Barlow, Ray Reynolds, 1995 **Paternalism Incorporated** David Leverenz, 2003 Between the Civil War and World War I David Leverenz maintains the corporate transformation of American work created widespread desire for upward mobility along with widening class divisions In his view several significant narrative constructs notably the daddy's girl and the daddy's boy emerge at the intersection between paternalist practices and more democratic possibilities for self advancement From Mark Twain's Laura Hawkins in *The Gilded Age* to the protagonist of Theodore Dreiser's *Sister Carrie* and Willa Cather's Alexandra Bergson in *O Pioneers* Leverenz finds that the image of the daddy's girl constrains the emerging threat of the career woman even as it articulates the lure of upward mobility for women In surveying the figure of the daddy's boy Leverenz examines tensions between young men's desires for upward mobility and older men's desires for paternal control *Paternalism Incorporated* also addresses yearnings for individualism and paternalism in various critiques of the emerging corporation Another chapter links honor and shaming to race in the philanthropic practices of Andrew Carnegie and John D Rockefeller framed with narratives by William Dean Howells Booker T Washington and Jane Addams After showing how a daddy's girl becomes a paternalist in Henry James's *The Golden Bowl* Leverenz considers F Scott Fitzgerald's *Tender is the Night* as paternalism's elegy contrasted with the Shirley Temple film *The Little Colonel* **American Book Prices Current**, 1992 A record of literary properties sold at auction in the United States Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. underworld ethos of primitivism and violence against women and the flight from commitment to relationships heralded instability and tensions that continues to define American sexual relations To illustrate this point Dr White takes a close look through letters and diaries at the successes and failures of nine marriages involving actively feminist women demonstrating the pressures that this revolution in values caused Dr White concludes that the return to primitivism characterized by the men s movement marks the most recent aftershock of the revolution that has shaped us all Collected Books ALLEN OSB;AHEARN AHEARN (PATRICIA.),Patricia Ahearn,2013-02 An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20 000 collectible books published in English including translations over the last three centuries about half are literary titles in the broadest sense novels poetry plays mysteries science fiction and children s books and the other half are non fiction Americana travel and exploration finance cookbooks color plate medicine science photography Mormonism sports et al The Zamorano 80 Revisited Gordon J. the mid nineteenth century to the urban grid of early twentieth century San Francisco in Frank Norris's McTeague to working and unemployed cowboys in the contemporary novels of Cormac McCarthy and Larry McMurtry Kiara Kharpertian provides a panoramic look at literary renderings of both individual labor physical tangible and often threatened handwork and the epochal transformations of central institutions of a modernizing West the farm the ranchero the mine the rodeo and the Native American reservation The West that emerges here is both dynamic and diverse its on the ground organization of work social class individual mobility and collective belonging constantly mutating in direct response to historical change and the demands of the natural environment The literary West thus becomes more than a locus of mythic nostalgia or consumer fantasy about the American past It becomes a place where the real work of making that West as well as the suffering and loss it often entailed is reimagined

The Cambridge Companion to American Realism and Naturalism Donald Pizer, 1995-06-30 This Companion examines a number of issues related to the terms realism and naturalism The introduction seeks both to discuss the problems in the use of these two terms in relation to late nineteenth century fiction and to describe the history of previous efforts to make the terms expressive of American writing of this period The Companion includes ten essays which fall into four categories essays on the historical context of realism and naturalism by Louis Budd and Richard Lehan essays on critical approaches to the movements since the early 1970s by Michael Anesko essays on the efforts to expand the canon of realism and naturalism by Elizabeth Ammons and a full scale discussion of ten major texts from W D Howell's The Rise of Silas Lapham to Jack London's The Call of the Wild by John W Crowley Tom Quirk J C Levenson Blanche Gelfant Barbara Hochman and Jacqueline Tavernier Courbin

Corridor Kate Marshall, 2013-06-01 Corridor offers a series of conceptually provocative readings that illuminate a hidden and surprising relationship between architectural space and modern American fiction By paying close attention to fictional descriptions of some of modernity's least remarkable structures such as plumbing ductwork and airshafts Kate Marshall discovers a rich network of connections between corridors and novels one that also sheds new light on the nature of modern media The corridor is the dominant organizational structure in modern architecture yet its various functions are taken for granted and it tends to disappear from view But as Marshall shows even the most banal structures become strangely visible in the noisy communication systems of American fiction By examining the link between modernist novels and corridors Marshall demonstrates the ways architectural elements act as media In a fresh look at the late naturalist fiction of the 1920s 30s and 40s she leads the reader through the fetus clogged sewers of Manhattan Transfer to the corpse choked furnaces of Native Son and reveals how these invisible spaces have a fascinating history in organizing the structure of modern persons Portraying media as not only objects but processes Marshall develops a new idiom for Americanist literary criticism one that explains how media studies can inform our understanding of modernist literature

The Essential Willa Cather Collection Willa Cather, 2013-03

Compiled in one book the essential collection of books by Willa Cather Alexander's Bridge and The Barrel Organ A Collection of Stories Reviews and Essays My Antonia One of Ours O Pioneers Song of the Lark The Troll Garden and Selected Stories Youth and the Bright Medusa

The World and the Parish Willa Cather, 1970-01-01 One of the few really helpful words I ever heard from an older writer Willa Cather declared in 1922 I had from Sarah Orne Jewett when she said to me Of course one day you will write about your own country In the meantime get all you can One must know the world so well before one can know the parish Although Cather's first novel about her own country O Pioneers did not appear until 1913 the process of knowing the world and of mastering her craft so far as it can be traced in her published writing already had been going on for some twenty years The World and the Parish Willa Cather's Articles and Reviews 1893 1902 is the fourth in a series collecting the work of these years of experiment and discovery More specifically it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer Selected from 520 articles and columns the text is divided into three parts corresponding to major developments in Cather's career the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers the years in Pittsburgh when she was working for the Home Monthly and the Leader and sending her famous Passing Show column back to Nebraska and the period from the spring of 1900 to 1903 when she freelanced in Pittsburgh and Washington taught in a Pittsburgh high school and made her first trip abroad The text has been edited with three main objectives 1 to enable the reader to trace Cather's development as a writer 2 to group the material so that the reader interested in a particular subject the theatre or music or literature for example can readily locate pertinent selections and 3 to provide a context sufficient to relate these pieces to Willa Cather's life and to the times and to suggest some of their connections with the body of her work Chronologies have been included for each of the three parts and the Bibliography is the most complete yet available for the nonfiction writing up to 1903 Not the least remarkable feature of this collection is the range and variety of forms and subject matter reviews of books plays operas concerts art exhibits lectures feature stories interviews straight reportage columns of miscellaneous comment and travel letters Seemingly with no apparent effort Willa Cather could adjust her sights to any

assignment and any audience And if it is astonishing that she could write so much about so many matters at so many levels it is perhaps even more astonishing that so much of it was so good Undeniably however the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with Cather s later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist
