Sacred Chronicles David Fernandez, 2011-03-15 [The Films of Akira Kurosawa, Third Edition, Expanded and Updated](#) Donald Richie, 2023-12-22 In an epilogue provided for his incomparable study of Akira Kurosawa 1910-1998 Donald Richie reflects on Kurosawa's life work of thirty feature films and describes his last unfinished project a film set in the Edo period to be called *The Ocean Was Watching*. Kurosawa remains unchallenged as one of the century's greatest film directors. Through his long and distinguished career he managed like very few others in the teeth of a huge and relentless industry to elevate each of his films to a distinctive level of art. His *Rashomon* one of the best remembered and most talked of films in any language was a revelation when it appeared in 1950 and did much to bring Japanese cinema to the world's attention. Kurosawa's films display an extraordinary breadth and an astonishing strength from the philosophic and sexual complexity of *Rashomon* to the moral dedication of *Ikiru* from the naked violence of *Seven Samurai* to the savage comedy of *Yojimbo* from the terror-filled feudalism of *Throne of Blood* to the piercing wit of *Sanjuro*.

Builders John Marshall,2022-12-02 The Edwardian castles of north Wales were built by a Savoyard master mason but also by many other artisans from Savoy What is more extraordinary is that the constables of Flint Rhuddlan Conwy and Harlech were also Savoyards the Justiciar and Deputy Justiciar at Caernarfon were Savoyards and the head of the English army leading the relief of the sieges of Flint and Rhuddlan was a future Count of Savoy The explanatory story is fundamentally of two men the builder of castles Master James of St George and Justiciar Sir Othon de Grandson and the relationship of these two men with King Edward I But it is also the story of many others a story that begins with the marriage of Alianor de Provence to Edward's father Henry III and the influx of her kinsmen to England such as Pierre de Savoie It is impossible to understand the development of the castles in north Wales without an understanding of the Savoyards where they came from and their impact on English and Welsh history The defining work of Arnold Taylor in exploring the Savoyard history of Welsh castles is now

many years past and mostly out of print it is time for the story to be revisited and expanded upon in the light of new evidence
