MOWCTX strives to provide a system of support for its senior clients in order to extend their independence and health as they age Currently funding for MOWCTX is in jeopardy for profit companies seek to acquire federal funds MOWCTX relies on To preserve their funding I assisted MOWCTX in gaining an understanding of how their model offers more than nutritional support Observations of deliveries and 20 semi structured interviews with current clients were conducted Research findings suggest that there are additional practical benefits including the ready to eat meals and face to face interactions with volunteers that are unique to MOWCTX *Nourishing the Soul: The Real Value of Meals on Wheels* Robert U. Montgomery, 2019-11-20 The value of the national Meals on Wheels program transcends delivering meals to home bound recipients In *Nourishing the Soul the Real Value of Meals on Wheels* author Robert U Montgomery documents how it improves life emotionally spiritually and even physically for volunteers as well as recipients Ninety five year old volunteer Dorothy Gouin provided the inspiration for this book and she is profiled in Part I Some might say she s a legacy said Cher Robinson director of the center where Dorothy volunteers She s been here approximately 19 years helping guiding teaching listening and most of all loving all who have met her I believe Dorothy is an angel The second part uses stories and experiences from volunteers and meal recipients to reveal how the value of the program extends far beyond delivery of food It is an honor and privilege to be part of this great program said one volunteer Everyone needs that human contact and it s a really great feeling to do this for them It fills our hearts with appreciation gratitude compassion and sometimes even love Research reveals volunteering and random acts of kindness of most any kind stimulate the same pleasure centers of the brain associated with food and sex In other words helping others provides a natural high And a meal recipient shared this What can I say So many times the volunteers are the only human contact I have for weeks The meals mean more than you can ever know This program and the volunteers are a great blessing and so is the information that you provide for other programs such as the pet food pantry Thank you to each and every one for what you do In fact 59 percent of home delivered meal recipients live alone Nine out of 10 added that the meals help them feel more secure and live independently The third part is about the often unappreciated senior centers where meals are prepared and the valuable resources that they provide for their communities Unfortunately many people mistakenly believe that they are only for poor people In fact the centers are multi purpose gathering places for seniors of all income brackets Yes they provide meals but they also assist with health needs and questions and tax concerns They offer educational programs and recreational opportunities They play host to and or sponsor fun filled events as fundraisers Montgomery hopes that this book will inspire more people to volunteer and by so doing improve their own lives while helping others And he hopes that it will encourage more seniors to visit their local
