Lewis Hyde, 2010-08-17 In *Trickster Makes This World*, Lewis Hyde brings to life the playful and disruptive side of human imagination as it is embodied in trickster mythology. He first visits the old stories: Hermes in Greece, Eshu in West Africa, Krishna in India, Coyote in North America, among others, and then holds them up against the lives and work of more recent creators: Picasso, Duchamp, Ginsberg, John Cage, and Frederick Douglass. Twelve years after its first publication, *Trickster Makes This World* authoritative in its scholarship, loose-limbed in its style, has taken its place among the great works of modern cultural criticism. This new edition includes an introduction by Michael Chabon. **English Topography** Frank

research, this book shares ideas from professional researchers on the improvement of teacher awareness of critical information skills and the importance of information fluency. How educators and librarians can intrude respectfully when research becomes a largely self-serving pursuit, what the developmental issues are in teaching searching, and what a best practice looks like are discussed. Other topics covered include motivating learners to care about improving their searching skills, selecting high-quality resources, and how to engage an entire community, including classroom teachers, administrators, and parents. **The Amazing Adventures of Bob Brown** Craig Saper, 2016-05-12 Contemporary publishing, e-media, and
