Stendhal's Parallel Lives Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch s *Parallel Lives* Stendhal s readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of *Parallel Lives* is used to analyse one of the major themes of Stendhal s writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal s work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the *Lives* of Julius Caesar and Marcus Brutus

Enchantment C. Stephen Jaeger, 2012-03-19 What is the force in art C Stephen Jaeger asks that can enter our consciousness inspire admiration or imitation and carry a reader or viewer from the world as it is to a world more sublime We have long recognized the power of individuals to lead or enchant by the force of personal charisma and indeed in his award winning *Envy of Angels* Jaeger himself brilliantly parsed the ability of charismatic teachers to shape the world of medieval learning In *Enchantment* he turns his attention to a sweeping and multifaceted exploration of the charisma not of individuals but of art For Jaeger the charisma of the visual arts literature and film functions by creating an exalted semblance of life a realm of beauty sublime emotions heroic motives and deeds godlike bodies and actions and superhuman abilities so as to dazzle the humbled spectator and lift him or her up into the place so represented Charismatic art makes us want to live in the higher world that it depicts to behave like its heroes and heroines and to think and act according to their values It temporarily weakens individual will and rational critical thought It brings us into a state of enchantment Ranging widely across periods and genres *Enchantment* investigates the charismatic effect of an ancient statue of Apollo on the poet Rilke of the painter Durer's self portrayal as a figure of Christ like magnificence of a numinous Odysseus washed ashore on Phaeacia and of the black and white projection of Fred Astaire dancing across the Depression era movie screen From the tattoos on the face of a Maori tribesman to the haunting visage of Charlotte Rampling in a film by Woody Allen Jaeger's extraordinary book explores the dichotomies of reality and illusion life and art that are fundamental to both cultic and aesthetic experience

The Wisdom of the Romantics Michael K. Kellogg, 2025-05-06 Explore the transformative power of Romanticism where emotion imagination and contradiction collide through the eyes of its greatest thinkers and artists The post Enlightenment movement known as Romanticism is a messy period so messy in fact that many scholars eschew any attempt to define it In reaction to the overreliance placed on reason by Enlightenment thinkers Romantics emphasized individual freedom emotional intensity introspection sincerity and heightened imagination They sought out nature at its wildest and most

sublime tall mountains steep gorges and resounding cataracts They dabbled in the gothic and grotesque in mythology the sacred and the mystical Romanticism was a turning inward into subjectivity In The Wisdom of the Romantics author Michael Kellogg profiles such disparate authors as Rousseau and Balzac Goethe and Hegel Wordsworth and Jane Austen revealing that classifying Romantic thinkers is a highly subjective enterprise which is the whole point That isn't to say that the change in thinking was inconsequential Far from it The transition from Haydn and Mozart to Beethoven and Chopin could not have been more dramatic The German born composer Giacomo Meyerbeer brought grand opera to new heights The paintings of Francisco Goya William Blake Caspar David Friedrich and J M W Turner were all part of the transition away from a classical academic style to the emotive extremes that heralded the coming of impressionism in the latter part of the century In this latest entry into his popular Wisdom series Kellogg explores the mercurial and ephemeral movement known as Romanticism arguing that what Romanticism is includes many contradictions precisely what the rationalists rejected Iron Lace Emilie Richards, 2023-08-16 An elderly white Louisiana socialite reveals her shocking life story to the writer of her memoirs in this family saga by a USA Today bestselling author When Aurore Gerritsen watched her lover kill her father it was just one act of violence in a long chain of dramatic events Years later behind the iron lace gates of wealthy New Orleans beneath the veneer of her society name linger secrets that Aurore Gerritsen has hidden for a lifetime and truths that threaten to change forever the lives of her unsuspecting family Now as Aurore faces her own mortality she needs to reveal those secrets that have haunted her for so many years Aurore seeks out Phillip Benedict and asks him to tell her story He's intrigued but wonders why the matriarch of a prominent white family would choose to confess her sins to an outspoken black journalist Finally Phillip agrees but though he thinks he's ready for anything she might say the truth is that nothing can prepare him for the impact of Aurore's shocking revelations Praise for Iron Lace A fascinating tale of the tangled race relations and complex history of Louisiana this is a page turner New Orleans Times Picayune Richly textured and deeply moving Iron Lace is a break your heart love story in the grand tradition Karen Harper New York Times bestselling author of Shaker Run This portrait of racism from 1919 to the mid 1960s is intricate seductive and a darned good read Publishers Weekly **Lost Illusions** Honoré de Balzac, 2020-05-26 A new annotated translation of the keystone of Balzac's Com die Humaine a sweeping narrative of corrupted idealism in a cynical urban milieu Lost Illusions is an essential text within Balzac's Com die Humaine his sprawling interconnected fictional portrait of French society in the 1820s and 1830s comprising nearly one hundred novels and short stories This novel published in three parts between 1837 and 1843 tells the story of Lucien de Rubempr a talented young poet who leaves behind a scandalous provincial life for the shallow corrupt and cynical vortex of modernity that was nineteenth century Paris where his artistic idealism slowly dissipates until he eventually decides to return home Balzac poured many of his thematic preoccupations and narrative elaborations into Lost Illusions from the contrast between life in the provinces and the all consuming world of Paris to the idealism of poets the commodification of art the

crushing burden of poverty and debt and the triumphant cynicism of hack journalists and social climbers The novel teems with characters incidents and settings though perhaps none so vivid as its panoramic and despairing view of Paris as the nexus of modernity's cultural social and moral infection For Balzac no institution better illustrates the new reality than Parisian journalism amoral hypocritical brazen dishonest and murderous he writes In this new translation Raymond N MacKenzie brilliantly captures the tone of Balzac's incomparable prose a style that is alternately impassioned overheated angry moving tender wistful digressive chatty intrusive and hectoring His informative annotations guide the modern reader through the labyrinth of Balzac's allusions The Empress Josephine Philip Walsingham Sergeant,1909 Real Time David F. Bell,2010-10-01 In Real Time David F Bell explores the decisive impact the accelerated movement of people and information had on the fictions of four giants of French realism Balzac Stendhal Dumas and Zola Nineteenth century technological advances radically altered the infrastructure of France changing the ways ordinary citizens and literary characters viewed time space distance and speed The most influential of these advances included the improvement of the stagecoach the growth of road and canal networks leading to the advent of the railway and the increasing use of mail and of the optical telegraph Citing examples from a wide range of novels and stories Bell demonstrates the numerous ways in which these trends of acceleration became not just literary devices and themes but also structuring principles of the novels themselves Beginning with both the provincial and the Parisian communications networks of Balzac Bell proceeds to discuss the roles of horses and optical telegraphs in Stendhal and the importance of domination of communication channels to the characters of Dumas whose Count of Monte Cristo might be seen as the ultimate fictional master of this accelerated culture Finally Bell analyzes the cinematic vision created by the arrival of the railroad as depicted by Zola in *La B te Humaine*
