Meaning Of Christ A Mahayana Theology

Ruben Habito

Meaning Of Christ A Mahayana Theology:

The Meaning of Christ John P. Keenan, 1989 The Meaning of Christ reinterprets Christian tradition in the light of Mah y na Buddhist philosophy Mah y na theology declares Christ to be empty of essence defined only in the dependently co arisen course of his life death and resurrection Kenan uses Buddhist thought to unveil facets of meaning in Christ not focused on in western thinking and to enable western Christians to reclaim their mystic tradition Part I examines the meaning of Christ as developed in the early church Through primary sources Keenan brings to lifht the cumulative research interpretations and historical understanding of a broad host of Christian scholars He argues that the Christian West has failed to relate its own mystic thinkers to its doctrinal theoretical thinking Part II outlines Indian Buddhist thought from the early Nik yas through the Abhidharma theorists the Prajn p ramita and M dhyanuja thinkers to the development of critical theory in Yog c ra Keenan then develops the Yog c ra concept of consciousness addresses some of the objections to the adoption of Mah y na philosophy in Christian theology and applies the Mah y na approach to the doctrines of Incarnation and Trinity

The Meaning of Christ John P. Keenan, **The Emptied Christ of Philippians** John P. Keenan, 2015-12-15 Before the Gospels were written long before the creeds of the Church were hammered out Christ followers in Philippi sang a hymn of the Christ who although he was in the form of God emptied himself taking the form of a slave being born as are all humans But this emptied Christ never fit neatly into later theologies of the church shaped by Greek thought concerned with being and essence In Philippians Paul struggles stumbling over his own awkward words to express his hope his eschatological faith that he might gain Christ and be found in him and participate in his sufferings by being conformed to his death if in some way I may reach to what goes beyond the resurrection from the dead Might we better comprehend Paul s inchoate even mystical faith in Jesus Christ with aid from a less empirical world of thought than our western heritage offers Might the thinking of Mah set macron over a y set macron over a na Buddhism guide us toward an awareness of a truth in the Christian faith that is more profound than anything reducible to historical facts or even to human language

The New Comparative Theology Francis X. Clooney, S.J., 2010-06-03 This book is an extended critical reflection on the state of interrelgious dialogue in its modern version While there has been some important writing in the field of comparative theology there has been no extended critical reflection on the state of the discipline in its modern version its strengths and problematic areas as it grows as a serious theological and scholarly discipline This work of young scholars in conversation with one another remedies this lack by as it were taking the discipline apart and putting it back together again The volume seeks to understand how to learn from multiple religions in a way that is truly open to those religions on their own terms while yet being rooted in the tradition s that we bring to our interreligious study

Earthing the Cosmic Christ of Ephesians—The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 1 John P. Keenan, 2021-07-28 This is the introductory volume of a multivolume verse by verse interfaith rereading of the New Testament letter to the Ephesians It looks to the Tiantai Buddhist master Zhiyi and his

threefold truth to enhance our appreciation of nascent trinitarian themes in Ephesians And it draws upon a broad array of scientific theological and philosophical thinkers in aid of rejecting the epistle's ancient geocentric cosmology and its accommodations to the misogynistic patriarchal and slaveholding norms of its first century surroundings As a whole the work constitutes a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons

An Introduction to the Theology of Religions Veli-Matti Kärkkäinen, 2009-08-20 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli-Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions **The Oxford Handbook of Christology** Francesca Aran Murphy, 2015-09-24 The Oxford Handbook of Christology brings together 40 authoritative essays considering the theological study of the nature and role of Jesus Christ This collection offers dynamic perspectives within the study of Christology and provides rigorous discussion of inter-confessional theology which would not have been possible even 60 years ago The first of the seven parts considers Jesus Christ in the Bible Rather than focusing solely on the New Testament this section begins with discussion of the modes of God's self-communication to us and suggests that Christ's most original incarnation is in the language of the Hebrew Bible The second section considers Patristic Christology These essays explore the formation of the doctrines of the person of Christ and the atonement between the First Council of Nicaea in 325 and the eve of the Second Council of Nicaea The next section looks at Mediaeval theology and tackles the development of the understanding of who Christ was and of his atoning work The section on Reformation and Christology traces the path of the Reformation from Luther to Bultmann The fifth section tackles the new developments in thinking about Christ which have emerged in the modern and the postmodern eras and the sixth section explains how beliefs about Jesus have affected music poetry and the arts The final part concludes by locating Christology within systematic theology asking how it relates to Christian belief as a whole This comprehensive volume provides an invaluable resource and reference for scholars students and general readers interested in the study of Christology Christology Veli-Matti Kärkkäinen, 2003-07 How does the global Christian community understand Jesus Christ Christology examines historical and contemporary understandings of Jesus from a worldwide perspective *The View From Mars Hill* Charles B. Jones, 2005-04-25 What are Christians to make of religious diversity Are other religions simply wrong Is this great multiplicity something to appreciate and foster Is there any way to judge whether one religion is better than another or are all equally good options What has brought about such a wealth of diversity and tension in the first place Charles Jones traces the rich history of Christianity's many encounters with other religions from the Roman Empire and Paul's speech to the Athenians on Mars Hill Acts 17:16-34 to the discovery of non-European peoples through various currents of philosophy and science and in both the peaceful and violent meetings of Christianity and other religions today Jones suggests that there are patterns to the way people meet across religious

