**Socially Responsible International Business** Leonidas C. Leonidou,Constantine S. Katsikeas,Saeed Samiee,Constantinos N. Leonidou,2019 Acting in a socially responsible manner has become a crucial success factor for many international firms due to the highly complex competitive and volatile global environment in which they operate This book will contribute new ideas contemporary knowledge and original research to the area of socially responsible international business and offers challenging directions for future research Topic covered range from global environmental influences on acting in a socially responsible way foreign buyer reactions to responsible business and international market targeting to development of socially responsible international business strategies

Strategy for Sustainable Competitive Advantage Ian Chaston,2012-05-04 Due to the adverse outcomes of the recent global recession and the public deficit crisis in the USA and Europe Western companies can expect flattening or declining sales in their domestic markets They will also face growing competition as Chinese firms seek to block the activities of foreign companies in their domestic market and expand their own operations in overseas markets Survival and growth for Western companies is unlikely to come from sustaining current business practices based upon utilization of conventional approaches to strategic management success will depend on exploiting new knowledge to stay ahead of competition This book examines the strategic issues associated with the entrepreneurial utilization of new knowledge to create innovative products and services accompanied by the development of leading edge highly productive internal organizational processes Through the use of appropriate theories and illustrative case examples the text is designed to assist managers in Western organizations and business school students understand how to counter the increasing threats that are posed by the globalization of companies from emerging countries such as the BRIC nations

*Brand Fusion* Terry Smith,Tom Williams,2022-07-05 Finalist in the Business Marketing charities to technology companies retirement villages to aspiring high growth start ups Brand Fusion Purpose driven brand strategy is an in depth analysis of the philosophy and

practice behind creating a purposeful brand      Strategy, Control and Competitive Advantage Erik Jannesson, Fredrik Nilsson, Birger Rapp, 2013-10-25 How should firms control systems be designed and used to formulate and implement strategies that will contribute to competitive advantage and sustained high performance This book offers some thought provoking suggestions It contains empirical studies of such diverse manufacturing enterprises as Atlas Copco Electrolux Saab Scania SCA Packing and Volvo as well as an insurance company and two chamber orchestras All firms and organizations presented offer interesting and exciting insights each in a specific way and each with a fascinating history The book presents research on the relationship between strategy control and competitive advantage over extended periods and at several strategic levels while also taking into account the existence of multiple control systems in a single firm or other organization Readers are offered an in depth look into how changes in the environment lead to adjustments in strategies and control systems It is shown in addition how difficult and challenging it can be to implement these changes and why such efforts are not always successful But perhaps most importantly the book conveys an in depth understanding of how strategies and control systems affect competitive advantage and performance In both its coverage and focus the book is unique Not only does it provide valuable contributions to the research field of strategy and management control it also represents a substantial commitment in terms of resources and involvement over an extended period The book is highly recommended to researchers practitioners graduate students and all others interested in this area      **EBOOK: Managing Brands**

LAFORET, SYLVIE, 2009-12-16 EBOOK Managing Brands      Measuring Business Excellence Gopal K. Kanji, 2012-10-12 Business Excellence and Total Quality Management TQM models provide a means of measuring the satisfaction of customers employees and shareholders simultaneously A number of such models currently exist but the author argues none of these address all dimensions of TQM This book introduces the principles of TQM and establishes their use in measuring Business Excellence in an organisational environment It comparatively evaluates various TQM and Business Excellence models and discusses the complexities of measuring success Presenting important innovative work by one of the most eminent scholars in the field this book is essential reading for both academics and professionals working in quality management      *The Oxford Handbook of International Business Strategy* Kamel Mellahi, Klaus Meyer, Rajneesh Narula, Irina Surdu, Alain Verbeke, 2021 Multinational enterprises must contend with increasingly challenging conditions in the international business environment This Handbook explores how classic principles of international competitive strategy are transformed in today's markets and provides suggestions on how firms can develop effective strategies to respond to these transformations

Global Environmental Change R E Hester, R M Harrison, 2007-10-31 Few people today are unaware of the far reaching effects of global environmental change and it is now generally accepted that human activities are the root cause of the changes in climate Global Environmental Change provides a balanced overview of the problems associated with global warming Commencing with a chapter on the evidence for global warming presented by Sir John Houghton the book then

goes on to discuss the many problems associated with air pollution Subsequent chapters cover rising sea levels the effect of climate change on human health and the role of environmental performance in industry This readable and factually detailed book will have wide appeal but will be of particular interest to environmental scientists industrial managers policy makers and students

