Hunting the Collectors Susan Cochrane, Max Quanchi, 2014-11-10 This volume investigates Pacific collections held in Australian museums art galleries and archives and the diverse group of 19th and 20th century collectors responsible for their acquisition The nineteen essays reveal varied personal and institutional motivations that eventually led to the conservation preservation and exhibition in Australia of a remarkable archive of Pacific Island material objects art and crafts photographs and documents *Hunting the Collectors* benchmarks the importance of Pacific Collections in Australia and is a timely contribution to the worldwide renaissance of interest in Oceanic arts and cultures The essays suggest that the custodial role is not fixed and immutable but fluctuates with the perceived importance of the collection which in turn fluctuates with the level of national interest in the Pacific neighbourhood This cyclical rise and fall of Australian interest in the Pacific Islands means many of the valuable early collections in state and later national repositories and institutions have been rarely exhibited or published But as the authors note enthusiastic museum anthropologists curators collection managers and university based scholars across Australia and worldwide have persisted with research on material collected in the Pacific This volume is a very important one for anyone studying the art and material culture of the Pacific It focuses on collections now in Australia Even those well versed in museum collections from the Pacific will learn about many important but little known collectors as well as better known figures like the anthropologists F. E. Williams and

Thomas Farrell the husband of Queen Emma This will be a treat for students and specialist alike Professor Robert L Welsch University of Dartmouth

MacArthur's Coalition Peter J. Dean,2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur s Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean s work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the practicalities of fighting a fanatical enemy in some of the most inhospitable terrain in the war his book shows how despite these divides and MacArthur s difficult personality the US Australian coalition was able to forge a highly effective and ultimately triumphant fighting machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline commanders and units in forging a successful fighting force MacArthur s Coalition illuminates a critical aspect of the Allied victory in World War II

Devil Boats C.J. Skamarakas,2023-03-01 PT boats loom large in the popular imagination of World War II In March 1942 a PT boat evacuated Gen Douglas MacArthur his family and top staff from the Philippines which inspired the war movie They Were Expendable directed by John Ford and starring John Wayne John F Kennedy became a war hero while commanding PT 109 which collided with a Japanese destroyer and was sunk in August 1943 But the story of PT boats has never been told in the depth and detail that their exemplary service deserves

Naval historian C J Skamarakas uses one Pacific PT boat squadron to tell the story of PT boats in action in World War II. Eighty feet long, PT boats were designed to launch torpedoes against enemy ships five and ten times their own size. But defects in the torpedoes and the boats' speed and maneuverability ultimately shifted the boats' mission to patrolling and breaking up Japanese shipping and reinforcements in the waters of the Southwest Pacific as part of MacArthur's offensives in New Guinea and the Philippines. Motor Torpedo Boat Squadron 25 completed these missions and also executed other operations for which they weren't specifically trained, including inserting commandos behind enemy lines, air-sea rescue, raids on enemy positions, reconnaissance of potential sites for amphibious landings, coordination of air strikes in support of ground forces, meetings with guerrilla leaders, recovery of prisoners of war, diversionary activities, and psychological operations. Today we would call many of their missions special ops. The Japanese called PT boats mosquitoes and devil boats. *The Devil Boats* recounts the unique contributions of one motor torpedo boat squadron and through it tells the story of PT boats in the Pacific War. With drama and excitement as well as careful attention to detail, the book fills a void in the history of the U.S. Navy in World War II.