boundaries He helps us see the tension between our desire for religious coherence and our need to build bridges to avert conflict and foster good relations the tension between integrity and openness By the end of the book readers will have a sense of the history of Christianity's engagement with religious diversity as well as tools to move interfaith life forward Excellent for parish education and informal discussion groups this eye opening guide takes a vital step in our understanding of our roles in a world of religious diversity *The Routledge Handbook of Buddhist-Christian Studies* Carol

Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done *The Routledge Handbook of Buddhist Christian Studies* is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history Understanding Interreligious Relations David Cheetham, Douglas Pratt, David Richard Thomas, David

Thomas, 2013-11 Understanding Interreligious Relations is a multi authored volume that explores the theme of the religious other from the perspective of five major religions Hinduism Judaism Buddhism Christianity and Islam and discusses a range of issues in which interreligious relations are central These include conversion the impact and nature of religious extremism the contemporary development of inter religious dialogue the dynamics operating between majority and minority religious groups belonging to more than one religion or faith tradition examples of cross religious co operation religion in the public domain and the task of peace building among others In a religiously plural world how different religious communities get along with one another is not just an academic question it is very much a focus of socio political and wider community attention The challenge to understand interreligious relations is of critical importance in today's world **INTERFAITH MISSIONS** Joseph Bosire Nyagwoka, 2025-04-24 Bridging divides between faiths is more critical than ever But what happens when traditional outreach methods fall short This book delves into the heart of a complex challenge engaging the Digo Muslim community on Kenya's South Coast Discover why established Christian strategies struggle and how cultural nuances create barriers to effective mission work Through in depth research and compelling interviews you'll uncover the realities faced by both churches and new converts from fear and threats to financial and training limitations More than just a critique

this book offers a practical biblically rooted model for fostering genuine connection Whether you re a missiologist a church leader or simply passionate about interfaith understanding this resource provides a template for building bridges of compassion and love transforming division into fellowship This isn t just a study it s a call to action for effective context sensitive outreach worldwide [The Future of Interreligious Dialogue](#) Cohen, Charles L.,Knitter, Paul F.,Rosenhagen, Ulrich,2017-09-14 **The Church in China** Paul Rule,2010-12-31 China has been a challenge to Christianity since the beginning of modern times and it remains so today Here is a great civilisation comprising a quarter of humankind yet largely untouched by Christian values and beliefs Any theological evaluation of the state of world Christianity that does not take China into account is impoverished and radically incomplete **The Depth of the Riches** S. Mark Heim,2000-11 A constructive new proposal for Christian dialogue with other faiths Religious pluralism is today the most challenging issue facing traditional Christianity This constructive work by a leading voice on the subjects of religious pluralism and interfaith relations probes the Christian understanding of God and salvation and offers a new perspective on religious pluralism that affirms unique salvation in Christ while also recognizing the religious ends of other faiths The questions explored here are both difficult and enlightening What is the distinctive nature of salvation Is there a place in Christian theology for recognizing other religious ends in addition to salvation In pursuit of meaningful answers S Mark Heim uses the classical doctrine of the Trinity to develop a theology that allows Christians to respect the possibility that alternative relations with God exist in other religions *Zen and the Spiritual Exercises* Ruben Habito,2014-04-10 The practices of the East meet those of the West in this intriguing book on the relationship between Zen meditation and the Spiritual Exercises of St Ignatius Loyola Ruben Habito a Zen Master as well as an expert in Ignatian spirituality brings these two hallowed paths to enlightenment together in this intriguing book designed not only for believers in either tradition but for seekers and beginners as well Both comparing and contrasting Zen traditions of meditation and enlightenment with St Ignatius famous Exercises for attaining Divine Love Habito offers suggestions on how the two traditions share the same goals and how each might benefit from the other or from their shared practice As the reader follows Habito through the stages of purgation of false desires illumination of one s true path and the generous desire to give back what one has been given through the Divine Habito shares illuminating and instructive stories literary and spiritual reflections and thought provoking ways on how to update Zen and Ignatian spirituality to meet the needs and desires of a contemporary seeker **The Gospel of Buddha According to Old Records** Paul Carus,2004 The Gospel of Buddha the classic text on Buddhism that first introduced many Westerners to Buddha and his teachings was first published in 1894 and immediately became a worldwide bestseller Author Paul Carus 1852 1919 collected many accounts of Buddha s life teachings and death and fashioned a coherent and gripping narrative It was easily understood and popular with Americans because it resembled a Christian gospel Martin Verhoeven s detailed introduction describes the circumstances surrounding Carus s achievement and the book s relation to other strands

