## **Lovelines Notes From Spirit On Loving And Being Loved:**

*A Course in Courage* Gates McKibbin, 1998      **Love Lines** Rosemary Guiley, 1983      Aelfrician Homilies and Varia  
Aelfric (Abbot of Eynsham), 2022 First modern edition and translation of the homilies of one of the most important religious figures of his time. Aelfric of Eynsham stands supreme as a distinguished homilist, translator and moralist, one whose writings were sought by the most powerful churchmen and landed warlords of his day. In his sermons the dead are raised to life, innocents are betrayed, civilizations come to ruin, prophecies are finally fulfilled and sorrow is swallowed up in salvation. He offers guidance regarding sex, financial counsel, botanical excursions, etymological asides, lions cowed by roosters, arch heretics disemboweled and seemingly inconsequential figures receiving everlasting crowns. He also considers the origin of Antichrist, recounts supernatural visions of damnation and deliverance, teases out the tension between predestination and free will, explores the multifarious nature of the soul, seeks to categorize creation and presses the boundaries of conceptual capacity in describing the divine nature. Treatises take up such subjects as the Holy Spirit, cognition, penitence and proper comportment. Private prayers appear alongside public declarations of the Christian faith found in the Paternoster and the Apostles and Nicene Creeds. The thirty-one texts presented here, with facing translations, span the course of his career. Old English and Latin, ordinary and alliterative prose, pithy prayers and exhaustive exegesis. Nine appear in print for the first time, others for the first time in well over 100 years. Introductions to the texts offer overviews of the content, composition and circulation of each work, using the fruits of the latest research to envision real world contexts for their use in specific places among particular groups and by certain individuals. Meanwhile the commentary traces Aelfric's role in the history of ideas, examining his relationship to over 100 sources, 200 other Aelfrician works and over 1,000 biblical passages; it seeks to clarify Aelfric's compositional aims and further to establish the authorship and date of these remarkable writings from early England.
