Miserable Miracle. Mescaline. With Eight Drawings by the Author. (Translated by Louise Varèse.). Henri Michaux, Louise Varèse, 1963 **The French Genealogy of the Beat Generation** Véronique Lane, 2017-10-19 The Francophilia of the Beat circle in the New York of the mid 1940s is well known as is the importance of the Beat Hotel in the Paris of the late 1950s and early 1960s but how exactly did French literature and culture participate in the emergence of the Beat Generation French modernism did much more than inspire its first major writers it materially shaped their works as this comparative study reveals through close textual analysis of William Burroughs Allen Ginsberg and Jack Kerouac s appropriations of French literature and culture Sometimes acknowledged sometimes not their appropriations take multiple forms ranging from allusions invocations and citations to adaptations and translations and they involve a vast array of works including the poetic realist films of Carné and Cocteau the existentialist philosophy of Sartre and the poems and novels of Baudelaire Rimbaud Proust Gide Apollinaire St John Perse Artaud Celine Genet and Michaux While clarifying the extent of Burroughs Ginsberg and Kerouac s engagements with French literature and culture in depth analysis of their textual appropriations emphasises differences in their views of literature philosophy and politics which help us understand the early Beat circle was divided from the start The book s close readings also transform our perception of Burroughs cut up practice Kerouac s spontaneous prose and Ginsberg s poetics of open secrecy Recovering Sanity E Podvoll, 2003-11-11 Recovering Sanity is a compassionately written examination of the experience of psychosis and related mental illnesses By presenting four in depth profiles of illness and recovery Dr Edward Podvoll reveals the brilliance and chaos of the psychotic mind and demonstrates its potential for recovery outside of traditional institutional settings Dr Podvoll counters the conventional thinking that the millions of Americans suffering from psychosis can never fully recover He offers a bold new approach to treatment that involves home care with a specially trained team of practitioners Using basic attendance a treatment technique inspired by the author s study of Buddhist psychology healthcare professionals can use the tools of compassion and awareness to help patients recover their underlying sanity Originally published as The Seduction of Madness this reissue includes new introductory material and two new appendices **Miserable Miracle** Henri Michaux, 1972 *Unselfing* Michaela Hulstyn, 2022-08-31 Altered states of consciousness including experiences of deprivation pain hallucination fear desire alienation and spiritual transcendence can transform the ordinary experience of selfhood Unselfing explores the

nature of disruptive self experiences and the different shapes they have taken in literary writing The book focuses on the tension between rival conceptions of unselfing as either a form of productive self transcendence or a form of alienating self loss Michaela Hulstyn explores the shapes and meanings of unselfing through the framework of the global French literary world encompassing texts by modernist figures in France and Belgium alongside writers from Algeria Rwanda and Morocco Together these diverse texts prompt a re evaluation of the consequences of the loss or the transcendence of the self Through a series of close readings Hulstyn offers a new account of the ethical questions raised by altered states and shows how philosophies of empathy can be tested against and often challenged by literary works Drawing on cognitive science and phenomenology Unselfing provides a new methodology for approaching texts that give shape to the fringes of conscious experience

Henri Michaux Nina Parish, 2007-01-01 Henri Michaux is both a recognised poet and visual artist arguably one of the greatest double artists of the twentieth century This book presents the first detailed examination of a particular interdisciplinary aspect of his production namely the innovative experimentation with signs contained in four works *Mouvements Par la voie des rythmes Saisir* and *Par des traits* Questions arise concerning their literary and visual status as in their attempt to render interior rhythm and dynamism they occupy an interstitial space between writing and drawing between the book and the canvas between the Western alphabet and Chinese characters This study addresses these questions by analysing the conception production and reception of Michaux's signs and the literary and artistic contexts in which they were produced

A Materialist Theory of Justice George Sotiropoulos, 2019-03-13 A Materialist Theory of Justice offers an innovative re-reading of justice that draws from diverse theoretical currents tracing in the process an age-old tradition of critical thought Raising the banner of materialism against idealist conceptions justice is conceived as a multiple process which emerges in the dynamic reproduction and interaction of material bodies Mapping out its presence on non-human fields justice is then shown to attain in human beings the status of a contentious problem and a productive desire which is related to the pursuit of a good life and is also determinative of human history The theorization enlarges the scope of the notion by incorporating a wide spectrum of phenomena from animal forms of sociality and activity to revolution empire civil war up to and including the riots that spread out in the world today In this way the book also manages to extend beyond the disciplinary boundaries of normative political theory within which theories of justice are usually logged and enter a productive discussion with various currents of critical thought
