Wynn Thomas, 2017-05-05 Wales may be small but culturally it is richly varied The aim in this collection of essays on a number of English language authors from Wales is to offer a sample of the country s internal diversity To that end the author s examined range from the exotic Lynette Roberts Argentinean by birth but of Welsh descent and the English born Peggy Ann Whistler who opted for new Welsh identity as Margiad Evans to Nigel Heseltine whose bizarre stories of the antics of the decaying squierarchy of the Welsh border country remain largely unknown and the Utah based poet Leslie Norris who brings out the bicultural character of Wales in his Welsh English translations The result is a portrait of Wales as a micro cosmopolitan country and the volume is prefaced with an autobiographical essay by one of the leading specialists in the field authoritatively tracing the steady growth over recent decades of serious informed and

sustained study of what is a major achievement of Welsh culture The Eye of the Mammoth Stephen Harrigan, Nicholas Lemann, 2013-04-15 In four decades of writing for magazines ranging from Texas Monthly to the Atlantic American History and Travel Holiday Stephen Harrigan has established himself as one of America's most thoughtful writers In this career spanning anthology which gathers together essays from two previous books A Natural State and Comanche Midnight as well as previously uncollected work readers finally have a comprehensive collection of Harrigan's best nonfiction History natural history human history and personal history and place are the cornerstones of The Eye of the Mammoth But the specific history or place varies considerably from essay to essay Harrigan's career has taken him from the Alaska Highway to the Chihuahuan Desert from the casinos of Monaco to his ancestors village in the Czech Republic Texas is the subject of a number of essays and a force in shaping others as in The Anger of Achilles in which a nineteenth century painting moves the author despite his possessing a Texan's suspicion of serious culture Harrigan's deceptively straightforward voice however belies an intense curiosity about things that by his own admission may be unknowable Certainly we are limited in what we can know about the inner life of George Washington the last days of Davy Crockett or the motives of a caged tiger but Harrigan's gift a gift that has also made him an award winning novelist is to bring readers closer to such things to make them less remote just as a cave painting in the title essay eerily transmits the living stare of a long extinct mammoth **Book Review Digest**, 1978 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher City Wilds Terrell Dixon, 2002 The assumptions we make about nature writing too often lead us to see it only as a literature about wilderness or rural areas This anthology broadens our awareness of American nature writing by featuring the flora fauna geology and climate that enrich and shape urban life Set in neither pristine nor exotic environs these stories and essays take us to rivers parks vacant lots lakes gardens and zoos as they convey nature's rich disregard of city limits signs With writings by women and men from cities in all regions of the country and from different ethnic traditions the anthology reflects the geographic differences and multicultural makeup of our cities Works by well known and emerging contemporary writers are included as well as pieces from important twentieth century urban nature writers Since more than 80 percent of Americans now live in urban areas we need to enlarge our environmental concerns to encompass urban nature By focusing on urban nature writing the selections in City Wilds can help develop a more inclusive environmental consciousness one that includes both the nature we see on a day to day basis and how such nearby nature is viewed by writers from diverse cultural backgrounds **The New York Times Book Review**, 1978-07

poet living in Moscow in the 1970s as well as his retrospective meditations thirty years later after most of his hopes have foundered As the story begins Lev is involved in a tortured affair with an older woman and consumed by envy of his more privileged friend and fellow beginner poet Nikita one of the children of high Soviet functionaries who were known as golden youth In both narratives Krivorotov recounts with regret and self castigation the failure of a double infatuation his erotic love for the young student Anya and his artistic love for the poet Viktor Chigrashov When this double infatuation becomes a romantic triangle the consequences are tragic In *Illegible* as in his poems Gandlevsky gives us unparalleled access to the atmosphere of the city of Moscow and the ethos of the late Soviet and post Soviet era while at the same time demonstrating the universality of human emotion **The American Humanities Index** Stephen H.
