## Short History Of Bonaire:

A Short History of the Netherlands Antilles and Surinam Cornelis C. Goslinga, 2012-12-06 To English speaking historians the author of this book a Dutchman who for many years now finds his base at the University of Florida became well known when his *The Dutch in the Caribbean and on the Wild Coast 1581-1680* was published in 1972 At that time Professor Goslinga who prior to his academic career in the United States lived for an extended period in Curaçao Netherlands Antilles had already acquired a solid reputation among Dutch Caribbeanists by his manifold publications on social political and maritime aspects of Dutch West Indian history By his training interests and present position Dr Goslinga would seem to me to be singularly well equipped to write a comprehensive history geared to an English speaking university public of what was once known as the Netherlands West Indies The present book is the product of this professional equipment and of his long teaching experience It should go a long way in filling the old and wide gap in historical information on this part of the former Dutch empire and I hope an equally wide but younger audience will appreciate it Handbook of Gender Studies in the Dutch Caribbean, 2024-04-30 Edited by Rose Mary Allen and Sruti Bala this comprehensive handbook of gender studies scholarship on the Dutch Caribbean islands thematically covers the history of movements for gender equality the relation of gender to race colonialism sexuality and the arts and popular culture The handbook offers unparalleled insights into a century of debates around gender from the six islands of the Dutch Caribbean Curaçao Bonaire Aruba St Maarten St Eustatius and Saba This handbook makes gender studies in the Dutch Caribbean accessible to an international readership Besides key academic writings it includes primary historical sources translations from Papiamentu and Dutch as well as personal memoirs and poetry *General History of the Caribbean UNESCO Volume 6* NA NA, 2019-06-12 Volume 6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The authors examine how the lingual diversity of the region has affected the historian's ability to coalesce an historical account The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure This volume concludes with a detailed bibliography that is comprehensive of the entire series *Underwater and Maritime Archaeology in Latin America and the Caribbean* Margaret E Leshikar-Denton, Pilar Luna Erreguerena, 2016-06-03 Case studies written primarily by Latin American and Caribbean archaeologists demonstrate exciting and cutting edge research conservation site preservation and interpretation of underwater and maritime archaeology in the region *Music in Latin America and the Caribbean: An Encyclopedic History REANNOUNCE/F05: Volume 2: Performing the Caribbean Experience* Kuss, Malena, The music of the peoples of South and Central America Mexico and the Caribbean is treated with unprecedented breadth in this multi volume work Taking a sociocultural and human centered approach Music in Latin America and the Caribbean gathers the best scholarship from writers all over the world to cover in depth the musical legacies of indigenous peoples creoles African

descendants Iberian colonizers and other immigrant groups that met and mixed in the New World From these texts music emerges as the powerful tool that negotiates identities enacts resistance performs beliefs and challenges received aesthetics More than two decades in the making this work privileges the perspectives of cultural insiders and emphasizes the role that music plays in human life Volume 2 Performing the Caribbean Experience focuses on the reconfiguration of this complex soundscape after the Conquest and on the strategies by which groups from distant worlds reconstructed traditions assigning new meanings to fragments of memory and welding a fascinating variety of unique Creole cultures Shaped by an enduring African presence and the experience of slavery and colonization by the Spanish French British and Dutch peoples of the Caribbean islands and circum Caribbean territories resorted to the power of music to mirror their history assert identity gain freedom and transcend their experience in lasting musical messages Essays on pan Caribbean themes surveys of traditions and riveting personal accounts capture the essence of pluralistic and spiritualized brands of creativity through the voices of an unprecedented number of Caribbean authors including a representative contingent of distinguished Cuban scholars whose work is being published in English translation for the first time in this book Two CDs with 52 recorded examples illustrate the contributions to this volume

**General History of the Caribbean** Higman, B.W., UNESCO, 1995-06-21 This volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The chapters discussing methodology are followed by studies of particular themes of historiography The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the General History of the Caribbean as a whole

**Bonaire** Johannes Hartog, 1978

**Island Lives** Paul Farnsworth, 2001-08-20 This comprehensive study of the historical archaeology of the Caribbean provides sociopolitical context for the ongoing development of national identities points to the future by suggesting different trajectories that historical archaeology and its practitioners may take in the Caribbean arena and elucidates the problems and issues faced worldwide by researchers working in colonial and post colonial societies

