Mean Justice A Towns Terror A Prosecutors Powe:

Mean Justice Edward Humes, 2012-11-13 This national bestseller from the Pulitzer Prize winner catapults readers to the dark side of the justice system with the powerful true story of one man's battle to prove his innocence Besieged by murder rape and the vilest conspiracies the all American town of Bakersfield California found its saviors in a band of bold and savvy prosecutors who stepped in to create one of the toughest anti crime communities in the nation There was only one problem many of those who were arrested tried and imprisoned were innocent citizens In a work as taut and exciting as a suspense novel Pulitzer Prize winning author and journalist Edward Humes embarks on a chilling journey to the dark side of the justice system He reveals the powerful true story of retired high school principal Pat Dunn's battle to prove his innocence and how he was the victim of a case tainted by hidden witnesses concealed evidence and behind the scenes lobbying by powerful politicians Humes demonstrates how the mean justice dispensed in Bakersfield is part of a growing national trend in which innocence has become the unintended casualty of today's war on crime

The Japanese Way of Justice David Ted Johnson, 2002 The major achievements of Japanese criminal justice are thus inextricably intertwined with its most notable defects and efforts to fix the defects threaten to undermine the accomplishments **BOOK JACKET ABA Journal**, 1999-05 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association Courts Cassia Spohn, Craig Hemmens, 2011-11-09 Authored text sections and carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century Edited readings introduce students to classic studies of the criminal court system and to cutting edge research on decision making by court actors An introduction to each reading gives students an overview of the purpose main points and conclusion of each article and evaluates their policy implications How to Read a Research Article tied to the first reading in the book guides students in understanding and learning from the research articles Mini chapters precede the selection of readings and offer clear and concise explanations of key terms and concepts in each section coupled with boxes with special interest topics and review materials that enhance student comprehension

Sex Panic and the Punitive State Roger N. Lancaster, 2011-03-15 One evening while watching the news Roger N Lancaster was startled by a report that a friend a gay male school teacher had been arrested for a sexually based crime The resulting hysteria threatened to ruin the life of an innocent man In this passionate and provocative book Lancaster blends astute analysis robust polemic ethnography and personal narrative to delve into the complicated relationship between sexuality and punishment in our society Drawing on classical social science critical legal studies and queer theory he tracks the rise of a modern suburban culture of fear and develops new insights into the punitive logic that has put down deep roots in everyday American life *Governing Through Crime* Jonathan Simon, 2007-02-03 Across America today gated communities sprawl out from urban centers employers enforce mandatory drug testing and schools screen students with

metal detectors Social problems ranging from welfare dependency to educational inequality have been reconceptualized as crimes with an attendant focus on assigning fault and imposing consequences Even before the recent terrorist attacks non citizen residents had become subject to an increasingly harsh regime of detention and deportation and prospective employees subjected to background checks How and when did our everyday world become dominated by fear every citizen treated as a potential criminal In this startlingly original work Jonathan Simon traces this pattern back to the collapse of the New Deal approach to governing during the 1960s when declining confidence in expert guided government policies sent political leaders searching for new models of governance The War on Crime offered a ready solution to their problem politicians set agendas by drawing analogies to crime and redefined the ideal citizen as a crime victim one whose vulnerabilities opened the door to overweening government intervention By the 1980s this transformation of the core powers of government had spilled over into the institutions that govern daily life Soon our schools our families our workplaces and our residential communities were being governed through crime This powerful work concludes with a call for passive citizens to become engaged partners in the management of risk and the treatment of social ills Only by coming together to produce security can we free ourselves from a logic of domination by others and from the fear that currently rules our everyday life

We Believe the Children Richard Beck, 2015-08-04 A brilliant disturbing portrait of the dawn of the culture wars when America started to tear itself apart with doubts wild allegations and an unfounded fear for the safety of children During the 1980s in California New Jersey New York Michigan Massachusetts Florida Tennessee Texas Ohio and elsewhere day care workers were arrested charged tried and convicted of committing horrible sexual crimes against the children they cared for These crimes social workers and prosecutors said had gone undetected for years and they consisted of a brutality and sadism that defied all imagining The dangers of babysitting services and day care centers became a national news media fixation Of the many hundreds of people who were investigated in connection with day care and ritual abuse cases around the country some 190 were formally charged with crimes leading to more than 80 convictions It would take years for people to realize what the defendants had said all along that these prosecutions were the product of a decade long outbreak of collective hysteria on par with the Salem witch trials Social workers and detectives employed coercive interviewing techniques that led children to tell them what they wanted to hear Local and national journalists fanned the flames by promoting the stories salacious aspects while aggressive prosecutors sought to make their careers by unearthing an unspeakable evil where parents feared it most Using extensive archival research and drawing on dozens of interviews conducted with the hysteria s major figures n 1 editor Richard Beck shows how a group of legislators doctors lawyers and parents most working with the best of intentions set the stage for a cultural disaster The climate of fear that surrounded these cases influenced a whole series of arguments about women children and sex It also drove a right wing cultural resurgence that in many respects continues to this day

