Look At Cuba:

Looking at Cuba Kathleen Pohl, 2008-07-01 Examines the features of the country of Cuba with illustrations and key facts about the land and people Let's Look at Cuba Nikki Bruno Clapper, 2018-01-01 Welcome to Cuba Hear the strong dance beat of salsa music Walk city streets lined with colorful buildings Learn about the people places and traditions of this hot island country Provided by publisher **Hearings** United States. Congress Senate, 1962 **Cuba Si!** Terrence McNally, 1970 THE STORIES CUBA SI Waiting for the revolution that she feels certain is near at hand Cuba a supporter of Fidel Castro has set up camp in New York s Central Park Having become something of a tourist attraction she is interviewed by a report *Cuba's Pursuit of Biological Weapons* United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Western Hemisphere, Peace Corps, and Narcotics Affairs, 2002 **Look Away!** Jon Smith, Deborah Cohn, 2004-07-21 Examines what happens to our paradigms of the American south if we understand the south hemispherically to include Latin America and the Caribbean *Looking Back from 2101* Steve Halpern, 2002-01-08 During the 1990s the politicians and media pundits argued that we experienced the most dramatic financial upturn in the history of the United States Yet today in the year 2001 forty five million people lack health insurance thirty five million experience hunger millions are functionally illiterate and anyone living in Philadelphia who earns the minimum wage needs to work eighty four hours per week to avoid homelessness When we look at the facts the so called financial upturn of the 1990s was a myth for eighty percent of the population Today when we adjust for inflation the least affluent eighty percent of the population earns no more than they did in the early 1970s yet they routinely work more hours As harsh as all these conditions are an all out collapse of the economy is possible in our lifetimes While these conditions exist an enormous amount of waste is generated in the world Whether we purchase a tooth pick or a town house we pay for services which add nothing to those commodities When we need medical care we would never go to an insurance agent yet insurance companies profit off of our need for health care When we purchase a house we dont rely on bankers to build the house yet banks collect enormous sums in interest payments for the purchase of homes When we turn on the television we see advertising which adds nothing to the quality of the programming yet we pay more for commodities because of advertising These few examples show how there are enormous resources which could be used to make dramatic improvements in the standard of living throughout the world *Looking Back From 2101* is a novel which imagines what the world might look like if human needs were the top priority and the primary motivating force of society was human solidarity This book has a similar theme as *Looking Backwards* by Edward Bellemly which was written in 1887 and sold millions of copies throughout the world Harry Goldberg is a factory worker in the year 2001 One night he goes to sleep and doesnt awaken until the year 2101 In this world of the future Harry discovers that poverty has been eliminated yet people are only asked to work for twenty hours per week The government strives to eliminate alienation from the workplace and to organize industrial production in a way that is

harmonious with the environment Everyone who is born into this world has many rights which they can use throughout their lifetimes These include the right to food clothing housing health care education communication transportation and exposure to the arts or recreational activities Everyone is also encouraged to offer their opinions concerning any and all topics From the perspective of this future world Harry proceeds to have a series of conversations with African Americans women a Puerto Rican a Native American a farmer a garment worker a doctor and a student where they explore how and why the world was transformed Harry begins to realize that all the advances which he is witnessing in this new world were indeed possible in the twentieth century These changes didnt occur because of scientific achievements or brilliant political leaders The transformation of society came about because of the determination of the masses of people to construct a world where human needs are more important than profits and human solidarity is the best way of motivating working people Looking Back From 2101 is an attempt to contrast the world as it exists from the world as it might be While politicians and media pundits tell us what we cant achieve this book makes an attempt to look at what is possible

Cuba's Energy Future Jonathan Benjamin-Alvarado,2010-11-01 Approaching an uncertain future without Fidel Castro and still reeling from a downturn at the end of the cold war Cuba must act decisively to improve its economy and living conditions One of the major challenges facing the impoverished island nation is securing access to energy resources that are sufficient to meet the needs of its revitalization and development goals What steps can Cuba take to achieve both short and long term energy sustainability and self sufficiency In this timely analysis Jonathan Benjamin Alvarado and his colleagues answer that question Cuba s Energy Future sets the geostrategic context within which Cuba is operating The book provides an overview of the evolving relations among Caribbean states and explains why Cuba and its longtime nemesis the United States should look for ways to cooperate on developing energy resources The possible role of oil companies is explored as is Cuba s energy relationship with Hugo Chavez s Venezuela The second section of Cuba s Energy Future features economic and technical appraisals economic projections and trends affecting Cuba s energy needs including oil and natural gas potential the country s antiquated electric power sector and the role of biofuels such as sugarcane ethanol The concluding section focuses on the conditions necessary for and the mutual benefits of greater cooperative engagement with the United States Contributors Juan A B Belt Chemonics International formerly USAID Jonathan Benjamin Alvarado University of Nebraska Omaha and University of Georgia Amy Myers Jaffe Rice University Jorge R Pi n Florida International

Mercantile Co-operator ... ,1922 *Louisiana Planter and Sugar Manufacturer* ,1927 Fidel and Che Simon Reid-Henry,2011-01-15 Che Guevara has been dead for more than forty years and long ago renounced by Fidel Castro and yet they are forever linked their coming to prominence together captivated a generation For many their romantic struggle for freedom still resonates for others they simply represent the last of a dying breed of rebel warriors Yet while much has been written about them both surprisingly little is known about their personalities and even less about the 12 years of their unique and highly consequential relationship during which they linked arms in one of the world s greatest revolutionary movements Fidel and Che follows them on their dramatic journey from the safe houses of Mexico s political underground in the 1950s where they began hatching their plan for revolution to the theatre of war in the Cuban mountains to the paneled offices of a new government the Bay of Pigs and Cuban Missile crises happened on their watch and to the eventual rupture of their friendship as Che left Cuba to pursue his revolutionary dreams only to be assassinated by the CIA in 1966 Reid Henry also reveals the more personal world of their inner lives as friends husbands lovers fathers What began as an association of convenience became the most profound relationship of their lives It shaped their political ambitions and their personal attitudes compelling them further than either had previously dared imagine But if their times inspired a revolutionary friendship they also destroyed it for the tragic irony was that the more historical circumstance bound them together the more personal ambitions pulled them apart At a momentous turning point in Cuban history Simon Reid Henry has crafted a fascinating and original chronicle of two of the most powerful personalities in recent memory **The Louisiana Planter and Sugar Manufacturer** ,1800 *American Economist* ,1902
