Entering the Spaces of Conscious Love Yury Tomin, 2021-03-24 We often think about love but rarely talk about it We dream to meet love but we almost never consciously go for it We try to understand love but we understand only the futility of our efforts and that this mystery is great The book Enjoy Comprehend Love is written for those who would like to talk about romantic love with famous thinkers and poets open their minds to the perception of the fullness of love its versatility and if they dare to choose their own path of conscious love Understanding Love Prince Penman, Are you struggling to truly connect with the people you care about Do you feel misunderstood or disconnected despite your best efforts Understanding Love is your guide to transforming relationships and fostering lasting emotional intimacy In this powerful and insightful book Prince Penman takes you on a journey to discover the five love languages Words of Affirmation Acts of Service Receiving Gifts Quality Time and Physical Touch Whether you re in a romantic relationship looking to improve family dynamics or strengthen friendships this book reveals how understanding and speaking the right love language can revolutionize your connections With practical exercises real life examples and actionable strategies Understanding Love helps you identify your primary love language and learn how to communicate it effectively Plus you ll uncover the key to understanding others love languages allowing you to create deeper emotional bonds resolve conflicts and increase emotional intelligence Learn how to build trust empathy and respect with every person in your life This book is for anyone who wants to strengthen their relationships overcome misunderstandings and experience true love and connection Whether you re new to the concept or looking to deepen your understanding this book is your roadmap to transforming your love life and personal growth **Understanding Love** Susan Wolf, Christopher Grau, 2014-02 A unique and interdisciplinary collection in which scholars from Philosophy join those from Film Studies English and Comparative Literature to explore the nature and limits of love through in depth reflection on particular works of literature and film **Learning to Love and Loving to Learn** Emmelienne Schreiner, 2018-03-12 Dr Schreiner s book Learning to Love and Loving to Learn is a breakthrough study dealing with relationships in the family the immediate family and the extended family She teaches the need for a strong

spiritual value system as the basis for learning to love and loving to learn Dr Schreiner touches on such subjects as appropriate discipline positive encouragement helping children to reach their full potential and how to make learning an exciting adventure for all ages She deals with relevant problems of the twenty first century including such issues as addictions codependency and the trap of instant gratification She stresses the need for families to develop self control and to set realistic limits She teaches parents how to develop problem solving skills in their children so they can live more effectively in our troubled times The book opens the door for learning to be an exciting adventure as readers learn to love and to love learning Spiritual growth comes from gaining new information and insight and using that knowledge in your everyday life The author describes the spiritual principles that bring families closer as they learn about themselves and parents free themselves from effects of having been raised in an addictive incestuous or otherwise dysfunctional family Examples of how children and adults of all ages learn are included in every chapter The workbook included at the end of the book will help readers to identify the effects their parents words and methods of disciplining and showing love has had on their own self concept and automatic behaviors Automatic behaviors are emotional and sometimes physical responses to situations and events that arise because the event unconsciously reminds the reader of a similar childhood happening Sometimes automatic behaviors are positive and sometimes negative and unwanted The workbook will help readers to look at and edit the source of their automatic behaviors thereby enabling them to change their undesirable responses Life, Ain't It Great, and How to Enjoy It. Tony Bovi, 2014-04-17 Helping inspiring and encouraging others are all goals that this book wants to instill in others Tony blogs almost daily words to help fire the drive in people let all know that life can be great and ordinary is not dull but memorable He relates his childhood business life and lessons he learned into stepping stones for everyone to relate to themselves If there are words that cannot be understood this could only be a result of either a typographical error or the editor decided upgrade the language The author is just a normal human being with a basic education trying to reach out to anyone who might benefit from his thoughts He is not a psychologist psychiatrist social worker or clinical specialist He is just someone who talks about life as he sees it Enjoy a relaxing and hopefully entertaining read Because God Is Love: Understanding the Love of God and Why It Is the Only Path to Life Fersen Perera, 2015-01-20 The only path to life not mere survival for a human being is the love of God But what is love There are many definitions of this short word and even more opinions about its meaning There are also those who say that there are different types of love However Scripture simply states that God is Love and that love comes from God so why is there such confusion about love Part I of Because God Is Love exposes the passionate and alluring yet deceptive reasons behind this confusion of meaning brings forth the simple truth about love in its human facet and shows how everything else that has been called love is nothing other than a delusion that is akin to idolatry and as such it is destructive and completely removed from the true love of the Lord our God The only power that redeems fulfills and provides meaning to the existence of those who wholeheartedly love

Him **Catalog of Copyright Entries** ,1943 **Christian Theology and the Secular University** Paul A. Macdonald, Jr.,2017-02-24 If the secular university by definition is non sectarian or non denominational then how can it accommodate a discipline like Christian theology Doesn t the traditional goal of theological study which is to attain knowledge of the divine fundamentally conflict with the main goal of secular academic study which is to attain knowledge about ourselves and the world in which we live So why should theology be admitted or even care about being admitted into secular academic life And even if theology were admitted what contribution to secular academic life could it make Working from a Christian philosophical and theological perspective but also engaging a wide range of theologians philosophers and religious studies scholars **Christian Theology and the Secular University** takes on these questions arguing that Christian theology does belong in the secular university because it provides distinct resources that the secular university needs if it is going to fulfill what should be its main epistemic and educative ends This book offers a fresh and unique perspective to scholars working in the disciplines of theology philosophy and religious studies and to those in other academic disciplines who are interested in thinking critically and creatively about the place and nature of theological study within the secular university
