

Louis D Brandeis 1856 1941

Morton J. Horwitz

Louis D Brandeis 1856 1941:

Letters of Louis D. Brandeis: Volume IV, 1916-1921 Louis Dembitz Brandeis, Melvin L. Urofsky, 1975-06-30 During his long career of public service first as a reform minded lawyer and later as an associate justice of the Supreme Court of the United States Louis Dembitz Brandeis 1856 1941 had a profound influence upon American life in this century In the words of Max Lerner Years from now when historians can look back and put our time into perspective they will say that one of its towering figures more truly great than generals and diplomats business giants and labor giants bigger than most of our presidents was a man called Brandeis Other respected authorities have asserted that except for John Marshall and Oliver Wendell Holmes no jurist has exerted so broad and enduring influence upon American jurisprudence as Brandeis Now assembled for the first time and planned for publication in a five volume series are the Brandeis letters In Vol 1 1870 1907 Urban Reformer are letters written by Brandeis during his first years as a lawyer and social activist They illuminate in a day to day way seemingly small areas of social action which are rarely documented and are so often lost in historical haze They show what liberal reformers were thinking and doing in the Progressive Era and reveal the techniques tactics and strategies they employed in working within the system to find solutions to the human and urban problems of their day In the process they focus on many problems of contemporary concern and furnish insights into ways of organizing citizen pressure to effect social change

Louis D. Brandeis (1856-1941) ; patriot, judge and Zionist Josef Fraenkel, 1959 Other People's Money Louis D. Brandeis, 2012-12-20 A key document in the Progressive era Other People's Money conveys a sense of moral outrage and political anger over the costs of the industrialization of the United States on traditional social and political values A devastating book Other People's Money was written with eloquence force and passion by Louis D Brandeis who would one day be a future Supreme Court justice and one of history's greatest Americans As it turns out he wrote a book that applies just as well in the early 21st century as it did in the early 20th Perhaps the best part for busy readers is that Other People's Money is a short tome which can be polished off in one sitting Expect to be floored however by how effortlessly Brandeis's arguments of so many years ago carry over to today *Louis D. Brandeis* Philippa Strum, 1984 Louis D Brandeis 1856 1941 played a role in almost every important social and economic movement during his long life trade unionism trust busting progressivism woman suffrage scientific management expansion of civil liberties hours wages and unemployment legislation Wilson's New Freedom Roosevelt's New Deal He invented savings bank life insurance and the preferential union shop became known as the People's Attorney and altered American jurisprudence as a lawyer and Supreme Court judge Brandeis led American Zionism from 1914 through 1921 and again from 1930 until his death He earned over two million dollars practicing law between 1878 and 1916 and used his wealth to foster public causes He was adviser to leaders from Robert La Follette to Frances Perkins William McAdoo to Franklin Roosevelt Woodrow Wilson to Harry Truman This lively account of Brandeis's life and legacy based on ten years of research in sources not available to previous biographers reveals

much that is new and gives fuller context to personal and historical events The most significant revelations have to do with his intellectual development That Brandeis opposed political and economic bigness and excessive concentration of wealth is well known What was not known prior to Strum s research is how far Brandeis carried his beliefs becoming committed to the goals of worker participation the sharing of profits and decision making by workers in manageable sized firms So it happened that the man who was sometimes dismissed as an outmoded horse and buggy liberal championed a cause too radical even for the New Deal braintrusters who were quick to follow his advice in other areas Strum charts Brandeis s development as a kind of industrial era Jeffersonian deeply influenced by the classical ideals of Periclean Athens She shows that this was the source not only of his vision of a democracy based on a human scaled polis but also of his sudden emergence in his late fifties as the leading American Zionist he had come to regard Palestine as the locus of a new Athens And later on the Supreme Court this Athenian conception of human potential took justice Brandeis beyond even Justice Holmes in the determined use of judicial power to protect civil liberties and democracy in an industrialized society