The Balanced Scorecard Robert S. Kaplan, David P. Norton, 1996-08-02 The Balanced Scorecard translates a company's vision and strategy into a coherent set of performance measures The four perspectives of the scorecard financial measures customer knowledge internal business processes and learning and growth offer a balance between short term and long term objectives between outcomes desired and performance drivers of those outcomes and between hard objective measures and softer more subjective measures In the first part Kaplan and Norton provide the theoretical foundations for the Balanced Scorecard in the second part they describe the steps organizations must take to build their own Scorecards and finally they discuss how the Balanced Scorecard can be used as a driver of change

Corporate Governance and Contingency Theory Abdul Ghofar, Sardar M.N. Islam, 2014-11-19 This book analyzes the determinants and effectiveness of corporate governance in an integrated model drawing on contingency theory and employing structural equation modeling SEM Business competition as an environmental factor and strategy as an organizational factor are important determinants of corporate governance while organizational performance and earnings quality are two dimensions of its effectiveness This book focuses on the relationship between corporate governance and earnings management and shows that corporate governance is effective in improving earnings quality and reducing accounting and governance risks The authors also question the relation between corporate governance and company performance and present results of their analysis in this book

*Corporate Strategy and Sustainability* Peter N. Nemetz, 2024-12-31 Corporate Strategy and Sustainability is a substantially updated detailed overview of sustainability issues for business and economics students Built to teach the evolution of the history of sustainability practices this edition has expanded coverage of social sustainability issues non Western perspectives and sustainable supply chains Rich in cases these too have been updated to demonstrate best practice and the practical application of theory Extensive discussions of tools show how incorporate sustainability issues apply to strategic decision making The book accentuates the value and importance of a strong sustainability approach in an age of climate change emergency This textbook is an ideal companion to instructors and students of sustainability in business economics and management

**Aligning Human Resources and Business Strategy** Linda Holbeche, 2022-04-26 What difference can the aspiring HR strategist really make to business value In the new and extensively updated edition of her ground breaking book Linda Holbeche answers this question and provides the tools and insights to help HR managers and directors add value to the organization by implementing effective HR initiatives that are aligned to core business strategies This edition includes new chapters fresh case questions specific sector twists like healthcare the university sector travel and tourism alongside a greater mix of international case studies Taking a more analytical approach than previous works

Holbeche discusses and explores a number of contemporary academic debates Learn how you can strengthen and prove the relationship between people strategy and business success through your approach to performance and development and impress at the highest levels with this new edition of an HR classic [Strategic Corporate Responsibility](#) Ulpiana Kocollari,2018-05-24 In her book Dr Ulpiana Kocollari presents a unique contribution to the debate on Corporate Social Responsibility and Sustainability by clearly expressing how the configuration of a firm s social dimension can help identify inclusive corporate governance models define innovative management processes and reshape performance measurement systems for the evaluation and assessment of sustainable economic social and environmental results Moving a step further a firm s social dimension is defined within the configuration of stakeholders resources rewards patterns intrinsic to their interactions with their environment and embedded in their business activities Based on this approach a framework is provided to guide firms in identifying management activities grounded in and suited to their prevalent patterns in order to support current and future strategies and establish adequate measurement and communication tools for pursuing their mission The book contains original theoretical and empirical material and particular attention is paid to the principal social and environmental impact measurement models i e Global Reporting Initiative Social Return on Investments Social Balanced Scorecard etc analysing their main features in order to pinpoint their adequacy in assessing the social dimension and to tailor their use more closely to the specific patterns to which they refer Finally a detailed application of the analysis framework which the author has identified is proposed for Innovative Start Ups with a Social Goal and for Benefit Corporations in order to detect the patterns embedded in their social dimension and their distinctive traits which influence their management and measurement processes [Corporate Strategy in Post-Communist Russia](#) Mikhail Glazunov,2016-05-12 Russian businesses in the post Soviet period have been noted for their unusual sometimes allegedly corrupt business practices and for their role in the enrichment of oligarchs This book which includes a wide range of case study examples and which draws on the author s first hand experience of running a Russian company argues that a key to understanding contemporary Russian business is the importance of arbitrage that is the ability to take advantage of price and cost differentials in different markets The book argues that the conditions for such arbitrage advantages are often created by businesses which have special links to particular institutions that arbitrage benefits are not available to all businesses in a sector thereby providing unfair competitive advantages to some businesses and that businesses overall activities are often distorted by this system The book includes an analysis of a wide range of different types of arbitrage activities in action

[Managerial Forensics](#) J. Mark Munoz,Diana Heeb Bivona,2015-11-17 Managerial forensics is the practice of gathering relevant corporate information for the purpose of analyzing and identifying reasons for managerial obstacles mismanagement bankruptcy and corporate demise This book assembles a cast of leading academic and business experts and shares their views on the best practices in corporate analysis Following the notion that the past offers insights into the future the book

examines the maladies in contemporary business and offers strategies for corporate revival and turnaround
