## Short Introduction To English Usage:

**A Short Introduction to English Grammar** Robert Lowth, 1787      [A Short Introduction to English Usage](#) J. J. Lamberts, 1959      **A Short Introduction to English Grammar** James Sledd, 1959      **The English Language** Simon Horobin, 2018 This book provides a concise and accessible history of English engages with key debates concerning issues of correctness standards and dialects investigates the uses of English worldwide reflects on the future of the English language Publisher description      **The Chicago Guide to Grammar, Usage, and Punctuation** Bryan A. Garner, 2020-03-04 The authoritative guide to using the English language effectively from the greatest writer on grammar and usage that this country has ever produced David Yerkes Columbia University The author of The Chicago Manual of Style's popular Grammar and Usage chapter Bryan A Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity With The Chicago Guide to Grammar Usage and Punctuation he has written the definitive guide for writers who want their prose to be both memorable and correct Garner describes standard literary English the forms that mark writers and speakers as educated users of the language He also offers historical context for understanding the development of these forms The section on grammar explains how the canonical parts of speech came to be identified while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature Garner also treats punctuation and word formation and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references The Chicago Guide to Grammar Usage and Punctuation is a magisterial work the culmination of Garner's lifelong study of the English language The result is a landmark resource that will offer clear guidelines to students writers and editors alike A manual for those of us laboring to produce expository prose nonfiction books journalistic articles memorandums business letters The conservatism of his advice pushes you to consider audience and occasion so that you will understand when to follow convention and when you can safely break it John E McIntyre Baltimore Sun      **A Short Introduction to English Grammar** Robert Lowth, 1767      **A Bibliography of Writings on the English Language from the Beginning of Printing to the End of 1922** Arthur Garfield Kennedy, 1927      [A short introduction to English grammar ... A new edition, corrected. \[By Robert Lowth.\]](#) Robert Lowth, 1764      *Garner's Modern American Usage* Bryan Garner, 2009-08-27 Since first appearing in 1998 Garner's Modern American Usage has established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation Now in the third edition readers will find the Garner's Language Change Index which registers where each disputed usage in modern English falls on

a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout Garner's *Modern American Usage* 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved

**A short introduction to English Grammar**, 1783 **Grammar of English grammars; or Advanced manual of English grammar and language** Jacob Lowres, 1863 **A Dictionary of English Normative Grammar 1700–1800 (DENG)** Bertil Sundby, Anne Kari Bjørge, Kari E. Haugland, 1991-01-01 Eighteenth century English grammarians plead eloquently for purity precision and perspicuity but their method of teaching largely amounts to citing examples of impurity imprecision and lack of clarity from contemporary writings This book is the first of its kind to provide a detailed systematic account of such errors Apart from source and page references the Dictionary gives the context of the error I have not wept this forty years the correct or target form these forty years the name of the authors quoted by the grammarians Addison Swift and the labels which sum up their assessment of the error absurd solecism It operates with error categories such as ambiguity ellipsis and government fourteen in all which are subdivided into grammatically described main entries subentries and so on The Introduction includes a guide to the use of the Dictionary the grammatical code and a discussion of grammatical concepts error typologies problems of identifying literary sources attitudes to correctness grammatical figures and other topics A Bibliography and an Index of lexical items and technical terms round off the volume The way the Dictionary is organized should make it possible to find in it the answer to a wide variety of questions pertaining to grammar style and linguistic historiography
