Tetyana (Tanya) Krupiy, 2016-02-29 How military commanders interpret the rules of targeting impacts not only on whether civilians and civilian objects are harmed in the course of a military operation but also on the scale of harm that ensues Commentators have queried whether military commanders observed the law even when parties to a conflict acted in accordance with mandates to protect civilians as was the case when a coalition of states bombed targets in Libya in 2011 However limited guidance is publicly available on how military commanders apply these rules on the battlefield In order to

allow military commanders to exercise judgment in determining what steps they are required to take to spare civilians in a specific set of circumstances the rules of targeting are formulated in an open ended fashion which complicates one's ability to evaluate whether a particular military operation complies with the law By examining case studies ranging from Operation Desert Storm in 1991 to Operation Protective Edge in 2014 this book addresses lacunae in current scholarship It puts forward principles which capture how military commanders deliberate while interpreting what the rules of targeting require in particular scenarios International humanitarian law this book contends places a duty on attackers to assume risk in order to mitigate danger to civilians Drawing on the field of psychology this study provides an explanation of how military commanders assess when circumstances do not permit them to inform civilians about a forthcoming attack Ductor Dubitantum or The Rule of Conscience in All Her General Measures, 2 Volumes Jeremy Taylor, 2009-03-03 Desperate Measures Ann Elizabeth Cree, Anne Ashley, 2006-12-01 Mojo is trying to enjoy her posh new home but she'd rather be back living over Bad Ass Bert's Biker Saloon where life was simpler Her sexy cop boyfriend can't let go of his past while her wealthy sister is being blackmailed for secrets in hers And Mojo's smack in the middle of it all As the murders pile up Mojo is starting to uncover secrets that even the dead don't want disturbed *The World's Work* Walter Hines Page, Arthur Wilson Page, 1912 A history of our time *American Book Publishing Record*, 2000 To Abolish the Death Penalty United States.