of Buddhist teaching This edition also includes 25 newly rediscovered paintings by the renowned Buddhist artist Yamada

Interreligious Learning Michael Barnes, 2012 Demonstrates how learning to engage with different religious traditions can deepen and reinvigorate one's own faith

How to Do Comparative Theology Francis X. Clooney, Klaus von Stosch, 2017-12-12 For a generation and more the contribution of Christian theology to interreligious understanding has been a subject of debate Some think of theological perspectives as of themselves inherently too narrow to support interreligious learning and argue for an approach that is neutral or on a more popular level grounded simply open minded direct experience In response comparative theology argues that theology as faith seeking understanding offers a vital perspective and a way of advancing interreligious dialogue aided rather than hindered by commitments theological perspectives can both complement and step beyond the study of religions by methods detached and merely neutral Thus comparative theology has been successful in persuading many that interreligious learning from one faith perspective to another is both possible and worthwhile and so the work of comparative theology has become more recognized and established globally With this success there has come to the fore new challenges regarding method How does one do comparative theological work in a way that is theologically grounded genuinely open to learning from the other sophisticated in pursuing comparisons and fruitful on both the academic and practical levels How To Do Comparative Theology therefore contributes to the maturation of method in the field of comparative theological studies learning across religious borders by bringing together essays drawing on different Christian traditions of learning Judaism and Islam Hinduism and Buddhism the wisdom of senior scholars and also insights from a younger generation of scholars who have studied theology and religion in new ways and are more attuned to the language of the spiritual but not religious The essays in this volume show great diversity in method and also over and over and from many angles coherence in intent a commitment to one learning from the other and a confidence that one's home tradition benefits from fair and unhampered learning from other and very different spiritual and religious traditions It therefore shows the diversity and coherence of comparative theology as an emerging discipline today

The Gospel of Mark John P. Keenan, 2005-02-03 John Keenan's The Gospel of Mark is a radically new reading of this most intriguing of the Synoptic gospels a remarkable feat in the face of the explosion of Markan scholarship over the last twenty years Keenan accomplishes this by approaching Mark as no other scholar has done through the lens of Mahayana Buddhist philosophy This view stresses the emptying of all preconceived notions of how to begin reading as well as reclamation of such notions in terms of dependent co arising and Jesus assault on the validity of conventional religiosity The Gospel of Mark displays an alternative hermeneutical procedure one generated by the Mahayana understanding of the function of text and doctrine and informed by Mahayana philosophy Part One of The Gospel of Mark provides an overview of different interpretive techniques in Markan scholarship It describes and argues for the validity of a Buddhist approach to this charter document of the Christian Gospel Here the author demonstrates a profound grasp not only of scriptural scholarship but of Mahayana

philosophy Keenan discusses themes such as Mark's elliptical style and the journeying that provides the impetus for the narrative and explores them through the lens of emptiness and dependent co-arising which are the focal points of a Mahayana reading. In Part Two Keenan gives the reader truly fresh insights into the paradoxical world of Mark's Jesus. Through a Buddhist lens the text offers startling and new perspectives on Jesus himself, the experience of the Kingdom, miracle stories and parables, the passion and death, the resurrection and return.