Police Interrogation and American Justice Richard A. Leo, 2009-09-30 Read him his rights We

all recognize this line from cop dramas But what happens afterward In this book Leo sheds light on a little known corner of our criminal justice system the police interrogation An important study of the criminal justice system this book provides interesting answers and raises some unsettling questions **Wrongful Conviction** C. Ronald Huff,Martin

Killias,2010-01-15 Imperfections in the criminal justice system have long intrigued the general public and worried scholars and legal practitioners In *Wrongful Conviction* criminologists C Ronald Huff and Martin Killias present an important collection of essays that analyzes cases of injustice across an array of legal systems with contributors from North America Europe and Israel This collection includes a number of well developed public policy recommendations intended to reduce the instances of courts punishing innocents It also offers suggestions for compensating more fairly those who are wrongfully convicted **Golden Gulag** Ruth Wilson Gilmore,2007-01-08 Publisher description *The Essential Mystery Lists* Roger M

Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher s death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction , **The Witch-Hunt Narrative** Ross E. Cheit,2014-04-28 In the 1980s a series of child sex abuse cases

rocked the United States The most famous case was the 1984 McMartin preschool case but there were a number of others as well By the latter part of the decade the assumption was widespread that child sex abuse had become a serious problem in America Yet within a few years the concern about it died down considerably The failure to convict anyone in the McMartin case and a widely publicized appellate decision in New Jersey that freed an accused molester had turned the dominant narrative on its head In the early 1990s a new narrative with remarkable staying power emerged the child sex abuse cases were symptomatic of a moral panic that had produced a witch hunt A central claim in this new witch hunt narrative was that the children who testified were not reliable and easily swayed by prosecutorial suggestion In time the notion that child sex abuse was a product of sensationalized over reporting and far less endemic than originally thought became the new common sense But did the new witch hunt narrative accurately represent reality As Ross Cheit demonstrates in his exhaustive account of child sex abuse cases in the past two and a half decades purveyors of the witch hunt narrative never did the hard work of examining court records in the many cases that reached the courts throughout the nation Instead they treated a couple of

cases as representative and concluded that the issue was blown far out of proportion Drawing on years of research into cases in a number of states Cheit shows that the issue had not been blown out of proportion at all In fact child sex abuse convictions were regular occurrences and the crime occurred far more frequently than conventional wisdom would have us believe Cheit s aim is not to simply prove the narrative wrong however He also shows how a narrative based on empirically thin evidence became a theory with real social force and how that theory stood at odds with a far more grim reality The belief that the charge of child sex abuse was typically a hoax also left us unprepared to deal with the far greater scandal of child sex abuse in the Catholic Church which incidentally has served to substantiate Cheit s thesis about the pervasiveness of the problem In sum The Witch Hunt Narrative is a magisterial and empirically powerful account of the social dynamics that led to the denial of widespread human tragedy

Ten Dollars to Hate Patricia Bernstein,2018-11-02 Ten Dollars to Hate tells the story of the massive Ku Klux Klan of the 1920s by far the most successful incarnation since its inception in the ashes of the Civil War and the first prosecutor in the nation to successfully convict and jail Klan members Dan Moody a twenty nine year old Texas district attorney demonstrated that Klansmen could be punished for taking the law into their own hands Bernstein s offering is a must read for those interested in Texas history and for those seeking to better understand the tenor of our own times Southwestern Historical Quarterly Bernstein has done Texas and the country a favor by documenting Moody s bravado and vanquishing of the Klan Corpus Christi Caller Times

Legend and Belief Linda Dégh,2001-11-14 Industrial advancement has not changed the basic fragility of human life and the commercialization and consumer orientation of the mass media has actually helped legends travel faster and farther Legends are communicated not only orally face to face but also in the press on radio and television on countless Web sites and by e mail perpetuating new waves of the culture of fear
