

A stylized, pixelated illustration of a rocket launch. A large white rocket is positioned vertically in the center, with the text 'SELF DEVELOPMENT SERIES' written on its side. The rocket is surrounded by stylized, pixelated mountains in various shades of gray and white. The sky is a light gray with several pixelated clouds. In the foreground, there are several black arrows of varying heights pointing upwards, some with circular targets at their tips. The overall aesthetic is reminiscent of early computer graphics or video game art.

Lost in the new economy jungle Here at last is a step by step guide to lead you through this maze Written in a straight forward style Personal Finance the third volume of a four part New Economy Self Development Series is destined to play an increasingly pivotal role in your life in the coming years as having a firm foundation in the basics of personal finances will help you withstand the vagaries of a volatile and rapidly changing world With this volume you will have all the necessary tips and tools that you ll need to get started on this adventurous lifelong journey The aim here is not to inundate you with tons of data but simply to whet your appetite so you ll want to proceed to the next course with relish and maybe even decide to take the first step by getting organized Although part of a series each of the four guides is a complete entity by itself and can be read separately or chronologically Even the chapters are self contained so they can be treated like individual articles in a magazine The choice then is entirely up to the reader s own interest at any particular point in time Although written especially for young adults these books will also be of interest to parents teachers and more seasoned workers who have been forced into redundancy or early retirement      *The New Economy* Laurence Gronlund,1907      **No B.S.
