Law's Dominion Jay R. Berkovitz, 2019-11-26 In Law's Dominion Jay Berkovitz offers a novel approach to the history of early modern Jewry Set in the city of Metz on the Moselle river this study of a vibrant prerevolutionary community draws on a wide spectrum of legal sources that tell a story about community religion and family that has not been told before Focusing on the

community's leadership, public institutions and judiciary. This study challenges the assumption that Jewish life was in a steady state of decline before the French Revolution. To the contrary, the evidence reveals a robust community that integrated religious values and civic consciousness interacted with French society and showed remarkable signs of collaboration between Jewish law and the French judicial system.

In *Law's Dominion*, Jay Berkovitz has gathered and meticulously mined a dazzling array of rich and complex rabbinic texts and records from Western Europe during the early modern period, including the pinkas of the rabbinic court of Metz that he previously rescued from oblivion. What emerges is a remarkably fresh depiction and incisive comparative treatment of central aspects of Jewish law, religion and family, which will have far-reaching ramifications for all future studies in these disciplines.

New Perspectives on Jewish-Christian Relations Elisheva Carlebach, Jacob J. Schacter, 2011-11-25

The delicate balance between toleration and repulsion of the Jews, a tiny minority living within the Christian world, stands at the center of studies of religion and society. The development of this difficult relationship on many levels, theological, institutional and individual, is a matter of continuing relevance in religious history from ancient to contemporary contexts. This volume, written by the leading scholars of Jewish-Christian engagement, seeks to revisit the question in light of new sources and re-readings of older sources. The old view of two implacable enemies battling for their version of truth of Jews living as insular pariahs within a hostile world, the tale of persecution by the mighty of the weak, has given way to a much more nuanced understanding of areas of congruence of cultural, economic and social interchange. The volume examines changes in the Christian posture toward the Jews occurring in a time and place of tremendous cultural and religious creativity in Western European society. It seeks to understand how Jews integrated elements of Christian culture into their own. The volume spans some of the key turning points in the Jewish-Christian relationship and re-examines critical texts, religious disputations and cultural interactions.

The Oxford Handbook of the Jewish Diaspora Hasia R. Diner, 2021-11-05

The Oxford Handbook of the Jewish Diaspora is a comprehensive collection of scholarship that reflects the multifaceted nature of diaspora studies. Persecuted and exiled throughout their history, Jews have also continuously migrated to places offering better opportunities, yet the Jewish people have been defined by their permanent lack of belonging. This Oxford Handbook explores the complicated nature of diasporic Jewish life as something both destructive and creative. The contributors explore subjects as diverse as biblical and medieval representations of diaspora, the various diaspora communities that emerged across the globe, the contradictory relationship the diaspora bears to Israel, and how the diaspora is celebrated and debated within modern Jewish thought.

Body, Self and Melancholy Siglinde Clementi, 2023-09-01

This book addresses early modern concepts of the body and the self, focussing on three self-narratives authored by the nobleman Osvaldo Ercole Trapp, 1634-1710: a body description from head to foot, autobiographical writings and a brief chronicle of the House of Trapp, Caldonazzo. Approaching the complex theme of the question of the early modern self and the historical body

this book intertwines consistent contextualisation and historicisation of self interpretation and biography This is done in three steps first the content and function of these self narratives are analysed with reference to current research on early modern self narratives In a second step the life and family history of Osvaldo Ercole Trapp are examined from a microhistorical perspective and placed within the context of the early modern history of Tyrol s nobility A third step then goes into detail on individual contexts and discourses that refine one s comprehension of these self narratives noble masculinity family house and line theories of procreation and education body experience and body images It combines textual analysis historical anthropology with a strong gender historical perspective microhistory and the history of the body as a history of experience and discourse With this approach the study makes an innovative contribution to early modern studies on self narratives social history of early modern nobility and the history of the body as the history of experience and discourse This volume will be of interest to students and scholars alike interested in intellectual social and cultural history
