Nichols Mowery,2014-12-26 Three women share three separate tragedies and one very extraordinary connection It starts in
the month of June when three womens lives intersectbut are they separate lives or the same life lived in different dimensions
It would seem each woman lives a parallel life contained within the essence of the other two They look alike They were born
with the same name Yet somehow during childhood they broke apart and became threebut only one is the original Elizabeth
Ann Anderson As the women share physical space the mysteries surrounding them converge especially with the approach of
the Summer Solstice the best time to see our own parallel lives The universe aligns during Earths solstices and equinoxes as
do parallel lives The destinies of these three separatebut very connectedwomen will be decided in the coming weeks but
questions still abound Now that theyve found each other will two of the identities fall apart Will the three Elizabeths become
one Or is there something much darker and more deviant at work in the cosmos Public testimony. 6 v United States.
