## **Love Has Many Voices:**

**In Love with Voices** Brian Q. Torff, 2008-12 A career in music is a calling with such a strong pull you'd think a tide was sucking you under. It becomes an intense obsession of such great intensity that you can almost think of nothing else; it drives you with a fever and fervor. In the early 70s, an idealistic young man, Brian Torff, arrived in New York to pursue his passion for music. During an excursion to Long Island, Brian found his dream instrument: a 1775 re-built Nicola Galliano bass. Such was the beginning of a career that led Torff from Café Carlyle to Carnegie Hall, Lincoln Center, the Kennedy Center, and the White House. He has toured worldwide with the greatest from Frank Sinatra, Mel Tormé, George Shearing, and Erroll Garner to Stéphane Grappelli, Benny Goodman, Mary Lou Williams, and Marian McPartland. As Brian notes, bass players do a lot of observing from the back of the bandstand. It is this supportive role that qualifies Torff to share his insight into jazz music and its many personalities. Torff takes us beyond the music by adding depth with his vision of American music and paints vivid portraits of the musicians with whom he played. Torff's memoir is one of creativity and determination mixed with timing and plain good luck. His sharp narrative not only brings the legends of jazz to life but reading about them here will certainly motivate you to add some music to your collection.

**Kamala Das: A Poetess and A Thinker**, When I was a student of English literature in M.A. final, it was an ambition in my mind to write a book on Kamala Das. After hard endeavor, I am able to write this book. I am aware of the fact that there are a few books purported to be full-length studies of Kamala Das's poetry available, and there are also scores of articles and papers on the various aspects of her poetry that have appeared in literary journals or included in books on Indian writing in English. But the sweep of such publications appears to be very limited. In another words, their views about Kamala Das's poetry seem truncated. In this connection, I would like to cite up a story of six blind men. They went to acknowledge the elephant. Each one touched the different parts of the elephant. They touched the feet, the leg, the ear, the trunk, and the tail. Each one was confident in one's opinion. They quarreled among themselves for the recognition of the elephant. They all were right separately but all were wrong about the complete shape of the elephant. Such is the recognition of Kamala Das among the critics. Most critics agree she is the poet of Love and Sex. No doubt she had taken love and sex as objective correlative for her presentation. She has presented the prevailing evils of society. If we concentrate our mind on the writing of the literature, we get particular stimulus and response. We take Valmiki for his historical poetry. This harbinger of worldly Sanskrit literature keeps the pathetic vision for mankind's destiny. He presents Ram in pathetic situation in course of life. He was exiled, Ravana alloted his wife Sita, and in the last phase of his life, he submerged in the river Saryu. Whatever may be the case, it is true there is inspiration in every creative work. Kamala gets inspiration from discordancy of woman's love. If we take the history of womankind as a writer, we get Love and Sex are deeply delved in the writing; therefore, it is wrong to charge Kamala Das for the representation of Love and Sex. Kamala Das's poetry has remarkable feature of its own. First, it marks the male and female relation in running society of the time in which the writer

lives What she has experienced in her private life she universalised it for contemporary society If obscenity is charged with her writing it is worth marking the term is elastic it changes its form according to time place and person Here we must take the realism of discordancy One must know Kamala Das s poetry follows the pattern of Nissim Ezekil and Ramanujan It is most remarkable factor in the soul of Kamala Das s poetry in last phase of her poetry we get sublimation of Love i e in Ghanshyam and Vindravan She discovers the evil through her presentation of poetry and desires a harmonic and balanced love in society There is magic of her art in her poetry Indianness and Indian culture I have presented it in the last chapter of the book There is balance of content and art Though she is not highly educated she is expert in the portrait of poetry This book begins with a seminal Introduction following the Background Kamala Das Singer of feminine sensibility Autobiographical and Confessional Note in Kamala Das s poetry Protest Against Well established Social Conventions In the last chapter of Evaluation her art is marked Thanks to all whose works I have employed in my book Afterall I am grateful to my husband and parents who have provided me essential help of needed occasion If Critics and Readers like my simple but honest thinking it would be my ample reward Thanks to God who guides me time to time in the form of man I Am Love Diane Elizabeth Mooney,2014-10-17 Love has different levels and dimensions When love speaks it will declare what it is and what level it speaks from This book exposes some of the levels and dimensions of love via Diane Mooneys experience with love and what she believes love revealed to her The purpose and or goal of this book is to expose the deceptive ploy of counterfeited love expose ignorance and to motivate the desire for pure love The intent is to bring knowledge to the reader so they might understand why they have possibly been having certain types of experiences with people that they think they love and those they think love them At the end of this journey my prayer is that the readers be empowered to love from a different level of knowledge and desire and that they choose to not be deceived My prayer is that this insight would give greater understanding as to why people do what they do so that the reader may have greater intuitiveness for the people that are in and will come into their lives For when love speaks it will have a voice and require something of the individual whether they acknowledge it or not Rescue Your Love Life Henry Cloud,John Townsend,2009-08-25 Beginning with self examination and setting realistic expectations the authors explore how couples can nurture and master healthy communication build trust and enhance the romance in their marriage Provided by publisher *The Queen of Tuesday* Darin Strauss,2021-05-25 Lucille Ball Hollywood s first true media mogul stars in this bold The Boston Globe boisterous novel The New Yorker with a thrilling love story at its heart from the award winning bestselling author of Chang Eng and Half a Life A WASHINGTON POST BEST BOOK OF THE YEAR A gorgeous Technicolor take on America in the middle of the twentieth century Colson Whitehead Pulitzer Prize winning author of The Nickel Boys This indelible romance begins with a daring conceit that the author s grandfather may have had an affair with Lucille Ball Strauss offers a fresh view of a celebrity America loved more than any other Lucille Ball the most powerful woman in the history of Hollywood was part of America s

Voice in Later Medieval English Literature David Lawton,2016-12-22 David Lawton approaches later medieval

English vernacular culture in terms of voice As texts and discourses shift in translation and in use from one language to another antecedent texts are revoiced in ways that recreate them as public interiorities without effacing their history or future The approach yields important insights into the voice work of late medieval poets especially Langland and Chaucer and also their fifteenth century successors who treat their work as they have treated their precursors It also helps illuminate vernacular religious writing and its aspirations and it addresses literary and cultural change such as the effect of censorship and increasing political instability in and beyond the fifteenth century Lawton also proposes his emphasis on voice as a literary tool of broad application and his book has a bold and comparative sweep that encompasses the Pauline letters Augustine's Confessions the classical precedents of Virgil and Ovid medieval contemporaries like Machaut and Petrarch extra literary artists like Monteverdi later poets such as Wordsworth Heaney and Paul Valéry and moderns such as Jarry and Proust What justifies such parallels the author claims is that late medieval texts constitute the foundation of a literary history of voice that extends to modernity The book's energy is therefore devoted to the transformative reading of later medieval texts in order to show their original and ongoing importance as voice work
