Clements,2014-10-01 Focusing on two Arizona towns that had their origins in mining bonanzas Tombstone and Jerome historian Eric L Clements offers a rare study dissecting the process of bust itself the reasons and manners in which these towns declined as the mining booms ended Tombstone was the site of one of the great silver bonanzas of the nineteenth century a boom that started in the late 1870s and was over by 1890 Jerome s copper deposits were mined for much longer beginning in the 1880s and enduring until the 1930s But when the mining booms ended each town faced its decline in similar ways The process of decline was more complex than superficial histories have indicated and Clements discusses the role of labor unions in trying to stave off collapse the changing demography of decline the nature and expression of social tensions the impact on institutions such as churches and schools and the human responses to continued economic depression But bust involved more than a steady decline into ghost town status Clements discovers the towns remaining residents employed numerous strategies to survive and reduce household expenses In the end both towns reinvented themselves as late twentieth century tourist attractions **Bean's History and Directory of Nevada County, California** ,1867

The Genesis of Reno Jack Harpster,2016-09-13 Over 157 years ago before there was a Reno Nevada before there was a state of Nevada and even before there was a Nevada Territory there was a bridge over the Truckee River at a narrow deeply rutted cattle and wagon trail that would one day become Virginia Street There was also a small rustic inn and tavern occupying a plot of ground at the southern end of the log and timber bridge catering to thirsty cowboys drovers and miners The inn and the bridge were the first two structures in what would one day be a bustling metropolitan area and to this day

they still form the nucleus of the city The Genesis of Reno traces their history up to the present day The 111 year old concrete bridge that was replaced in 2016 by a magnificent new structure was honored for its longevity and unique character with placement on the National Register of Historic Places in 1980 *Precious Dust* Paula Mitchell Marks,1998-04-01 Material culled from letters diaries and other firsthand accounts reconstructs the experiences of people involved in the Gold Rush showing not only what propelled them westward but how they met the challenges of their journey **California Place Names** Erwin Gustav Gudde,1960 *Mining and Scientific Press* ,1880 Bookman's Guide to Americana Joseph Norman Heard,Charles F.
