New Folk Music

Gillian Mitchell

New Folk Music:

Discovering Folk Music Stephanie P. Ledgin, 2010-02-09 From Ani DiFranco to Bob Dylan to Woodie Guthrie American folk music comprises a truly diverse and rich tradition one that is almost impossible to define in broad terms This book explains why folk music is still highly relevant in the digital age From indigenous music to Pete Seeger and Bruce Springsteen singing This Land Is Your Land side by side at the pre inaugural concert for our first African American president folk music has been at the center of America's history Thomas Jefferson wooed his bride to be with fiddle playing Stephen Foster captured the mood of our country in transition The Carter Family adapted music from across the pond to Appalachia Paul Robeson carried folk music of many lands to the world stage Woody Guthrie's dust bowl ballads spoke to the common man while Sixties protest music put folk on the map following the Kingston Trio's hit Tom Dooley Folk music has evolved with America's changing landscape celebrating its multi cultural traditions From Irish step dancers to rap parlor songs to Dixieland blues to classical Discovering Folk Music presents the genre as surprisingly diverse every bit the product of our national melting pot Demonstrating continuing relevance of folk music in our everyday lives the book spotlights an amazing array of personalities with special emphasis on the folk revival era when Dylan Baez Odetta and Peter Paul and Mary sang out These and others influenced such contemporary performers as Shawn Colvin and Ani DiFranco Those on today's fringes of folk scene continue to look to these deep roots while embracing alternative sounds Included are interviews with such legendary artists as Janis Ian Tom Paxton and Jean Ritchie Nora Guthrie Woody's daughter also weighs in Discovering Folk Music is a ground breaking look at 21st century folk music in our rapidly changing digital world family friendly while ripe for rediscovery by the Woodstock generation *The New Folk Music* Craig Harris, 1991

The North American Folk Music Revival: Nation and Identity in the United States and Canada, 1945-1980 Gillian Mitchell, 2016-02-17 This work represents the first comparative study of the folk revival movement in Anglophone Canada and the United States and combines this with discussion of the way folk music intersected with and was structured by conceptions of national affinity and national identity Based on original archival research carried out principally in Toronto Washington and Ottawa it is a thematic rather than general study of the movement which has been influenced by various academic disciplines including history musicology and folklore Dr Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of the folk folklore and folk music since the nineteenth century and how that idea has been applied in the North American context before going on to examine links forged by folksong collectors artists and musicians between folk music and national identity during the early twentieth century With the boom of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive pluralistic and eclectic It was a vision which proved compatible with both Canada and America enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus It was also closely linked to the idealism of the

grassroots political movements of the early 1960s such as integrationist civil rights and the early student movement After 1965 this inclusive vision of nation in folk music began to wane While the celebrations of the Centennial in Canada led to a re emphasis on the Canadianness of Canadian folk music the turbulent events in the United States led many ex revivalists to turn away from politics and embrace new identities as introspective singer songwriters Many of those who remained interested in traditional folk music styles such as Celtic or Klezmer music tended to be very insular and conservative in their approach rather than linking their chosen genre to a wider world of folk music however more recent attempts at fusion or world music suggest a return to the eclectic spirit of the 1960s folk revival Thus from 1945 to 1980 folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity Students will find the book useful as an introduction not only to key themes in the folk revival but also to concepts in the study of national identity and to topics in American and Canadian cultural history Academic specialists will encounter an alternative perspective from the more general broad approach offered by earlier histories of the folk revival movement "The Music of American Folk Song" and Selected Other Writings on American Folk Music Ruth Crawford Seeger, Larry Polansky, 2001 This is the first publication of an annotated monograph by the noted composer and folksong scholar Ruth Crawford Seeger Originally written as a foreword for the 1940 book *Our Singing Country* it was considered too long and was replaced by a much shorter version According to her stepson Pete Seeger when the original was not included Ruth suffered one of the biggest disappointments of the last ten years of her life It just killed her She was trying to analyze the whole style and problem of performing this music Along with her children Mike and Peggy Seeger he has long desired to see this work in print as it was meant to be read The manuscript has been edited from several varying sources by Larry Polansky with the assistance of Seeger's biographer Judith Tick It is divided into two sections I A Note on Transcription and II Notes on the Songs and on Manners of Singing Seeger examines all aspects of the relationship between singer song notation the eventual performer and the transcriber In Section I Seeger develops a complex and well organized system of notation for these songs which is meant to be both descriptive transcription as cultural preservation and prescriptive she intended that others would be able to perform these songs In Section II she provides an interpretive theory for performance of this music and suggests how performers might make the songs their own through a deep knowledge of the original styles Ruth Crawford Seeger considered this work to be both a major accomplishment and a central statement of her own ideas on the topic Larry Polansky is Associate Professor of Music at Dartmouth College and a well known composer and theorist on American music Judith Tick is Professor of Music at Northeastern University and author of the first major biography of Ruth Crawford Seeger Newly Composed Folk Music of Yugoslavia Ljerka V. Rasmussen, 2013-07-23 In Western political discourse Yugoslavia was frequently referred to as a buffer zone its independence from the Soviet bloc being the single most salient factor making it politically atypical Another enduring metaphor that of a crossroads between East and West was often invoked to describe

