New Grove Bach Family

George B. Stauffer

New Grove Bach Family:

The New Grove Bach Family Christoph Wolff, Walter Emery, Richard Jones, Eugene Helm, Ellwood Derr, Ernest Warburton, 1983 Traces the life and discusses the compositions of Johann Sebastian Bach and the other musician members of his family

The New Grove Bach Family, 1980

An ^AIntroduction to Bach Studies Daniel R. Melamed, Michael Marissen, 1998-04-30 This volume is a guide to the resources and materials of Bach scholarship both for the non specialist wondering where to begin in the enormous literature on J S Bach and for the Bach specialist looking for a convenient and up to date survey of the field It describes the tools of Bach research and how to use them and suggests how to get started in Bach research by describing the principal areas of research and citing the essential literature on each piece and topic The authors emphasize the issues that have engaged Bach scholars for generations focusing on particularly important writings on recent literature on overviews collections of essays and handbooks and on writings in English Subjects covered include bibliographic tools of Bach research and sources of literature Bach s family Bach biographies places Bach lived and worked Bach s teaching the liturgy Bach source studies and the transmission of his music repertory and editions genres and individual vocal and instrumental works performance practice the reception and analysis of Bach s music and many others The book also offers explanations of important and potentially confusing topics in Bach research such as the organization of the annual cantata cycles pitch standards the history of the Berlin libraries the structure of the critical commentary volumes in the Neue Bach Ausgabe and so on This book opens up the rich world of Bach scholarship to students teachers performers and listeners

[The Worlds of Johann Sebastian Bach](#) Raymond Erickson, 2009-03 Amadeus The Worlds of J S Bach offers both traditional and new perspectives on the life and work of the man who is arguably the central figure in the Western musical tradition It appears at a time when because of the fall of the Iron Curtain extraordinary new discoveries are being made about Bach and his family at an increasing rate thus this book is able to incorporate important information and images not available even in the recent anniversary year of 2000 After making the case for the universality of Bach s art as an epitome of Western civilization The Worlds of J S Bach considers in broad terms the composer s social political and artistic environment its influence on him and his interaction with it Renowned specialists in history religion architecture literature theater and dance offer the perspectives of these disciplines as they relate to Bach s milieu while leading Bach specialists from both the U S and Germany focus on the man himself The book is an outgrowth of the celebrated Boston Globe multidisciplinary Academies sponsored by the Aston Magna Foundation for Music and the Humanities with support from the National Endowment for the Humanities

Bach Perspectives, Volume 1 Russell Stinson, 2025-01-21 Launched in 1995 Bach Perspectives has become the premier English language serial book series dedicated to cutting edge Bach scholarship The University of Illinois Press now offers the first four volumes in open access editions available for free to all interested readers In Volume One Bach scholar Russell Stinson edits essays from Stephen A Crist Michael Marissen David Schulenberg

and other experts Topics range from issues of composition and improvisation to works like the Orgelbüchlein and the First Brandenburg Concerto Contributors James A. Brokaw II, Eric T. Chafe, Stephen A. Crist, Michael Marissen, David Schulenberg and Russell Stinson

C.P.E. Bach Doris Powers, 2002-04-19 Although he is the son of J. S. Bach, C. P. E. Bach is an important composer in his own right. This long-awaited annotated bibliography presents a complete listing of the works of C. P. E. Bach. This volume in the Routledge Music Bibliographies series includes many different aspects of his work: the editing of his father's masterpieces, his concert

The Cantatas of J. S. Bach Alfred Dürr, 2005 This is the only English translation of this important book by the world's most distinguished Bach scholar. This work is widely regarded as the most authoritative and comprehensive treatment of the Bach cantatas. It begins with a historical survey of the seventeenth-century background to the cantatas and performance practice issues. The core of the book is a work-by-work study in which each cantata in turn is represented by its libretto, a synopsis of its movements, and a detailed analytical commentary. This format makes it extremely useful as a reference work for anyone listening to, performing in, or studying any of the Bach cantatas. All the cantata librettos are given in German/English parallel text. For the English edition, the text has been carefully revised to bring it up to date, taking account of recent Bach scholarship

Bach, the Mass in B Minor George B. Stauffer, 2003-01-01 In this book, George B. Stauffer explores the music and complex history of Bach's last and possibly greatest masterpiece. Stauffer examines the B Minor Mass in greater detail than ever before, demonstrating for the first time Bach's reliance on contemporary models from the Dresden Mass repertory and his brilliantly innovative methods of unifying his immense composition. Musicians, music scholars, students, and music lovers will find in this engagingly written book a wealth of information about Bach's extraordinary choral work. Stauffer surveys the roots of the Mass Ordinary text and its treatment in settings known to Bach. He looks at the events that led to the writing of the B Minor Mass and places the work within the context of the composer's late style. In three deeply informed chapters, Stauffer considers the individual sections of the Mass: the Kyrie and Gloria, the Credo, and the Sanctus and Agnus Dei. The book also traces the history of the work after Bach's death, addresses specific issues of performance practice, and investigates the qualities that give the B Minor Mass its universal appeal

Reader's Guide to Music Murray Stein, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single-volume guide to the ever-increasing number of English-language book-length studies in music. Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic. The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked, from early chant to rock and roll, and topics important to the various disciplines of music scholarship, from aesthetics to gay/lesbian musicology

Genealogies Cataloged by the Library of Congress Since 1986 Library of Congress, 1991 The bibliographic holdings of family histories at the Library of Congress. Entries are arranged alphabetically by the works of those involved in genealogy and also items available through the Library of Congress.

The Enigmatic Realm of **New Grove Bach Family**: Unleashing the Language is Inner Magic
