My Sister's Coming to Get Me Stacy Willis, 2015-06-24 Let me introduce myself I am a soul that was lost most of her life Being filled with all sorts of demon spirits hatred rebellion and never stopping until I got even Jehovah God showed me that I could get ahead That there was something out there just for me something so wonderful and awesome that part of my assignment in life was to share my story in hopes that someone else may see themselves through my eyes Now that I have time to look back at it all I wonder about many things Were they normal intentional my fault or my destiny I know that I could have made many different choices to the ones that I made but even now I have to wonder who does that It took a long time for me to get over the death of my mother and I'm talking thirty four long years That's about the only thing that I got out of rehab Only went there one time Could have and should have gone more but I knew that would not help with the problem at hand I liked to get high There I said it Didn't shoot up or nothing but if it could be smoked well hey

Russian Borderlands in Change Tiina

Sotkasiira, 2016-04-20 While moving across borders has been made easier for some in Russia in recent years for others physical as well as socio cultural borders are proving to be more and more difficult to cross Tackling the differences between the ways in which official discourses construct borders and the ways people who live there experience them in their everyday lives this book uses innovative theoretical approaches and empirical work with young North Caucasian migrants to explore issues of identity citizenship exclusion and belonging The Chechen war terrorist attacks and confrontations between Caucasian migrants and local residents have served as touchstones for intense public debates about who belongs in Russian society and who does not Young people of North Caucasian origin are experiencing the effects of such debates as they learn to negotiate and maintain their identities in an environment in which they are defined as a threat to national security whilst simultaneously being pressured to align with core civic values of the state This book reflects on the notion that the cultural borders which define civic liberties and people's right to belong are increasingly being defined within society and not by the external borders of states
