To Look Like America Katherine C. Naff, 2018-03-05 *To Look Like America* is designed to contribute a unique perspective to those interested in the challenges presented to public sector organizations particularly in the federal sector by an increasingly diverse workforce Current projections are that the American workforce will become more and more diverse over the next decade forcing employers to respond to real or perceived barriers to the participation and advancement of women and minorities in their organizations This book provides a means for identifying and taking steps to dismantle such barriers It shows how empirical measures can identify the extent to which such barriers exist The measures are applied to a broad cross section of the federal civil service through the use of employment focus group and interview data as well as responses to surveys administered to representative samples of federal employees The analysis examines the consequences that result when barriers are left unaddressed and concludes with an assessment of interventions that can be effective in dismantling barriers and promoting true participation

Diversity's Promise for Higher Education Daryl G. Smith, 2020-08-11 Building sustainable diversity in higher education isn't just the right thing to do it is an imperative for institutional excellence and for a pluralistic society that works Updated Edition Daryl G. Smith has devoted her career to studying and fostering diversity in higher education In *Diversity's Promise for Higher Education* Smith brings together research from a wide variety of fields to propose a set of clear and realistic practices that will help colleges and universities locate diversity as a strategic imperative and pursue diversity efforts that are inclusive of the varied and growing issues apparent on campuses without losing focus on the critical unfinished business of the past To become more relevant to society the nation and the world while remaining true to their core missions colleges and universities must continue to see diversity like technology as central not parallel to their work Indeed looking at the relatively slow progress for change in many areas Smith suggests that seeing diversity as an imperative for an institution's individual mission and not just as a value is the necessary lever for real institutional change Furthermore achieving excellence in a diverse society requires increasing institutional capacity for diversity working to understand how diversity is tied to better leadership positive change research in virtually every field student success accountability and more equitable hiring practices In this edition which is aimed at

administrators faculty researchers and students of higher education Smith emphasizes a transdisciplinary approach to the topic of diversity drawing on an updated list of sources from a wealth of literatures and fields The tables and figures have been refreshed to include data on faculty diversity over a twenty year period and the book includes new information about gender identity embedded bias student success the growing role of chief diversity officers the international emergence of diversity issues faculty hiring and important metrics for monitoring progress Drawing on forty years of diversity studies this third edition also includes more examples of how diversity is core to institutional excellence academic achievement and leadership development updates issues of language examines the current climate of race based campus protest addresses the complexity of identity and explains how to attend to the growing kinds of identities relevant to diversity equity and inclusion while not overshadowing the unfinished business of race class and gender