The Transformation of American Law, 1870-1960 Morton J. Horwitz, 1994-12-15 When the first volume of Morton Horwitz s monumental history of American law appeared in 1977 it was universally acclaimed as one of the most significant works ever published in American legal history The New Republic called it an extremely valuable book Library Journal praised it as brilliant and convincing And Eric Foner in The New York Review of Books wrote that the issues it raises are indispensable for understanding nineteenth century America It won the coveted Bancroft Prize in American History and has since become the standard source on American law for the period between 1780 and 1860 Now Horwitz presents The Transformation of American Law 1870 to 1960 the long awaited sequel that brings his sweeping history to completion In his pathbreaking first volume Horwitz showed how economic conflicts helped transform law in antebellum America Here Horwitz picks up where he left off tracing the struggle in American law between the entrenched legal orthodoxy and the Progressive movement which arose in response to ever increasing social and economic inequality Horwitz introduces us to the people and events that fueled this contest between the Old Order and the New We sit in on *Lochner v New York* in 1905 where the new thinkers sought to undermine orthodox claims for the autonomy of law and watch as Progressive thought first crystallized We meet Oliver Wendell Holmes Jr and recognize the influence of his incisive ideas on the transformation of law in America We witness the culmination of the Progressive challenge to orthodoxy with the emergence of Legal Realism in the 1920s and 30s a movement closely allied with other intellectual trends of the day And as postwar events unfold the rise of totalitarianism abroad the McCarthyism rampant in our own country the astonishingly hostile academic reaction to *Brown v Board of Education* we come to understand that rather than self destructing as some historians have asserted the Progressive movement was alive and well and forming the roots of the legal debates that still confront us today The Progressive legacy that this volume brings to life is an enduring one one which continues to speak to us eloquently across nearly a century of American life In telling its story Horwitz strikes a

balance between a traditional interpretation of history on the one hand and an approach informed by the latest historical theory on the other. Indeed Horwitz's rich view of American history as seen from a variety of perspectives is undertaken in the same spirit as the Progressive attacks on an orthodoxy that believed law an objective neutral entity. The Transformation of American Law is a book certain to revise past thinking on the origins and evolution of law in our country. For anyone hoping to understand the structure of American law or of America itself this volume is indispensable. *American Learned Men and Women with Czechoslovak Roots* Mila Rechcigl, 2020-11-18. Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots. That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them. Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home. This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates. The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists. Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study. The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background. This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated. Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt. Doing it in any other way would be a mere guessing and thus less objective. Essential 25000 English-Malayalam Law Dictionary Nam H Nguyen, 2018-03-18. A great resource anywhere you go it is an easy tool that has just the words you want and need. The entire dictionary is an alphabetical list of Law words with definitions. Dissent and the Supreme Court Melvin I. Urofsky,2017-01-10 Highly illuminating for anyone interested in the Constitution the Supreme Court and the American democracy lawyer and layperson alike The Los Angeles Review of Books In his major work acclaimed historian and judicial authority Melvin Urofsky examines the great dissents throughout the Court s long history Constitutional dialogue is one of the ways in which we as a people reinvent and reinvigorate our democratic society The Supreme Court has interpreted the meaning of the Constitution acknowledged that the Court s majority opinions have not always been right and initiated a critical discourse about what a particular decision should mean before fashioning subsequent decisions largely through the power of dissent Urofsky shows how the practice grew slowly but steadily beginning with the infamous and now overturned case of Dred Scott v Sandford 1857 during which Chief Justice Roger Taney s opinion upheld slavery and ending with the present age of incivility in which reasoned dialogue seems less and less possible Dissent on the court and off Urofsky argues in this major work has been a crucial ingredient in keeping the Constitution alive and must continue to be so

Freedom of Speech Ken I. Kersch,2003-03-19 An innovative narrative approach combines history politics and legal doctrine to explore the origin and evolution of Americans constitutional right to free speech In a field dominated by jargon filled texts and march of progress treatments this book presents an insightful introduction to freedom of speech skillfully blending legal analysis with accounts of how staunchly contested historical political and cultural issues often influenced legal reasoning The volume traces the origins of the freedom in English law and its development through the founding of the United States and examines how the unique struggles of 19th century Americans over such issues as political parties slavery women s rights and economic inequality transformed this traditional English right into a distinctively American one The book outlines the ways in which the U S Supreme Court became the prime interpreter of the meaning of free speech and introduces readers to current court rulings on the First Amendment It also speculates about the political and legal developments likely to emerge in the new century

