Gallbladder Removal Diet Brandon Gilta,2021-08-20 If you want to live a healthy life even if you ve just had your gallbladder removed then there s good news for you You can definitely live without a gallbladder and you can maintain a healthy and fit lifestyle without it as long as you stick to a diet Gallbladder removal surgery is performed on about one million Americans every year Since you can live without it many doctors suggest extraction once it becomes inflamed Typically inflammation occurs because of the emergence of gallstones The medical term for removing the gallbladder is

called Cholecystectomy If you re reading this then you probably already know that most gallbladder removals are done through laparoscopic techniques This means there s very little invasion of the body and only a tiny cut is made This also means that some people only need one night to recover from the surgery before being discharged from the hospital Physical activity is often limited a few days after the surgery You may also be told to take certain medications to limit pain and infection post operation The advice of the doctor may vary depending on how healthy you are to begin with No matter how long you stayed in the hospital after your surgery however it bears noting that the Gallbladder Removal Diet is a life long commitment This guide is designed to help you through those years By reading this guide you should be able to learn the following information What your gallbladder does and why your diet has to change once it is removed The things you can eat and how it will help you maintain proper health The things you re NOT supposed to eat and what happens if you eat them Dessert sweets grease how to meet your cravings without ruining your diet The healthy amount of food to eat How to prepare your food after gallbladder removal On eating out it s still possible post gallbladder surgery if you know how to frame your orders correctly Going on a weight loss diet without a gallbladder is it possible Enjoy yourself with food even as you accommodate your health needs
