

The background of the cover is a romantic illustration of a man and a woman in 19th-century attire. The man, on the left, is wearing a dark suit and a red cravat, looking down at the woman. The woman, on the right, is wearing a red dress with gold lace trim and looking up at him with a slight smile. The overall tone is warm and intimate.

Long Liberated Ladies:

Bad Girls Go Everywhere Jennifer Scanlon, 2010-08-31 The biography of the revolutionary magazine editor who created the Cosmo Girl before Sex and the City's Carrie Bradshaw was even born. As the author of the iconic Sex and the Single Girl 1962 and the editor in chief of Cosmopolitan magazine for over three decades Helen Gurley Brown 1922-2012 changed how women thought about sex, money, and their bodies in a way that resonates in our culture today. In Jennifer Scanlon's widely acclaimed biography, the award-winning scholar reveals Brown's incredible life story from her escape from her humble beginnings in the Ozarks to her eyebrow-raising exploits as a young woman in New York City and her late-blooming career as the world's first lipstick feminist. A mesmerizing tribute to a legend, *Bad Girls Go Everywhere* will appeal to everyone from Sex and the City and Mad Men fans to students of women's history and media studies.

Women Remember Anne Smith, 2013-05-07 In this fascinating book originally published in 1989, Anne Smith records interviews with a group of octogenarian women covering all social classes and a great variety of experience. She allows the women to speak for themselves, bringing to light the submerged history of ordinary women's lives. This book should be of interest to a wide general readership as well as students of British social history and women's studies.

The Other Country Mr̥ṇāla Pāṇḍe, 2011 A collection of essays on some of the most vexing issues troubling Indian society today.

Women Beyond Freud: New Concepts Of Feminine Psychology Milton M. Berger, 2013-05-24 First published in 1994, this volume contains the proceedings of a historic meeting attended by over 2,000 mental health professionals and lay people to mark the fiftieth anniversary of the founding of the Karen Horney Psychoanalytic Centre in New York City. Each contributor to this book offers unique insight into the seminal work of Karen Horney, one of the first psychoanalysts to question Freud's male-centred theories and clinical practices. The book includes accounts of the formative girlhood experiences that awakened Horney's spirit of independence and the intellectual and cultural currents of her time that influenced her work. A contribution by a preeminent sex therapist challenges the notion that liberated women threaten the potency of men. Other contributors define the characteristics of relationships that foster or hinder women's psychological growth and discuss the conflicts faced by adolescent girls as they become aware of gender differences.

Women, Global Protest Movements, and Political Agency Sarah Colvin, Katharina Karcher, 2018-07-11 This volume analyses and historicises the memory of 1968, understood as a marker of an emerging will for social change around the turn of that decade rather than as a particular calendar year, focusing on cultural memory of the powerful signifier '68 and women's experience of revolutionary agency. After an opening interrogation of the historical and contemporary significance of 1968, why does it still matter how and why is it remembered in the contexts of gender and geopolitics and what implications does it have for broader feminist understandings of women and revolutionary agency, the contributors explore women's historical involvement in 1968 in different parts of the world and the different ways in which women's experience as victims and perpetrators of violence are remembered and understood. This

work will be of great interest to students and scholars of protest and violence in the fields of history politics and international relations sociology cultural studies and women s studies **Write like a Man** Ronnie A. Grinberg,2024-03-26 How virility and Jewishness became hallmarks of postwar New York s combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience Write like a Man examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America Write like a Man shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era **Frontier Women** Julie Jeffrey,1998-02-28 The classic history of women on America s frontiers now updated and thoroughly revised FRONTIER WOMEN is an imaginative and graceful account of the extraordinarily diverse contributions of women to the development of the American frontier Author Julie Roy Jeffrey has expanded her original analysis to include the perspectives of African American and Native American women **The Sitcom Reader** Mary M. from Bridget Jones to Simone de Beauvoir Betty Friedan to Germaine Greer James Tooley challenges education's sacred cows demanding a radical rethinking of sexual politics and a fairer way forward for women The Miseducation of Women landed like a bombshell when it was published in England a few months ago but Mr Tooley's book replete with examples and anecdotes from the United States as well as Great Britain has equal application to the gender arguments on this side of the Atlantic

Women of Color and the Reproductive Rights Movement Jennifer Nelson, 2003-10 Uncovers the truth behind the ideas struggles and eventually success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s 1970s and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights for many women abortion was not the only or even primary focus Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s 1970s and early 1980s through the particular contributions of women of color She explores the relationship between second wave feminists who were concerned with a woman's right to choose Black and Puerto Rican Nationalists who were concerned that Black and Puerto Rican women have as many children as possible for the revolution and women of color themselves who negotiated between them Contrary to popular belief Nelson shows that women of color were able to successfully remake the mainstream women's liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics including addressing sterilization abuse access to affordable childcare and healthcare and ways to raise children out of poverty for feminist discourse

Solidarity and Defiant Spirituality Traci C. West, 2019-01-22 How activists in Ghana South Africa and Brazil provide inspiration and strategies for combating the gender violence epidemic in the United States How can the U S learn from the perspectives of anti gender violence activists in South America and Africa as we seek to end intimate violence in this country The U S has consistently positioned itself as a moral exemplar seeking to export its philosophy and values to other societies Yet in this book Traci C West argues that the U S has much to learn from other countries when it comes to addressing gender based violence West traveled to Ghana South Africa and Brazil to interview activists involved in the struggle against gender violence In each of these places as in the United States Christianity and anti black racism have been implicated in violence against women In Ghana and Brazil in particular their Christian colonial and trans Atlantic slave trade histories directly connect with the socioeconomic development of the Americas and historic incidents of rape of black slave women With a transnational focus on religion and racism West brings a new perspective to efforts to systemically combat gender violence Calling attention to forms of violence in the U S and international settings such as marital rape sex trafficking of women and girls domestic violence and the targeting of lesbians the book offers an expansive and nuanced view

of how to form activist solidarity in tackling this violence It features bold and inspiring approaches by black women leaders working in each setting to uproot the myriad forms of violence against women and girls Ultimately West calls for us to learn from the lessons of African activists drawing on a defiant African spirituality as an invaluable resource in the quest to combat the seemingly chronic problem of gender based violence *Godey's Lady's Book* ,1854 The Woman's Hand Paul Gordon Schalow,Janet A. Walker,1996 This volume has a dual purpose It aims to define the state of Japanese literary studies in the field of women s writing and to present cross cultural interpretations of Japanese material of relevance to contemporary work in gender studies and comparative literature *Female Adolescent Sexuality in the United States, 1850-1965* Ann Kordas,2019-04-08 This book examines the history of female adolescent sexuality in the United States from the middle of the nineteenth century until the beginning of the 1960s The book analyzes both adult perceptions of female adolescent sexuality and the experiences of female adolescents themselves It examines what girls knew or thought they knew about sex at different points in time girls sexual experiences girls ideas about love and romance female adolescent beauty culture and the influence of popular culture on female adolescent sexuality It also examines the ways in which adults responded to female adolescent sexuality and the efforts of adults to either control or encourage girls interest in sexual topics dating girls participation in beauty culture and their education on sexual topics The book describes a trajectory along which female adolescents went from being perceived as inherently innocent and essentially asexual to being regarded and feared as primarily sexual in nature Report of the International Council of Women ,1888
