Genette, 1997-03-13 Paratexts are those liminal devices and conventions both within and outside the book that form part of the complex mediation between book author publisher and reader titles forewords epigraphs and publishers jacket copy are part of a book's private and public history In this first English translation of Paratexts Gérard Genette shows how the special pragmatic status of paratextual declaration requires a carefully calibrated analysis of their illocutionary force With clarity precision and an extraordinary range of reference Paratexts constitutes an encyclopedic survey of the customs and institutions as revealed in the borderlands of the text Genette presents a global view of these liminal mediations and the logic of their relation to the reading public by studying each element as a literary function Richard Macksey's foreword describes how the poetics of paratexts interact with more general questions of literature as a cultural institution and situates Genette's work in contemporary literary theory

**Stranded in the Present** Peter Fritzsche, 2010-04-10 In this inventive book Peter Fritzsche explores how Europeans and Americans saw themselves in the drama of history how they took possession of a past thought to be slipping away and how they generated countless stories about the sorrowful eventful paths they chose to follow In the aftermath of the French Revolution contemporaries saw themselves as occupants of an utterly new period Increasingly disconnected from an irretrievable past worried about an unknown and dangerous future they described themselves as indisputably modern To be cast in the new time of the nineteenth century was to recognize the weird shapes of historical change to see landscapes scattered with ruins and to mourn the remains of a bygone era Tracing the scars of history writers and painters revolutionaries and exiles soldiers and widows and ordinary home dwellers took a passionate even flamboyant interest in the past They argued politics wrote diaries devoured memoirs and collected antiques all the time charting their private paths against the tremors of public life These nostalgic histories take place on battlefields trampled by Napoleon along bucolic English hedges against the fairytale silhouettes of the Grimms beloved Germany and in the newly constructed parlors of America's western territories This eloquent book takes a surprising completely original look at the modern age our possessions our heritage and our newly considered selves

*Karl Marx* Isaiah Berlin, 2013-11-10 Isaiah Berlin's intellectual biography of Karl Marx has long been recognized as one of the best concise accounts of the life and thought of the man who had in Berlin's words a more direct deliberate and powerful influence on mankind than any other nineteenth century thinker A brilliantly lucid work of synthesis and exposition the book introduces Marx's ideas and sets them in their context explains why they were revolutionary in political and intellectual terms and paints a memorable portrait of Marx's dramatic life and outsized personality Berlin takes readers through Marx's years of adolescent rebellion and post university communist agitation the personal high point of the 1848 revolutions and his later years of exile political frustration and intellectual effort Critical yet sympathetic Berlin's account illuminates a life without reproducing a legend New features of this thoroughly revised edition include references for Berlin's quotations and allusions Terrell Carver's assessment of the distinctiveness of Berlin's book and a revised guide to further reading

**The Charterhouse of Parma** Stendhal, 1999 The Charterhouse of

Parma 1839 is a compelling novel of passion and daring of prisons and heroic escape of political chicanery and sublime personal courage Set at the beginning of the nineteenth century amidst the golden landscapes of northern Italy it traces the joyous but ill starred amorous exploits of a handsome young aristocrat called Fabrice del Dongo and of his incomparable aunt Gina her suitor Prime Minister Mosca and Clia a heroine of ethereal beauty and earthly passion These characters are rendered unforgettable by Stendhal's remarkable gift for psychological insight Never before have the hearts of princes ministers courtiers and women been depicted like this wrote Honor de Balzac Stendhal's tableau has the dimensions of a fresco but the precision of the Dutch masters The great achievement of The Charterhouse of Parma is to conjure up the excitement and romance of youth while never losing sight of the harsh realities which beset the pursuit of happiness nor the humour and patient irony with which these must be viewed This new translation captures Stendhal's narrative verve while the Introduction explores the novel's reception and the reasons for its enduring popularity and power

The Dancing Body in Renaissance Choreography Mark Franko, 2022-03-01 The Dancing Body in Renaissance Choreography problematizes the absence of the dancing body in treatises in order to reconstruct it through a series of intertextual readings triggered by Thoinot Arbeau's definition of dance in his 1589 dance treatise Orchesographie The notion of the intertext as elaborated by Michael Riffaterre is used to understand a series of relationships between dance and other activities within which the historical dancing body emerges to the light of day Arbeau's discussion of dance as a mute rhetoric in the demonstrative genre points to the intertext of Quintilian's The Oratorical Institution where the genus demonstrativum is explained as epideixis the goal of which is to inspire confidence and charm the audience The second intertext explored is that of civility as found in courtesy books where the posture of the body and the parameters of movement are outlined converging in the gesture of the reverence The categories of pose and movement are then read into the structure of the basse danse the quintessential courtly social dance of the period The relation of pose to movement or of stillness to mobility is further theorized through the terms of earlier Italian treatises specifically in terms of fantasmata as used by Domenico da Piacenza

Two Stories/Deux nouvelles Stendhal, 2014-05-05 In writing these two ardently romantic and turbulent tales Stendhal delved deep into old Italian narratives and into his own impassioned heart Vanina Vanini and L'abbesse de Castro abound in the qualities for which the French author remains enduringly popular his strong willed impulsive characters his dry wit and keen irony and the sweeping drama of his historical settings Originally published in the Revue de Paris in 1829 Vanina Vanini traces the fortunes of an aristocrat's daughter who falls in love with a wounded soldier and prefigures Stendhal's superb novel The Red and the Black which appeared two years later L'abbesse de Castro published in 1839 under a pseudonym in the prestigious Revue des Deux Mondes was reputedly derived from Roman and Florentine source manuscripts Consisting chiefly of Stendhal's own invention it recounts the illicit liaison and subsequent trial of an abbess The only dual language edition of these stories this book features an informative introduction and ample footnotes making it not only a pleasure to

read but also a valuable learning and teaching aid for students and teachers of French literature      *Constructing Charisma*  
Edward Berenson, Eva Giloi, 2013 Railroads telegraphs lithographs photographs and mass periodicals the major technological advances of the 19th century seemed to diminish the space separating people from one another creating new and apparently closer albeit highly mediated social relationships Nowhere was this phenomenon more evident than in the relationship between celebrity and fan leader and follower the famous and the unknown By mid century heroes and celebrities constituted a new and powerful social force as innovations in print and visual media made it possible for ordinary people to identify with the famous to feel they knew the hero leader or star to imagine that public figures belonged to their private lives This volume examines the origins and nature of modern mass media and the culture of celebrity and fame they helped to create Crossing disciplines and national boundaries the book focuses on arts celebrities Sarah Bernhardt Byron and Liszt charismatic political figures Napoleon and Wilhelm II famous explorers Stanley and Brazza and celebrated fictional characters Cyrano de Bergerac      **Stendhal's Parallel Lives** Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch's Parallel Lives Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal's work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus      **Library of the World's Best Literature: Synopses of books.
