship his humane leadership and his dedication to science On previous expeditions Cook mapped huge swaths of the Pacific including the east coast of Australia and initiated first European contact with numerous peoples He treated his crew well and endeavored to learn about the

societies he encountered with curiosity and without judgment Yet something was different on this last voyage Cook became mercurial resorting to the lash to enforce discipline and led his two vessels into danger time and again Uncharacteristically he ordered violent retaliation for perceived theft on the part of native peoples This may have had something to do with his secret orders which were to chart and claim lands before Britain's imperial rivals could and to discover the fabled Northwest Passage Whatever Cook's intentions his scientific efforts were the sharp edge of the colonial sword and the ultimate effects of first contact were catastrophic for Indigenous people around the world The tensions between Cook's overt and covert missions came to a head on the shores of Hawaii His first landing there was harmonious but when Cook returned after mapping the coast of the Pacific Northwest and Alaska his exploitative treatment of the Hawaiians led to the fatal encounter At once a ferociously paced story of adventure on the high seas and a searching examination of the complexities and consequences of the Age of Exploration *THE WIDE WIDE SEA* is a major work from one of our finest narrative nonfiction writers

Bunker Hill to Bastogne Briton Cooper Busch, 2006 America's curiosity about elite military units is greater than ever in today's crisis-ridden world And while numerous books have examined the various elite forces *Bunker Hill to Bastogne* goes much further to show the relationship between these special units and the societies that gave birth to them Though America in general has often regarded its military establishment as an unfortunate necessity elite formations have nearly always emerged in moments of crisis And while their exploits have fostered the cherished image of the individualistic but loyal rifleman ranger these legends have not always corresponded to reality America's roster of heroic images has long included esteemed elite units running the gamut from Roger's Rangers at Fort Ticonderoga during the American Revolution to Berdan's Sharpshooters during the Civil War and the paratroopers of Normandy in World War II But despite Americans' reverent regard for and patriotic depiction of elite units they initially distrusted the idea of a standing army given such abuses as the quartering of soldiers in citizens' homes Indeed the egalitarian American spirit caused the Founding Fathers to discourage a class of emperor-making military elites And yet elite units did emerge during every major American conflict But the evolution of such forces has taken place in fits and starts with units often demobilizing after a particular crisis had passed Only since World War II have elite units become a consistently relied upon arm of the military for dealing with constantly erupting global crises *Bunker Hill to Bastogne* is a unique and timely chronicle of the birth and evolution of elite forces and the American public's reactions to them It shows that despite Americans' wariness of a possible military elite their love of the fabled rifleman ranger has seldom dwindled though in the twenty-first century their hero might wear a green beret rather than a coonskin cap