Darwin's Impact: Social Evolution in America, 1880-1920 Frank X. Ryan,2001-06-15 These books make available for the first time in striking juxtaposition much of the rich and remarkable American response to the idea of social evolution Professor Ryan has succeeded in producing a selection of the best work in the field The volumes are balanced intellectually deep and as relevant and fascinating today as they were a hundred years ago Ryan deserves high praise for re acquainting us with these lost treasures John Lachs Although Darwin s theory of evolution by natural selection stunned the halls of biology anthropology and religion its most profound repercussion

in America was Social Darwinism Beginning in the 1880s William Graham Sumner and his successors pushed survival of the fittest beyond biology to justify power wealth and even racial and gender superiority Theodore Roosevelt and Stephen B Luce championed military expansionism on Darwinian grounds and eugenicist Charles B Davenport urged selective breeding to propagate the strong and eradicate the physically and mentally infirm Despite its widespread popularity after the turn of the century Social Darwinism was challenged by a growing rank of philosophers sociologists and economists who argued that the movement thrived on bigotry and bad science By the 1920s the countermovement led by Lester F Ward John Dewey Charles H Cooley Oliver Wendell Holmes and Thorstein Veblen had proven itself the fitter of the two This three volume set features more than sixty indispensable essays from 1880 to 1920 most of which have never been anthologized and are now scarce Volume 1 Social Darwinism and its Critics offers William Graham Sumner s classic defense of Social Darwinism and its criticism from sociologists and philosophers such as Lester F Ward James Mark Baldwin Charles H Cooley Jacob Gould Schurman John Dewey and Arthur M Lewis Volume 2 Race Gender and Supremacy rekindles the volatile clash over issues of race gender eugenics and American supremacy from authors including Nathaniel S Shaler Lydia Kingsmill Commander Charles B Davenport Charles A Ellwood Theodore Roosevelt Franz Boas Edward A Ross and Charles H Cooley Volume 3 Evolution Law and Economics explores the impact of evolution on theories of natural law and economics including pieces from William Graham Sumner Thomas Nixon Carver Andrew Carnegie Oliver Wendell Holmes Louis D Brandeis Simon Nelson Patten and Thorstein Veblen more than 60 articles tracing the impact of Darwinism on sociology psychology race gender eugenics law and economics in the USA all material reset and indexed with a new introduction to each volume [A Dream of Zion](#) Jeffrey K. Salkin, 2009-12 This inspirational book features the insights of top scholars professionals politicians authors and community and religious leaders covering the entire denominational spectrum of Jewish life in America today

Historical Dictionary of Zionism Rafael Medoff, Chaim I. Waxman, 2008-06-13 The Jewish attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The second edition of the Historical Dictionary of Zionism through its chronology maps introductory essay bibliography and over two hundred cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience *The A to Z of Zionism* Rafael Medoff, Chaim I. Waxman, 2009-09-28 The Jewish attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago

the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The A to Z of Zionism through its chronology maps introductory essay bibliography and over 200 cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience

Notable Czech and Slovak Americans Miloslav Rechcigl Jr.,2021-12-14 The contribution to the development and culture of America by the immigrants from the territory of former Czechoslovakia be they Czechs or Slovaks or Bohemians as they used to be called has been enormous Yet little has been written about the subject This compendium is part of an effort to correct this glaring deficiency In this compendium the focus is on religion law and jurisprudence business and entrepreneurship and the notable people in the government with the narration and assessment about the Czechoslovak American explorers adventurers and pioneers who paved the way for the colonists and settlers who followed them An important role among them played the social movement activists some of whose ideas won the respect and ultimately acceptance by general population to which subject an entire section has been devoted Among other you will find among them abolitionists freethinkers suffragists civil human rights activists environmentalists and conservationists climate change activists philanthropists inventors and even futurists or futurologists Their innovative ideas inevitably led to the rise of the plethora of Czech and Slovak American leaders encompassing practically every aspect of human endeavor As stated in the Foreword this reference will serve as a powerful research tool for many years to come for scholars and all Czechs and Slovaks on both sides of the Atlantic

Reader's Guide to American History Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Beyond the Sea of Beer Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the famous

Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic The Cechs Bohemians in America some one hundred years ago

Law Dictionary Steven H. Gifis, 2010-09-01 Updated to reflect recent modifications in federal and state law this book is a quick reference source for lawyers law students legal professionals and interested laypersons The author defines more than 5 000 legal terms using nontechnical language that remains legally accurate Terms are documented with citations and apply to civil procedure commercial and contract law constitutional law criminal law property law and torts This title is also available in a smaller trim size and type size mass market edition
