Garden Party and Other Stories Katherine Mansfield, 2007-03-29 Fifteen exquisite tales from one of the world's greatest writers of the short story. Innovative, startlingly perceptive and aglow with colour, these stories were written towards the end of Katherine Mansfield's tragically short life. Many are set in the author's native New Zealand, others in England and the French Riviera. All are revelations of the unspoken, half-understood emotions that make up everyday experience from the blackly comic *The Daughters of the Late Colonel* and the short sharp sketch *Miss Brill* in which a lonely woman's precarious sense of self is brutally destroyed to the vivid impressionistic evocation of family life in *At the Bay*. All that I write, Mansfield said, all that I am is on the borders of the sea. It is a kind of playing.

[The Chronology of American Literature](#) Daniel S. Burt, 2004 If you are looking to brush up on your literary knowledge, check a favorite author's work or see a year's bestsellers at a glance, *The Chronology of American Literature* is the perfect resource. At once an authoritative reference and an ideal browser's guide, this book outlines the indispensable information in America's rich literary past from major publications to lesser-known gems while also identifying larger trends along the literary timeline. Who wrote the first published book in America? When did Edgar Allan Poe achieve notoriety as a mystery writer? What was Hemingway's breakout title? With more than 8,000 works by 5,000 authors, *The Chronology* makes it easy to find answers to these questions and more. Authors and their works are grouped within each year by category: fiction and nonfiction, poems, drama, literary criticism, and publishing events. Short, concise entries describe an author's major works for a particular year while placing them within the larger context of that writer's career. The result is a fascinating glimpse into the evolution of some of America's most prominent writers. Perhaps most important, *The Chronology* offers an invaluable line through our literary past, tying literature to the American experience: war and peace, boom and bust, and reaction to social change. You'll find everything here from Benjamin Franklin's *Experiments and Observations on Electricity* to Davy Crockett's first memoir, from Thoreau's *Civil Disobedience* to Edith Wharton's *Ethan Frome*, from meditations by James Weldon Johnson and James Agee to poetry by Elizabeth Bishop. Also included here are seminal works by authors such as Rachel Carson, Toni Morrison, John Updike, and Arthur Schlesinger Jr. Lavishly illustrated and rounded out with handy bestseller lists throughout the twentieth century, lists of literary awards and prizes, and authors' birth and death dates, *The Chronology of American Literature* belongs on the shelf of every bibliophile and literary enthusiast. It is the essential link to our literary past and present.

White Nights and Other Stories: The Novels of Fyodor Dostoevsky, Volume X Fyodor Dostoyevsky, 2024-08-22 The book containing seven short stories by Fyodor Dostoevsky offers an eclectic mix of narratives that delve into the complex and often conflicted nature of the human psyche. From the exploration of solitude and unrequited love in *White Nights* to the examination of existential despair and misanthropy in *Notes from Underground*, Dostoevsky crafts evocative and thought-provoking tales that showcase his prowess as a master storyteller. In *White Nights*, the protagonist finds solace in a brief but intense connection with a stranger he encounters.

during the sleepless nights of the St Petersburg summer Dostoevsky explores themes of isolation longing and the painful yearning for human connection ultimately leaving readers with a poignant reflection on the transient nature of happiness and the possibility of true love Notes from Underground one of Dostoevsky's most famous works takes readers on a psychological journey into the mind of a tormented and erratic narrator Through a series of rambling and introspective monologues Dostoevsky exposes the darker aspects of human nature grappling with existential questions and shedding light on the inherent contradictions within society A Faint Heart explores themes of social inferiority and the destructive power of pride The story follows a timid and indecisive protagonist as he navigates the complex webs of societal expectations and personal desires With biting irony and sharp social commentary Dostoevsky highlights the destructive consequences of an unchecked ego In A Christmas Tree and a Wedding Dostoevsky presents a story imbued with a sense of hope and redemption The narrative weaves together elements of tragedy and comedy exploring themes of forgiveness second chances and the transformative power of love Through the juxtaposition of joy and sorrow Dostoevsky reminds readers of the unpredictable nature of life and the potential for personal growth Polzunkov dives into the world of bureaucracy and political corruption where a seemingly insignificant civil servant becomes entangled in a web of deceit and manipulation Dostoevsky captures the absurdity of a system that values power over morality offering a scathing critique of societal structures that prioritize self interest over collective welfare A Little Hero tells the story of a boy who sacrifices his own happiness for the sake of others Dostoevsky explores themes of selflessness sacrifice and the devastating consequences of societal pressures on the individual With poignant storytelling he reveals the capacity for both heroism and tragedy that lies within us all Finally Mr Prohartchin explores the theme of moral decay in society through the eyes of the eponymous character Set against the backdrop of a rapidly changing post Napoleonic Russia this story delves into the destructive effects of greed materialism and moral corruption Dostoevsky offers a scathing critique of a society that has lost its way ultimately leaving readers with a haunting reflection on the fragility of morality In this collection of stories Dostoevsky showcases his remarkable ability to delve into the depths of the human experience Through his rich character development unflinching social commentary and nuanced exploration of themes such as love isolation and the inherent contradictions within humanity the author masterfully captures the essence of what it means to be human These seven short stories are a testament to Dostoevsky's timeless brilliance and continue to enthrall readers with their piercing insights into the human condition
