Medievalism A Reply To Cardinal Mercier:

Medievalism George Tyrrell, 1909 *Medievalism* George Tyrrell, 2023-07-18 In this provocative work George Tyrrell offers a scathing critique of medievalism the movement to revive and promote the culture and values of the Middle Ages With a biting wit and a powerful argument Tyrrell challenges the assumptions and myths that underlie this movement offering a fresh perspective on the relationship between the past and the present This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Medievalism George Tyrrell SJ, 2006-10-01 In his Lenten pastoral letter of 1908 Cardinal Mercier the primate of Belgium attacked Modernism and George Tyrrell as its leading exponent and then distributed it as a pamphlet This volume includes the text of the pastoral letter in English and in French and Tyrrell s response Tyrrell takes on the Cardinal s attack point by point on tradition bishops papal authority heresy Kant Darwin Since you have thought fit to mention me by name in your Lenten Pastoral 1908 as the most typical embodiment of the Modernism which you are there denouncing since you profess to draw your description of that movement from my writings since your Pastoral has received the special commendation of the Holy Father and since you have now chosen to give it the permanent and wider publicity of a brochure you can hardly wonder if I assert the inalienable right of every man to speak in the defence of what he believes to be the truth I am not ashamed of Modernism When you speak of me as the most penetrating observer of contemporary Modernism the man most profoundly imbued with its spirit I should feel flattered were I coxcomb enough to believe myself level with those leaders of the movement whom I follow from whom I have learnt everything and from whom I have yet so much to learn But for Your Eminence Modernism is the deadliest of heresies and heresy the deadliest moral obliquity and of this obliquity you present me first to Belgium and now to the world as the most deeply imbued representative Seeing it was quite necessary I can hardly think it was friendly or even charitable to take such uncalled for action which would have come much better from the Archbishop of Westminster It is in England and not in Belgium that I am known and read from the Introduction