Many Rivers to Cross: Black Migrations in Brazil and the Caribbean Elaine P. Rocha, 2024-01-23 Since the first contact with Europeans the Americas have been a continent of immigrants as much as a continent of continuous migrations Black migrations represent more than the transit of people between countries and regions and from rural areas to urban centers It contributed to constructing networks that made survival possible creating neighborhoods and cultural expression impacting dietary habits exchanging crops and agricultural techniques and uplifting families from slavery and misery to ownership education and political representation The most dangerous elements that moved from place to place with blacks were the ideas of freedom and citizenship This book brings together articles from authors dedicated to the study of black migrations in diverse countries as well as in diverse historical periods to highlight that the movement of black people has been continuous

over the centuries Sometimes voluntarily others coerced people have moved from one place to another carrying with them history and important cultural traditions such as language music and religion Moreover dangerous ideas of liberty and equality would spread through the African Diaspora Ten authors from renowned universities contributed with their works on black migrations from a transnational perspective exploring how people have transited between regions countries and continents carrying their ideas costumes beliefs and strategies for survival In their trajectories migrants built communities created religions musical traditions languages and much more They influenced politics contributed to revolutions and wars to the economy and shaped societies For centuries Latin America's official history has pushed black immigrants histories to the margins keeping them in the shadows and denying their importance in the construction of the modern world The works brought together in this book aim to contribute to breaking this pattern bringing the experiences of black migrants from the margins to the center

**Rock Art of the Caribbean** Michele Hayward, Michael A. Cinquino, Lesley-Gail

Atkinson, 2009-07-14 Rock Art of the Caribbean focuses on the nature of Caribbean rock art or rock graphics and makes clear the region's substantial and distinctive rock art tradition

**Simón Bolívar's Quest for Glory** Richard W. Slatta, Jane Lucas De Grummond, 2003-06-25 Earning glory on the fields of battle Simón Bolívar 1783-1830 was one of the most influential and enigmatic figures of Latin American history Most North Americans know little of the Liberator who freed South America from Spanish rule from 1810 to 1826 Richard W. Slatta and Jane Lucas De Grummond bring forth the entire life and legacy of Simón Bolívar with special attention to the ups and the downs of his military career in Bolívar's Quest for Glory Bolívar's life contained all the makings of an epic war hero repeated comebacks from defeat flashes of military genius tremendous mood swings dogged persistence a near manic quest for glory and fall from political grace He exhibited both military leadership and foolhardiness Egomaniacal he strived for military might and political power The tragedy of his life and his political legacy remain hotly debated but no one would deny this man's historical significance Drawing from an immense corpus of writings left behind by Bolívar his allies and his enemies the authors transport the reader back to the life and times of the Liberator introducing lesser known people who fought on both sides of the conflict and showing how Bolívar did not win Spanish American independence all on his own Voices of the past ring from this rich narrative expressions of admiration for Bolívar's courage leadership and vision as well as proclamations of the leader's failures and weaknesses The first ever biography to suggest that Bolívar suffered from bipolar disorder Bolívar's Quest for Glory treads new ground and shows how the conflicts he faced during the independence era set a political pattern followed by much of Latin America for the next century Scholars and fans of military history anyone interested in the development of modern Latin America and readers of great biography will all welcome this book

**The Journal of Caribbean History**, 1985 *Bonaire, Short History* Johannes Hartog, 1975

*History of St. Eustatius* Johannes Hartog, 1976 For review see Jaap J van Soest in *Amigoe di Curaçao* 27 XI 1976 p 10

**Netherlands Antilles and Aruba** Kai P. Schoenhals, 1993 For abstract see Caribbean Abstracts nr 5 1993 1994 1995 p

108 nr 0558 For review see Samuel Bandara in Caribbean Quarterly vol 41 nr 3 p 145 146      *Bonaire, Short History* Johannes Hartog,1975      **Handbook of Caribbean Economies** Robert Looney,2020-11-10 This volume aims to illustrate the uniqueness of the economies of the countries and territories of the Caribbean as well as the similarities they share with other regions While most countries in the region share many of the characteristics of middle income countries theirs is a matter of extremes Their generally small size suggests a fragility not found elsewhere While much of the world is beginning to feel some effects of climate change the Caribbean is ground zero These factors suggest a difficult road ahead but the chapters presented in this volume aim to help to spur the search for creative solutions to the region s problems The chapters written by expert contributors examine the Caribbean economies from several perspectives Many break new ground in questioning past policy mindsets while developing new approaches to many of the traditional constraints limiting growth in the region The volume is organized in four sections Part I examines commonalities including issues surrounding small economies tourism climate change and energy security Part II looks at obstacles to sustained progress for example debt natural disasters and crime In Part III chapters consider the specific role of external influences including the USA and the European Union the People s Republic of China as well as regional co operation The volume concludes in Part IV with country case studies intended to provide a sense of the diversity that runs through the region      **Cruising the Southern and Western Caribbean** Larry H. Ludmer,2011-04-01 Here is an invaluable guide to the cruise lines the ships themselves and their ports of call in the Western and Southern Caribbean extending from the Bahamas down to Trinidad and even Venezuela You will have between eight and 10 hours in each cruise port you visit This guide tells you how to make the most of that time by focusing on the best sights and activities at every stop For each port the author provides an over view description a detailed map complete information on how to get around a one day sightseeing tour both in the port itself and beyond recreational activities from golf and tennis to hiking and beach going shopping and tours of historical sites

**Genealogical Encyclopedia of the Colonial Americas** Christina K. Schaefer,1998 Covers the period of colonial history from the beginning of European colonization in the Western Hemisphere up to the time of the American Revolution

**Bibliographic Guide to Latin American Studies** ,1986