Yugoslavia's heterogeneous culture owing as much to its geographic position in central southeast Europe as to its multinational makeup. Yet if not solely for its socialist brand of communism, the Balkan Slavic identity of Yugoslavia's traditional culture shaped the perception of the country as a part of the east European cultural bloc. Like other cultures on the map of Slavic traditions, Yugoslavia presented the casual observer with a colorful variety of village music, ethnic customs, and a proliferating national folklore engendered in festival re-enactments of rural life. Rapid social changes following World War II profoundly affected the country's largely rural-based culture. Despite enormous evidence of vanishing historic practices, the music rooted in the socioeconomic milieu of peasant society remained the main focus of ethnomusicological research interest. Yugoslavia's contemporary culture, originating in such modern institutions as mass media and the market place, did not receive comparable attention.

Traditional Folk Song in Modern Japan David W. Hughes, 2008-01-31 The study moves from tradition to modernity, explores a range of topics such as song life in the traditional village, rural-urban tensions, local min-yo preservation societies, the effects of national and local min-yo contests, the new folk song phenomenon, min-yo and tourism, folk song bars, recruitment of professionals, min-yo's interaction with enka, popular songs, and with Western-derived foku song, the impact of mass mediation, and min-yo's role in maintaining or creating local identity. The book contains a plate section, musical examples, and a compact disc.

The Conscience of the Folk Revival Izzy Young, 2013 Israel G. Izzy Young was the proprietor of the Folklore Center in Greenwich Village from the late 1950s to the early 1970s. The literal center of the New York folk music scene, the Center not only sold records, books, and guitar strings but served as a concert hall, meeting spot, and information kiosk for all folk scene events. Among Young's first customers was Harry Belafonte; among his regular visitors were Alan Lomax and Pete Seeger. Shortly after his arrival in New York City in 1961, an unknown Bob Dylan banged away at songs on Young's typewriter. Young would also stage Dylan's first concert, as well as shows by Joni Mitchell, the Fugs, Emmylou Harris, and Tim Buckley, Doc Watson, Son House, and Mississippi John Hurt. *The Conscience of the Folk Revival: The Writings of Israel Izzy Young* collects Young's writing from his regular column "Frets and Frails for Sing Out Magazine" (1959-1969) to his commentaries on such contentious issues as copyright and commercialism. Also included are his personal recollections of seminal figures from Bob Dylan and Alan Lomax to Harry Smith and Woody Guthrie; this collection removes the rose-tinting of past memoirs by offering Young's detailed day-by-day accounts. A key collection of primary sources on the American countercultural scene in New York City, this work will interest not only folk music fans but students and scholars of American social and cultural history.

Paul Clayton and the Folksong Revival Bob Coltman, 2008-09-05 Paul Clayton and the Folksong Revival is the first biography of the folk singer and song collector Paul Clayton (1931-1967). Preeminently a scholar-balladeer, Clayton is credited with the Top Ten hit "Gotta Travel On" and single-handedly brought hundreds of obscure folksongs to light.

Words, Music and Propaganda Tjaša Mohar, Victor Kennedy, 2023-12-20 Music is used to sell everything from cars to political candidates. How can words and melody so successfully manipulate us? This volume

provides answers by examining the ways in which music of various genres including folk popular music rock and rap is used to protest and to promote structures of political commercial and religious authority Students teachers musicians historians policy makers and fans of music and popular culture will find answers to questions such as How does music help to build national identity foster a sense of patriotism and reflect changes in society What role did music play in building socialism in Czechoslovakia and in Belarus 2020 democratic movement What are the most important features of Ukrainian songs of resistance The book highlights the role of music in the feminist movement by analysing the Riot Grrrl movement and the history of Olivia Records as well as the use of music as propaganda in the education system and as purity propaganda in religion Two chapters focus on famous American protest singers Woody Guthrie and Phil Ochs and one highlights an ex socialist society s response to David Bowie s music

Bela Bartók Studies in Ethnomusicology Béla Bartók, 1997-01-01

Composer folklorist and performer Béla Bartók 1881-1945 is internationally renowned as one of the most important and influential musicians of the twentieth century Throughout his life he wrote lectures and essays that dealt with virtually every aspect of East European folk music Many of those essays previously scattered in specialist journals in four different languages are collected here for the first time All are concerned with that branch of musicology within which Bartók was most influential and for which he is best known research into folk music or ethnomusicology The volume includes a preface by editor Benjamin Suchoff a leading expert on Bartók s music and writings Suchoff examines Bartók s developing views on the folk music traditions of Hungary Romania Slovakia and the Arab world

Yeah, reviewing a ebook **New Folk Music** could grow your near contacts listings. This is just one of the solutions for you to be successful. As understood, feat does not suggest that you have astounding points.

Comprehending as well as deal even more than supplementary will meet the expense of each success. neighboring to, the statement as skillfully as keenness of this New Folk Music can be taken as competently as picked to act.
